4.1—RESIDENCE REQUIREMENTS

Definitions:

“In loco parentis” means relating to the responsibility to undertake the care and control of another person in the absence of:

1. Supervision by the person's parent or legal guardian; and
2. Formal legal approval.

“Reside” means to be physically present and to maintain a permanent place of abode for an average of no fewer than four (4) calendar days and nights per week for a primary purpose other than school attendance.

“Resident” means a student whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside in the school district.

“Residential address” means the physical location where the student’s parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis reside. A student may use the residential address of a parent, legal guardian, person having lawful control of the student or person standing in loco parentis only if the student resides at the same residential address and if the guardianship or other legal authority is not granted solely for educational needs or school attendance purposes.

The schools of the District shall be open and free through the completion of the secondary program to all persons between the ages of five (5) and twenty one (21) years whose parents, legal guardians, persons having lawful control of the student, or person standing in loco parentis reside within the District¹ and to all persons between those ages who have been legally transferred to the District for educational purposes.

Any person eighteen (18) years of age or older may establish a residence separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis for school attendance purposes.

In order for a person under the age of eighteen (18) years to establish a residence for the purpose of attending the District’s schools separate and apart from his or her parent, legal guardian, person having lawful control of the student, or a person standing in loco parentis, the student is required to reside in the District for a primary purpose other than that of school attendance; however, a student previously enrolled in the district whose parents move the student into another district or who is placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty may continue to attend district schools.² A foster child who was previously enrolled in a District school and who has had a change in placement to a residence outside the District, may continue to remain enrolled in his/her current school unless the presiding court rules otherwise.³

Under instances prescribed in A.C.A. § 6-18-203, a child or ward of an employee of the district or of the education coop to which the district belongs may enroll in the district even though the employee and the employee’s child or ward reside outside the district.⁴

Children whose parent or legal guardian relocates within the state due to a mobilization, deployment, or available military housing while on active duty in or serving in the reserve component of a branch of the United States Armed Forces or National Guard may continue attending school in the school district the children were attending prior to the relocation or attend school in the school district where the children have relocated. A child may complete all remaining school years at the enrolled school district regardless of mobilization, deployment, or military status of the parent or guardian.

Notes: ¹ Residency requirements of homeless students is governed by policy 4.40—HOMELESS STUDENTS. Residency requirements governing foster children are governed by policy 4.52—STUDENTS WHO ARE FOSTER CHILDREN. If a student's primary residence is on an undivided tract of land that is located partially in one (1) school district and partially in another school district or the student's principal place of residence is located partially in one (1) school district and partially in another school district, then the student shall be eligible to attend the school in either of the school districts in which the tract of land or principal place of residence is located regardless of the location of the home on the property.

² The Interstate Compact on Educational Opportunity for Military Children and the ARKANSAS MILITARY CHILD SCHOOL TRANSITIONS ACT OF 2021 are the sources for this sentence. It is codified at A.C.A. § 6-4-302 and 6-28-108. The language allowing any student who moves from one district into another district to continue to attend the original district comes from A.C.A. § 6-18-203.

³ This is a provision of A.C.A. § 9-28-113(a) and (b).

⁴ Rather than duplicate the law on the attendance of children of employees who reside outside of the district into the policy which would make for a long policy affecting a relatively small number of students, we suggest you consult A.C.A. § 6-18-203 and have a copy handy for affected employees or potential employees.

Home school students enrolling or re-enrolling as a public school student shall be placed in accordance with policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.³
4. In accordance with Policy 4.57—IMMUNIZATIONS, the child shall be age appropriately immunized or have an exemption issued by the Arkansas Department of Health.

Uniformed Services Member's Children

For the purposes of this policy:

“Activated reserve components” means members of the reserve component of the uniformed services who have received a notice of intent to deploy or mobilize under Title 10 of the United States Code, Title 32 of the United States Code, or state mobilization to active duty.

“Active duty”⁴ means full-time duty status in the active, uniformed services of the United States, including without limitation members of The National Guard and Reserve on active duty orders under 10 U.S.C. chapters 1209 and 1211 or 42 U.S.C. § 204.

“Deployment” means a period of time extending from six (6) months before a member of the uniformed services' departure from their home station on military orders through six (6) months after return to the Uniformed Services member's home station.

"Dual status military technician" means a federal civilian employee who is:

- a. Employed under 5 U.S.C. § 3101 or 32 U.S.C. § 709(b);
- b. Required as a condition of employment to maintain membership in the Selected Reserve; and
- c. Assigned to a civilian position as a technician in the organizing, administering, instructing, or training of the Selected Reserve or in the maintenance and repair of supplies or equipment issued to the Selected Reserve of the United States Armed Forces.

“Eligible child” means the children of:

- Active duty members of the uniformed services;
- Members of the active and activated reserve components of the uniformed services;
- Veterans of the uniformed services who are injured in the line of duty and medically separated or retired;
- Members of the uniformed services who die on active duty or as a result of injuries sustained on active duty;
- Dual status military technicians; and
- Traditional members of the National Guard and reserve components of the armed forces who are relocating to the state for employment or to serve as a member of an Arkansas-based reserve component unit.

"Traditional member of the National Guard or federal reserves" means an active member of the Selected Reserve subject to mobilization and deployment for which the member attends monthly and annual training periods.

“Transition” means the:

- Formal and physical process of transitioning from public school to public school; or
- Period of time in which a student moves from a sending district to a receiving district.

“Uniformed services”⁴ means the United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Space Force, United States Coast Guard, the National Oceanic and Atmospheric Administration Commissioned Officer Corps, the United States Commissioned Corps of the Public Health Services, and the state and federal reserve components of each of these bodies.

“Veteran” means an individual who served in the uniformed services and who was discharged or released from the uniformed services under conditions other than dishonorable.

The superintendent shall designate an individual as the District’s military education coordinator, who shall serve as the primary point of contact for an eligible child and for the eligible child’s parent, legal guardian, person having lawful control of the eligible child, or person standing in loco parentis. The individual the superintendent designates as the District’s military education coordinator shall possess specialized knowledge regarding the educational needs and unique challenges faced by children of uniformed services families.⁵

An eligible child as defined in this policy shall:

1. Be allowed to continue the student’s enrollment at the grade level commensurate with the student’s grade level the student was in at the time of transition from the student’s previous school, regardless of age;

2. Be eligible for enrollment in the next highest grade level, regardless of age if the student has satisfactorily completed the prerequisite grade level in the student's previous school;
3. Enter the District's school on the validated level from the student's previous accredited school when transferring into the District after the start of the school year;
4. Be enrolled in courses and programs the same as or similar to the ones the student was enrolled in the student's previous school to the extent that space is available. This does not prohibit the District from performing subsequent evaluations to ensure appropriate placement and continued enrollment of the student in the courses/and/or programs;
5. Be provided services comparable to those the student with disabilities received in the student's previous school based on the student's previous Individualized Education Program (IEP). This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
6. Make reasonable accommodations and modifications to address the needs of an incoming student with disabilities, subject to an existing 504 or Title II Plan, necessary to provide the student with equal access to education. This does not preclude the District school from performing subsequent evaluations to ensure appropriate placement of the student;
7. Be enrolled by an individual who has been given the special power of attorney for the student's guardianship. The individual shall have the power to take all other actions requiring parental participation and/or consent;
8. Be eligible to continue attending District schools if the student has been placed under the legal guardianship of a noncustodial parent living outside the district by a custodial parent on active military duty.

Following the receipt of advanced notice and an enrollment application of an eligible student from a military family, the District shall:

- Provisionally enroll, provide placement for, and enter academic course requests on behalf of the incoming student based on the student's education record provided by the student's family or the sending district;
- Provide the uniformed services family with information regarding:⁶
 - a. Career-ready pathways and other academic or education programs offered;
 - b. Required academic courses for each curriculum and elective course options;
 - c. School and community-sponsored extracurricular activities, including without limitation individual and team sports, clubs, junior reserve officer training corps opportunities, and Purple Star School program ambassadors; and
 - d. Contact information for the designated military family education coordinator and the Purple Star School program military family education facilitator, if applicable; and
 - e. Other relevant information regarding the District.

In the event that official copies of an eligible child's education records are not available at the time the eligible child is transferring, then the District shall:

- Pre-register and place an eligible child based on the eligible child's unofficial education records pending receipt of the eligible child's official records; and
- Request the eligible child's official education records from the sending district.

The District shall not deny the enrollment of a Uniformed Service Member dependent unless the District has reached the maximum student-to-teacher ratio allowed under federal law; state law; the Standards for Accreditation for Public Schools and School Districts; state rules; or other applicable

federal regulations, and the District timely notifies the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis of the lack of capacity.

The District shall notify a prospective student's family in writing regarding whether the student's enrollment has been accepted or rejected within fifteen (15) calendar days of receiving the student's enrollment application and supporting documentation.

To facilitate a smooth transition between the student's previous coursework and the curriculum best suited to ensure educational success in the student's new school, the District may enroll an inbound transitioning eligible student in digital coursework, if available, at the request of the military family.

The District may request a waiver from the State Board as necessary to accommodate an eligible student.

International Exchange Students

"Host family" means the individual or family with whom an international exchange student is placed by an international student exchange visitor placement organization under the International Student Exchange Visitor Placement Organization Registration Act, § 6-18-1701 et seq..

"International exchange student" means a student who is placed with a host family by an international student exchange visitor placement organization under the International Student Exchange Visitor Placement Organization Registration Act, § 6-18-1701 et seq.

Before an international exchange student may attend a District school, the District requires all international student exchange visitor placement organizations that are placing international exchange students within the District to:

- Be certified by the Council on Standards for International Educational Travel;
- Provide documented proof of the international exchange student's English proficiency; and
- Notify the District at least three (3) weeks before the beginning of the academic semester the international exchange student plans to enroll in the District.

The District shall admit for enrollment and attendance an international exchange student who has been placed with a host family who resides within the District boundaries. The international exchange student shall attend the school in the District based on the attendance zone where the host family resides.⁶

Upon an international exchange student's arrival, the international exchange student may be required to submit to quarantine to prevent the spread of infectious diseases as may be necessary, which shall not exceed seven (7) days unless otherwise recommended by the Arkansas Department of Health or the Centers for Disease Control and Prevention.

International exchange students are expected to follow the District handbook and student code of conduct as the District has the authority to expel a student for violations of the school district's written student discipline policies or if the international exchange student presents a danger to the District's students or employees.

Statewide assessment results achieved by an international exchange student enrolled in the District shall be included in the District's results on the statewide assessments.⁷

The District shall provide English-language services to international exchange students as necessary.⁸

Notes: ¹ The US Supreme Court has held that public schools may not use immigration status as a criterion for admitting and educating students.

² A.C.A. § 9-28-113 requires schools to "immediately" enroll foster children whether or not they produce "required clothing or required records" noted in #2 and #4. ASBA does not believe this means schools are required to admit students currently under expulsion from their previous school. See policies 4.4 and 4.5.

³ A.C.A. § 6-18-510 requires that districts adopt this policy language, or similar, **AND** provide a hearing before the board for the student seeking to enroll in the district while currently serving an expulsion from another district in order for the district to exclude the student until the expiration of the student's expulsion. Districts who do not include this policy language, or similar, **AND** provide the hearing before the board may **NOT** prohibit the enrollment of a student who is currently serving an expulsion from another district.

⁴ A.C.A. § 6-4-302 and 6-28-104 define both "uniformed services" and "active duty." Consult the statutes to determine if the student wishing to enroll in your district qualifies under the definitions.

⁵ All districts are required to appoint a military liaison, and DESE must be notified annually by September 15 of the appointment. In addition to other duties, the military liaison is also responsible to serve as a navigator for uniformed services families by:

- Connecting the uniformed services families to appropriate public school resources; and
- Connecting families with other uniformed services families in the public school upon request.

⁶ A.C.A. § 6-28-108 allows districts to provide this information directly to the military family or it can be placed on the district website on a page titled "Military Families". A.C.A. § 6-28-301 requires the information to be placed on the "Military Families" page on the district website if the district has twenty (20) or more dependents of Uniformed Service Members enrolled in the district or a general student body of three thousand (3,000) or more.

⁶⁷ While A.C.A. § 6-18-234(c)(3) allows a district to limit the number of exchange students that the district is required to admit to a single school to one (1) exchange student for every fifty (50) traditional students enrolled in the school, we have not included such limiting language as we believe that to do so violates the intent that the public schools are open to all students between the ages of five (5) and twenty-one (21) who lawfully reside within the district.

⁸ You are not required to include exchange student statewide assessment scores in your district results. The law requires that if you include or exclude exchange student assessment results to be done as a group rather than on an individual student basis.

⁹ While A.C.A. § 6-18-235 states that districts are allowed to opt-out of providing English language services, DESE believes that this is in violation of Federal law. As such, we cannot recommend districts rely on the opt-out provisions in the statute in order

4.3—COMPULSORY ATTENDANCE REQUIREMENTS

Every parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of any child age five (5) through seventeen (17) years on or before August 1 of that year who resides, as defined by policy (4.1—RESIDENCE REQUIREMENTS), within the District shall enroll the child and ensure the attendance of the child at a District school with the following exceptions:

1. The child is enrolled in private or parochial school.
2. The child is being home-schooled and the conditions of policy (4.6—HOME SCHOOLING) have been met.

3. The child will not be age six (6) on or before August 1 of that particular school year and the parent, legal guardian, person having lawful control of the child, or person standing in loco parentis of the child elects not to have the child attend kindergarten. A kindergarten waiver form prescribed by regulation of the Division of Elementary and Secondary Education must be signed and on file with the District administrative office.
4. The child has received a high school diploma, G.E.D., or its equivalent as determined by the State Board of Education.
5. The child is age sixteen (16) or above and is enrolled in a post-secondary vocational-technical institution, a community college, or a two-year or four-year institution of higher education.
6. The child is age sixteen (16) or seventeen (17) and has met the requirements to enroll in an adult education program as defined by A.C.A. § 6-18-201 (b).

4.4—STUDENT TRANSFERS

Transfer applications received by the District shall be placed on the Board's next meeting agenda.¹ At least five (5) days before the meeting where the transfer application appears on the agenda, the superintendent shall notify the Board regarding:²

- All transfer applications received since the last meeting; and
- The superintendent's recommendation concerning each transfer application.

Each transfer application³ shall be considered individually and receive a separate vote by the Board. The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to a student who submits a transfer application shall be given at least five (5) minutes to present the student's case for a transfer to the Board.

The Board may reject a nonresident's application for admission if its acceptance would necessitate the addition of staff or classrooms; exceed the capacity of a program, class, grade level, or school building; or cause the District to provide educational services not currently provided in the affected school.⁴ The District shall reject applications that would cause it to be out of compliance with applicable laws and regulations regarding desegregation.

If the superintendent intends to recommend the Board deny the transfer application, the superintendent shall provide a written explanation of the reasons for the recommendation to the Board and the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student.

The parent, legal guardian, person having lawful control of a student, or person standing in loco parentis to the student who submitted a transfer application that was rejected may appeal the decision of the Board to the State Board of Education.

Any student transferring from a school accredited by the Division of Elementary and Secondary Education (DESE) to a school in this district shall be placed into the same grade the student would have been in had the student remained at the former school. Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Any student transferring from a school that is not accredited by the DESE to a District school shall be evaluated by District staff to determine the student's appropriate grade placement. A student transferring from home school will be placed in accordance with Policy 4.6—HOME SCHOOLING.

Any person who has been expelled from any other school district shall receive a hearing before the Board at the time the student is seeking enrollment in the District. The Board reserves the right to not allow the enrollment of such students until the time of the person's expulsion has expired following the hearing before the Board.⁵

Except as otherwise required or permitted by law,⁶ the responsibility for transportation of any nonresident student admitted to a school in this District shall be borne by the student or the student's

parents. The District and the resident district may enter into a written agreement with the student or student's parents to provide transportation to or from the District, or both.

Notes: ¹ Applications are required to be placed at the earliest meeting following their receipt, whether that is the next regularly scheduled meeting or a special board meeting

² If the board intends or has adopted a resolution authorizing the superintendent to accept transfer applications on behalf of the board, replace this paragraph and the bullets with the following:

The superintendent is authorized to accept transfer applications on behalf of the Board. At least five (5) days before a school board meeting, the superintendent shall notify the Board regarding:

- *All transfer applications the superintendent has accepted since the last meeting; and*
- *All transfer applications the District has received since the last meeting that the superintendent intends to recommend be denied.*

³ If your board has authorized the superintendent to accept transfer applications on behalf of the district, add "the superintendent intends to recommend for denial" here.

⁴ Your application of "capacity" should be consistent in order to avoid potential exposure to liability for unlawful discrimination against individuals with disabilities. For example, you should not choose to accept a student who requires no special services, but would require you to add an additional elementary teacher, but refuse to accept a student with a disability because it would require you to add an additional special education teacher.

⁵ A.C.A. § 6-18-510 requires that districts adopt this policy language, or similar, **AND** provide a hearing before the board for the student seeking to enroll in the district while currently serving an expulsion from another district in order for the district to exclude the student until the expiration of the student's expulsion. Districts who do not include this policy language, or similar, **AND** provide the hearing before the board may **NOT** prohibit the enrollment of a student who is currently serving an expulsion from another district.

⁶ A.C.A. § 9-28-113(b)(4) encourages districts to arrange for transportation for foster children who have had a change in placement to a new school, but have been kept in their previous school by a DHS or court ruling. The statute's language would permit the change in placement to be in a different district and the policy language would allow the district to arrange for the transportation at district expense.

4.5—SCHOOL CHOICE

Exemption

The District is under an enforceable desegregation court order/court-approved desegregation plan¹ that explicitly limits the transfer of students between school districts and has submitted the appropriate documentation to the Division of Elementary and Secondary Education (DESE).² As a result of the desegregation order/desegregation plan¹, the District is exempt from the provisions of the Public School Choice Act of 2015 (Standard School Choice) and the Arkansas Opportunity Public School Choice Act (Opportunity School Choice). The District shall notify the superintendents of each of its geographically contiguous school districts of its exemption.³ The exemption prohibits the District from accepting any school choice applications from students wishing to transfer into or out of the District through standard School Choice or Opportunity School Choice.⁴

Definitions

“Lack of capacity” means, based on the maximum student to teacher ratio allowed under federal law; state law; the Rules Governing the Standards for Accreditation for Arkansas Public Schools and School Districts; state rules; or other applicable federal regulations, that ninety-five percent (95%) or more of the seats at the grade level in which the student would be assigned at the nonresident school are filled on the date the school choice application is made.

"Sibling" means each of two (2) or more children having a parent in common by blood, adoption, marriage, or foster care.

Standard School Choice

Transfers into or Within the District

Capacity Determination and Public Pronouncement

The Board of Directors will annually adopt a resolution containing the capacity standards for the District. The resolution will contain the acceptance determination criteria identified by academic program, class, grade level, and individual school. The school is not obligated to add any teachers, other staff, or classrooms to accommodate choice applications. The District may only deny a Standard School Choice application if the District or school has a lack of capacity.⁵

The District shall advertise in appropriate broadcast media and either print media or on the internet to inform students and parents in the District and adjoining districts of the range of possible openings available under the School Choice program. The public pronouncements shall state the application deadline; the requirements and procedures for participation in the program; and include contact information for the primary point of contact at the District for school choice questions. Such pronouncements shall be made no later than January 1.⁶

Application Process

The student's parent shall submit a school choice application on a form approved by DESE to:

- This District and the student's resident district for students transferring into the District; or
- Only this District for students transferring to another school within the District.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, the transfer application must be postmarked, emailed, or hand delivered between January 1 and ~~May~~ June 1. The District shall date and time stamp all applications the District receives as both the resident and nonresident district as they are received in the District's central office. Except for applications from students who are transferring under Uniformed Service Member Dependent School Choice, applications postmarked, emailed, or hand delivered on or after June 2 will not be accepted. Statutorily, preference is required to be given to siblings of students who are already enrolled in the District. Therefore, siblings whose applications fit the capacity standards approved by the Board of Directors may be approved ahead of an otherwise qualified non-sibling applicant who submitted an earlier application as identified by the application's date and time stamp.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, no earlier than January 1 of each year, the Superintendent will consider all properly submitted applications for School Choice. By no later than the fifteenth (15th) calendar day following the receipt of an application, the Superintendent shall notify the following, in writing, of the decision to accept or reject the application: For transfers within the District, the student's parent; or

- For transfers into the District, the student's parent and the student's resident district.

Accepted Applications

Applications which fit within the District's stated capacity standards shall be provisionally accepted in writing. A student's acceptance shall be effective on the earlier of:

1. The day the District provides notification to the student of the student's acceptance; or
2. The day the State Board grants an appeal of the student's application.

The written notice of acceptance shall inform the student that the student has ten (10) school days⁷ from when the notice is received to either:

- A. Enroll in the district or in the other District school; or
- B. Inform the district that the student intends to enroll in the district or the other District school at the start of the next school year.

The acceptance shall be null and void if the student fails to enroll within the ten (10) school day period or fails to inform the district within the ten (10) school day period of the student's intent to transfer at the start of the next school year.⁷

A student, whose application has been accepted and who has enrolled in the District or in another District school, is eligible to continue enrollment until completing the student's secondary education. Continued enrollment is conditioned upon the student meeting applicable statutory and District policy requirements. Any student who has been accepted under choice and who fails to initially enroll under the timelines and provisions provided in this policy; chooses to return to the student's resident district or assigned school; or enrolls in a home school or private school voids the transfer and must reapply if, in the future, the student seeks another school choice transfer. A subsequent transfer application will be subject to the capacity standards applicable to the year in which the application is considered by the District.

A present or future sibling of a student who continues enrollment in this District may enroll in the District by submitting a Standard School Choice application. Applications of siblings of presently enrolled choice students are subject to the provisions of this policy including the capacity standards applicable to the year in which the sibling's application is considered by the District. A sibling who

enrolls in the District through Standard School Choice is eligible to remain in the District until completion of the student's secondary education.

Students whose applications have been accepted and who have enrolled in the district or another District school shall not be discriminated against on the basis of gender, national origin, race, ethnicity, religion, ~~or~~ disability, or residential address.

Rejected Applications

The District may reject an application for a transfer into or within the District under Standard School Choice due to a lack of capacity. The District shall use the date and time stamp the District placed on a student's application to determine when the District has reached capacity. A student's application shall be used to determine capacity regardless of whether the student intends to transfer immediately or at the start of the next school year.

The decision to accept or reject an application shall not be based on the student's previous academic achievement; athletic or other extracurricular ability; English proficiency level; or previous disciplinary proceedings other than a current expulsion.⁸

An application may be provisionally rejected if it is for an opening that was included in the District's capacity resolution, but was provisionally filled by an earlier applicant. A provisionally rejected applicant could be provisionally approved and would have to meet the acceptance requirements to be eligible to enroll in the District or another district school if: A provisionally approved applicant subsequently does not enroll in the District;

- A provisionally approved applicant subsequently does not enroll in the District school the District student was seeking to transfer to; or
- A District student submits a school choice application to transfer to another district or another school within the District.

The superintendent shall notify the previously provisionally rejected student within fifteen (15) days of the change in status and shall provide notice of all final rejections by July 1.

Rejection of applications shall be in writing and shall state the reason(s) for the rejection. Unless the student's application was rejected due to the application not being timely received by the student's resident district only for transfers within the District or both the resident and nonresident districts for transfers into the District or another district, a student whose application was rejected may request a hearing before the State Board of Education to reconsider the application. The request for a hearing must be submitted in writing to the State Board within ten (10) days of receiving the rejection letter from the District.

Transfers Out of the District

All Standard School Choice applications for transfers out of the District shall be granted.

Annual Reporting

The District shall report annually to the Secretary of the Department of Education:

- The number of transfer applications received;
- The number of applications accepted;

- The number of applications rejected; and
- The reason(s) for each rejection.

Facilities Distress School Choice Applications

There are a few exceptions from the provisions of the rest of this policy that govern choice transfers triggered by facilities distress. Any student attending a school district that has been identified as being in facilities distress may transfer under the provisions of this policy, but with the following four (4) differences:

- The receiving district cannot be in facilities distress;
- The transfer is only available for the duration of the time the student's resident district remains in facilities distress;
- The student is not required to meet the June 1 application deadline; and
- The student's resident district is responsible for the cost of transporting the student to this District's school.

Opportunity School Choice

Transfers Into or Within the District⁹

Unless there is a lack of capacity⁵ at the District's school or the transfer conflicts with the provisions of a federal desegregation order applicable to the District, a student may transfer from the student's assigned school to another school in the District⁹ or from the student's resident district into the District if:

- Either:
 - The student's resident district has been classified by the state board as in need of Level 5 — intensive support; or
 - The student's assigned school has a rating of "F"; and
- Except for students who are transferring under Uniformed Service Member Dependents School Choice, the student's parent, guardian, or the student if the student is over eighteen (18) years of age has submitted an application of the student's request to transfer by no earlier than January 1 and no later than June 1 of the school year before the school year the student intends to transfer to the District for students transferring within the District or both the sending and receiving school districts for students that are transferring into the District.

Except for students who are transferring under Uniformed Service Members Dependent School Choice or seeking to transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, and the student's resident district whether the Opportunity School Choice application has been accepted or rejected by no later than July 1 of the school year the student is seeking to enroll. If the student is seeking a transfer within the District, the Superintendent shall notify in writing the parent or guardian, or the student if the student is over eighteen (18) years of age, whether the Opportunity School Choice application has been accepted or rejected within fifteen (15) days from receipt of the student's application. The notification shall be sent via First-Class Mail to the address on the application.

If the application is accepted, the notification letter shall state the deadline by which the student must enroll in the receiving school or the transfer will be null and void.

If the District rejects the application, the District shall state in the notification letter the specific reasons for the rejection.¹⁰ Unless the student's application was rejected due to the application not being timely received by the District for students transferring within the District or both the resident and nonresident districts for students that are transferring into the District, a parent or guardian, or the student if the student is over eighteen (18) years of age, may appeal the District's decision to deny the application to the State Board of Education. The appeal must be in writing to the State Board of Education via hand delivery or certified mail, return receipt requested, no later than ten (10) calendar days, excluding weekends and legal holidays, after the notice of rejection was received from the District.

Except for students who are transferring under Uniformed Service Member Dependent School Choice, a student's transfer under Opportunity School choice is effective at the beginning of the next school year and the student's enrollment is irrevocable for the duration of the school year and is renewable until the student completes high school or is beyond the legal age of enrollment. This provision for continuing eligibility under Opportunity School Choice does not negate the student's right to apply for transfer to a district other than the student's assigned school or resident district under the Standard School Choice provisions of this policy.

The District may, but is not obligated to, provide transportation to and from the transferring district¹¹

Transfers out of, or within, the District⁹

If a District school receives a rating of "F" or the District has been classified by the State Board as in need of Level 5 Intensive Support, the District shall timely notify parents, guardians, or students, if over eighteen (18) years of age, as soon as practicable after the school or district designation is made of all options available under Opportunity School Choice. The District shall offer the parent or guardian, or the student if the student is over eighteen (18) years of age, an opportunity to submit an application to enroll the student in:

1. A school district that has not been classified by the State Board as in need of Level 5 Intensive Support; or
2. If there is more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school within the District that is nearest to the student's legal residence that does not have a rating of "F"; or
3. If there is not more than one school within the District covering the grade level of the student seeking to transfer that does not have a rating of "F", a public school that does not have a rating of "F" within a School district that has not been classified by the State Board as in need of Level 5 Intensive Support.

Additionally, the District shall request public service announcements to be made over the broadcast media and in the print media at such times and in such a manner as to inform parents or guardians of students in adjoining districts of the availability of the program, the application deadline, and the requirements and procedure for nonresident students to participate in the program.¹²

Uniformed Service Member Dependent School Choice

"Uniformed service member" means an active or reserve component member of the:

- United States Army, United States Navy, United States Air Force, United States Marine Corps, United States Space Force, or United States Coast Guard;
- National Oceanic and Atmospheric Administration Commissioned Officer Corps; or
- United States Commissioned Corps of the Public Health Service.

"Uniformed service veteran" means a former uniformed service member who has been discharged under conditions other than dishonorable.

A student shall be eligible for school choice under Uniformed Service Member Dependent School Choice if the student is a dependent of a:

- Uniformed service member in full-time active-duty status;
- Surviving spouse of a uniformed service member;
- Reserve component uniformed service member during the period six (6) months before until six (6) months after a Title 10, Title 32, or state active duty mobilization and service; or
- Uniformed service veteran who is returning to civilian status at the conclusion of the uniformed service veteran's active duty status.

A student's parent, legal guardian, person having lawful control of a student, or person standing in loco parentis to the student shall submit a school choice application by mail, e-mail, or in person to the student's resident district only for transfers within the District or to both the student's nonresident district and resident district. The application shall be accompanied by:

- a. A copy of the identification card of the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis that qualifies the student under Uniformed Service Member Dependent School Choice; and
- b. A copy of the official orders, assignment notification, or notice of mobilization of the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The application deadline required under Standard School Choice and Opportunity School Choice shall not apply to uniformed service member dependents.

The parent, legal guardian, person having lawful control of the student, or person standing in loco parentis of the student shall be notified in writing whether the student's application has been accepted or rejected within fifteen (15) days of the receipt of the application- by:

- a. The District superintendent for students transferring within the District; or
- b. The superintendent of the nonresident district for student's transferring to a nonresident district.

A student's transfer under the Uniformed Services Member Dependent School Choice is effective immediately upon the written notification of an acceptance.

A student shall be permitted only one (1) school transfer per academic year.

The parent, legal guardian, person having lawful control of a student, or person standing in loco parentis to a student shall be responsible for transportation of the student.

Unsafe School Choice Program

Any student that becomes the victim of a violent criminal offense while in or on the grounds of a District school or who is attending a school classified by DESE as a persistently dangerous public school shall be allowed to attend a safe public school within the District.

Notes: ¹ Select the version of the desegregation order that applies to your district.

² A.C.A. § 6-13-113 requires a district under a desegregation court order or court-approved desegregation plan to submit to DESE by January 1, 2016:

- A copy of the desegregation order or desegregation-related order;
- The case heading and case number of each court case in which the order was entered;
- The name and location of each court that maintains jurisdiction over the order; and
- A description of the school choice student transfer desegregation obligations, if any, that the school district is subject to, related to the order.

Should the district be released by the court, the district is responsible to promptly notify DESE. DESE will post all districts who have submitted the proper paperwork on its website.

In addition, A.C.A. § 6-18-1906 requires districts claiming an exemption based on a desegregation order/desegregation plan to submit documentation by January 1 of each year that contains the following:

- Documentation that the desegregation order or court-approved desegregation plan is still active and enforceable; and
- Documentation showing the specific language the school district believes limits its participation in Standard School Choice.

DESE will notify the district within thirty (30) calendar days of receipt of the submitted documentation whether or not it is required to participate in standard school choice. If DESE does not provide a written exemption to the district, then the district is required to participate in Standard School Choice. The district may submit a written petition to the State Board to review DESE's decision.

³ If your district doesn't meet the provisions of this paragraph, delete it and, for your master copy of the policy, renumber the remaining footnotes accordingly.

While the policy language requiring the district to notify its contiguous districts that it is exempt from the school choice provisions is not statutorily required, it is advocated by Commissioner's Memo Com-13-061 and we believe it is necessary if potential receiving districts are going to be able to intelligently inform parents who have applied to their school.

⁴ If the desegregation court order/court-approved desegregation plan your district is under would prohibit standard school choice but would not prohibit Opportunity School Choice, remove the references to Opportunity Choice in this paragraph and add the following sentence: *While the District's desegregation court order/court-approved-desegregation-plan exempts the District from the provisions of Standard School Choice, the District's desegregation court order/court-approved-desegregation-plan does not exempt it from the transfer provisions of the Arkansas Opportunity Public School Choice Act (Opportunity School Choice).*

We advise districts to consult with their attorney about the district's desegregation court order/court-approved-desegregation-plan applicability to the exemption provisions in A.C.A. § 6-18-1906 and A.C.A. § 6-18-227 and whether you will need to include both, either, or neither policy provisions on standard School Choice or Opportunity School Choice in your final version of this policy.

⁵ For the Resolution, see Form 4.5F. Districts may only deny a transfer if the transfer would place the district above the ninety-five percent (95%) maximum under law. Your application of a lack of capacity must be consistent; you can't choose to add a teacher due to accepting a student, but refuse to add a staff member because the applicant requires special education.

Once the resolution has been made, the Board's role in determining acceptance is finished and no further board action is required to accept school choice students.

⁶ The statute does not stipulate a date and you can choose your own, but it should give parents a reasonable opportunity to submit their application. While the statute gives districts a choice between advertising in print or on the Internet, it also doesn't prohibit advertising in both. To help inform parents before they try to apply so they will know in advance if it's actually a possibility that their child could be accepted, we suggest either including your capacity resolution in the public announcements or state where the resolution can be found.

⁷ The ten (10) school day window here is not required by the school choice statutes or rules. We opted to set the ten (10) school day window here due to the language at A.C.A. § 6-18-202(e)(1) prohibiting a district from allowing a student to be enrolled for more than ten (10) school days that the district knows to be a student of another district as well as the requirement from A.C.A. § 6-18-213(f)(1) that requires a student to be dropped from admittance after ten (10) consecutive absences.

⁸ You are required to hold a hearing before the board of directors about the student's expulsion. (See A.C.A. § 6-18-510.) It is possible that the expulsion was for a disciplinary infraction that does not result in expulsion in your district. If this is the case, you have the choice of whether or not to admit the student under school choice due to the resident district's expulsion of the student, but you may **NOT** deny a student unless you hold a hearing.

⁹ Only include "or within" if your district has more than one school with the same grade(s).

¹⁰ The student or the student's parents may appeal to the State Board a decision to deny admission.

¹¹ Sending districts are required to spend up to four hundred dollars (\$400) per year to transport the student. The statute and the Rules are unclear. They both state that receiving districts **may** transport opportunity choice students, but sending districts **shall** pay up to four hundred dollars (\$400) per year to transport the student. The policy's language makes no attempt to settle the discrepancy. The financial responsibility of the transferring district goes away when the school no longer has a rating of "F" or the student's resident district is no

longer classified by the state board as in need of Level 5 — intensive support. At that time the statute states that the receiving district may choose to pay for the transportation.

¹² Opportunity Choice does not give you the option contained in Standard Choice of advertising on the internet in place of print media.

4.6—HOME SCHOOLING

Enrollment in Home School

Parents or legal guardians desiring to provide a home school for their children shall give written notice to the Superintendent of their intent to home school. The notice shall be given:

1. At the beginning of each school year, but no later than August 15;
2. Five (5) school days prior to withdrawing the child (provided the student is not currently under disciplinary action for violation of any written school policy, including, but not limited to, excessive absences) and at the beginning of each school year thereafter; or
3. Within thirty (30) calendar days of the parent or legal guardian establishing residency within the district during the school year.

Written notice of the parent or legal guardian's intent to home school shall be delivered to the Superintendent through any of the following methods:

- Electronically, including without limitation by:
 - Use of the Division of Elementary and Secondary Education's (DESE) online system;
 - Email; or
 - Facsimile;
- By mail; or
- In person.

The notice shall include:

- a. The name, sex, date of birth, grade level, and the name and address of the school last attended, if any;
- b. The mailing address and telephone number of the home school;
- c. The name of the parent or legal guardian providing the home school;
- d. Indicate if the home-schooled student intends to participate in extracurricular activities during the school year;
- e. A statement of whether the home-schooled student plans to seek a high school equivalency diploma during the current school year;
- f. A statement that the parent or legal guardian agrees that the parent or legal guardian is responsible for the education of their children during the time the parents or legal guardians choose to home school; and
- g. A signature of the parent or legal guardian.

To aid the District in providing a free and appropriate public education to students in need of special education services, the parents or legal guardians home-schooling their children shall provide information that might indicate the need for special education services.

A student who has been temporarily issued items, resources, supplies, materials, or other property belonging to the District is eligible for enrollment in a home school during the school year after:

- The items, resources, supplies, materials, or other property belonging to the District have been returned to the District;
- The items, resources, supplies, materials, or other property belonging to the District have been paid for; or
- The semester has ended.

The superintendent or the board of directors may waive the required five (5) school day waiting period for a student's enrollment in home school during a semester if the superintendent or the board of directors is satisfied with the return of temporarily issued items, resources, supplies, materials, or other District property .

Enrollment or Re-Enrollment in Public School

A home-schooled student who wishes to enroll or re-enroll in a District school shall submit:

- A transcript listing all courses taken and semester grades from the home school;
- Score of at least the thirtieth percentile on a nationally recognized norm-referenced assessment taken in the past year; and
- A portfolio of indicators of the home-schooled student's academic progress, including without limitation:
 - Curricula used in the home school;
 - Tests taken and lessons completed by the home-schooled student; and
 - Other indicators of the home-schooled student's academic progress.

If a home-schooled student is unable to provide a nationally recognized norm-referenced score, the District may either assess the student using a nationally recognized norm-referenced assessment or waive the requirement for a nationally recognized norm-referenced assessment score.

A home-schooled student who enrolls or re-enrolls in the District will be placed at a grade level and academic course level equivalent to or higher than the home-schooled student's grade level and academic course level in the home school:

1. As indicated by the documentation submitted by the home-schooled student;
2. By mutual agreement between the public school and the home-schooled student's parent or legal guardian; or
3. If the home-schooled student fails to provide the documentation required by this policy, with the exception of the nationally recognized norm-referenced assessment score, the District may have sole authority to determine the home-schooled student's grade placement and course credits. The District will determine the home-schooled student's grade placement and course credits in the same manner the District uses when determining grade placement and course credits for students enrolling or re-enrolling in the District who attended another public or private school.

The District shall afford a home-schooled student who enrolls or re-enrolls in a public school the same rights and privileges enjoyed by the District's other students. The District shall not deny a home-schooled student who enrolls or re-enrolls in the District any of the following on the basis of the student having attended a home school:

- a. Award of course credits earned in the home school;
- b. Placement in the proper grade level and promotion to the next grade level;
- c. Participation in any academic or extracurricular activity;
- d. Membership in school-sponsored clubs, associations, or organizations;
- e. A diploma or graduation, so long as the student has enrolled or re-enrolled in the District to attend classes for at least the nine (9) months immediately prior to graduation; or
- f. Scholarships.

4.7—ABSENCES

If any student's Individual Education Program (IEP) or 504 Plan conflicts with this policy, the requirements of the student's IEP or 504 Plan take precedence.

Education is more than the grades students receive in their courses. Important as that is, students' regular attendance at school, whether in person or digitally, is essential to their social and cultural development and helps prepare them to accept responsibilities they will face as an adult. Interactions with other students and participation in the instruction within the classroom enrich the learning environment and promote a continuity of instruction which results in higher student achievement.

Absences for students enrolled in synchronous digital courses shall be determined in the same manner as for District students attending courses in person.¹

Absences for students enrolled in asynchronous digital courses shall be determined by completion of assignments in the course.

Excused Absences

Excused absences are those where the student was on official school business or when the absence was due to one of the following reasons. The student's illness or when attendance could jeopardize the health of other students. A maximum of six (6) such days are allowed per semester unless the condition(s) causing such absences is of a chronic or recurring nature, is medically documented, and approved by the principal²

1. Death or serious illness in their immediate family;³
2. Observance of recognized holidays observed by the student's faith;
3. Attendance at an appointment with a government agency;
4. Attendance at a medical appointment;
5. Exceptional circumstances with prior approval of the principal;
6. Participation in an FFA, FHA, or 4-H sanctioned activity;⁴
7. Participation in the election poll workers program for high school students.
8. Absences granted to allow a student to visit his/her parent or legal guardian who is a member of the military and been called to active duty, is on leave from active duty, or has returned from deployment to a combat zone or combat support posting. The number of additional excused absences shall be at the discretion of the superintendent or designee.
9. Absences granted, at the Superintendent's discretion, to seventeen (17) year-old students who join the Arkansas National Guard while in eleventh grade to complete basic combat training between grades eleven (11) and (12).
10. Absences for students excluded from school by the Arkansas Department of Health during a disease outbreak because the student has an immunization waiver or whose immunizations are not up to date.⁵
11. Absences due to conditions related to pregnancy or parenting, including without limitation:
 - Labor, delivery, and recovery;
 - Prenatal and postnatal medical appointments and other medically necessary, pregnancy-related absences;
 - The illness or medical appointment of a child belonging to a parent who is enrolled at a District school;
 - A legal appointment related to pregnancy or parenting, including without limitation:
 - Adoption;

- Custody; and
 - Visitation;
 - A reasonable amount of time to accommodate a lactating student's need to express breast milk or to breastfeed the student's child on the District's campus; and
 - At least ten (10) school days of absences for both a parenting mother and a parenting father after the birth of a child.⁶
12. Absences for a student who is the child of a fallen service member or fallen first responder:
- Due to a mental health concern; or
 - To attend an event from a sponsoring organization that provides support to families of fallen service members or first responders or provides support for traumatic loss, grief, or resiliency.
13. Upon the written consent of a student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student, the District shall grant an excused absence for the following purposes:
- Social or public policy advocacy; or
 - Attempts to influence legislation or other governmental policy-making at the local, state, or federal level.

Students who serve as pages for a member of the General Assembly shall be considered on instructional assignment and shall not be considered absent from school for the day the student is serving as a page.⁵

Up to one (1) time during each scheduled election, a student shall not be considered absent from school for the time the student accompanies the student's parent when the parent is exercising the parent's right to vote in a scheduled election.

In order for the absence to be considered excused, the student must:

- a. Bring a written statement to the principal or designee upon the student's return to school from the student's parent, legal guardian, or treating physician stating the reason for the student's absence;
- b. If the student is attending the District's courses digitally, upload a written statement from the student's parent, ~~or~~ legal guardian, or treating physician stating the reason for the student's absence through the District's digital course management platform for review by the principal or designee; or
- c. Provide documentation as proof of a student's participation in an activity or program scheduled and approved by the 4-H program that is provided by a 4-H county extension agent, 4-H educator, or other appropriate entity associated with the 4-H activity or program; or
- d. The student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student provides written documentation that the student's absence is to attend an event from a sponsoring organization that:
 - Provides support to families of fallen service members or first responders or provides support for traumatic loss, grief, or resiliency; and
 - May be verified as an organization that provides support to the military and first responder community by reviewing the Resources Page for Military Family Engagement on the Department of Education website.

A written statement presented or uploaded for an absence having occurred more than five (5) school days prior to its presentation or upload will not be accepted.

A student shall not be eligible to receive an excused absence for #12 above if:

- The student is not in good academic standing;
- The student does not have a prior record of good attendance; or
- The absence occurs during a date on which standardized testing is administered.

The District shall annually provide a report by June 30 to the Division of Elementary and Secondary Education that contains the following:

- The number of absences requested under number 14;
- The number of absences granted under number 14; and
- The stated purposes of the absence.

Unexcused Absences

Absences that are not defined above; do not have an accompanying note from the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, the student's treating physician, or a 4-H county extension agent, 4-H educator, or other appropriate entity associated with the 4-H activity or program; or have an accompanying note that is not presented or uploaded within the timeline required by this policy shall be considered as unexcused absences. Students with (*insert number*)⁸ unexcused absences in a course in a semester may not receive credit for that course. At the discretion of the principal after consultation with persons having knowledge of the circumstances of the unexcused absences, the student may be denied promotion or graduation. Excessive absences shall not be a reason for expulsion or dismissal of a student.

When a student has (5) unexcused absences, his/her parents, legal guardians, persons with lawful control of the student, or persons standing in loco parentis shall be notified. Notification shall be by telephone by the end of the school day in which such absence occurred or by regular mail with a return address sent no later than the following school day.

Whenever a student exceeds (10) unexcused absences in a semester, the District shall notify the prosecuting authority and the parent, legal guardian, person having lawful control of the student, or persons standing in loco parentis shall be subject to a civil penalty as prescribed by law.

It is the Arkansas General Assembly's intention that students having excessive absences be given assistance in obtaining credit for their courses. Therefore, at any time prior to when a student exceeds the number of unexcused absences permitted by this policy, the student, or his/her parent, legal guardian, person with lawful control of the student, or person standing in loco parentis may petition the school or district's administration for special arrangements to address the student's unexcused absences. If formal arrangements are granted, they shall be formalized into a written agreement which will include the conditions of the agreement and the consequences for failing to fulfill the agreement's requirements. The agreement shall be signed by the student; the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis; and the school or district administrator or designee.⁸

Students who attend in-school suspension shall not be counted absent for those days.⁹

Days missed due to out-of-school suspension or expulsion shall be unexcused absences.⁹

The District shall notify the Department of Finance and Administration whenever a student fourteen (14) years of age or older is no longer in school. The Department of Finance and Administration is

required to suspend the former student's operator's license unless the former student meets certain requirements specified in the statute.

4.8—MAKE-UP WORK

Students who miss school due to an absence shall be allowed to make up the work they missed during their absence under the following rules.

1. Students are responsible for asking the teachers of the classes they missed what assignments they need to make up.
2. Teachers are responsible for providing the missed assignments when asked by a returning student.
3. Students are required to ask for their assignments on their first day back at school or their first class day after their return.
4. Make up tests are to be rescheduled at the discretion of the teacher, but must be aligned with the schedule of the missed work to be made up.
5. Students shall have one class day to make up their work for each class day they are absent.
6. Students are responsible for turning in their make-up work without the teacher having to ask for it.
7. Students who are absent on the day their make-up work is due must turn in their work the day they return to school whether or not the class for which the work is due meets the day of their return.
8. As required/permitted by the student's Individual Education Program or 504 Plan.

Work for students serving an out-of-school suspension or expulsion shall be in accordance with the District's programs, measures, or alternative means and methods to continue student engagement and access to education during the student's period of suspension or expulsion.⁶

In lieu of the timeline above, assignments for students who are excluded from school by the Arkansas Department of Health during a disease outbreak are to be made up as set forth in Policy 4.57—IMMUNIZATIONS.

In addition to the make-up work process above, at the conclusion of a pregnancy-related or parenting-related period of absence, a student may choose from various options to make up missed work, including without limitation:

- a. Retaking a semester at the District school where the student is enrolled;
- b. Participating in an online course credit recovery program;
- c. Being granted six (6) weeks to continue at the same pace and finish the semester at a later date, provided that the student may:
 - Complete the student's coursework within the current school year; or
 - Attend previously scheduled summer school classes made available by the District Where the student is enrolled; and
- d. Receiving home-based instruction services.

4.9—TARDIES

Promptness is an important character trait that District staff is to encourage to model and help develop in our schools' students. At the same time, promptness is the responsibility of each student. Students who are late to class show a disregard for both the teacher and their classmates which compromises potential student achievement.

4.11—EQUAL EDUCATIONAL OPPORTUNITY

No student in the Salem School District shall be excluded from participation in, or denied the benefits of, or subjected to discrimination under any educational program or activity sponsored by the District on the basis of color, religion, national origin, sex, age, or disability.¹ The District has a limited open forum granting equal access to the Boy Scouts of America and other youth groups.²

Inquiries on non-discrimination may be directed to David Turnbough, who may be reached at 870-895-2516.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator in person or by using the mailing address, telephone number, or email address provided above. A report may be made at any time, including during non-business hours, and may be on the individual's own behalf or on behalf of another individual who is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment.

4.12—STUDENT ORGANIZATIONS/EQUAL ACCESS

Noncurriculum-related secondary school student organizations wishing to conduct meetings on school premises during noninstructional time shall not be denied equal access on the basis of the religious, political, philosophical, or other content of the speech at such meetings. Such meetings must meet the following criteria.

1. The meeting is to be voluntary and student initiated;
2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
3. The meeting must occur during noninstructional time;
4. Employees or agents of the school are present at religious meetings only in a nonparticipatory capacity;
5. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
6. Nonschool persons may not direct, conduct, control, or regularly attend activities of student groups.

All meetings held on school premises must be scheduled and approved by the principal. The school, its agents, and employees retain the authority to maintain order and discipline, to protect the well being of students and faculty, and to assure that attendance of students at meetings is voluntary.

Fraternities, sororities, and secret societies are forbidden in the District's schools. Membership to student organizations shall not be by a vote of the organization's members, nor be restricted by the student's race, religion, sex, national origin, or other arbitrary criteria. Hazing, as defined by law, is forbidden in connection with initiation into, or affiliation with, any student organization, extracurricular activity or sport program. Students who are convicted of participation in hazing or the failure to report hazing shall be expelled.

Note: A.C.A. § 6-5-202 requires the automatic expulsion of a student who is convicted of hazing.

4.13—PRIVACY OF STUDENTS' RECORDS/ DIRECTORY INFORMATION

Except when a court order regarding a student has been presented to the district to the contrary, all students' education records are available for inspection and copying by the parents of his/her student who is under the age of eighteen (18). At the age of eighteen (18), the right to inspect and copy a student's records transfers to the student. A student's parent or the student, if over the age of 18, requesting to review the student's education records will be allowed to do so within no more than forty five (45) days of the request. The district forwards education records, including disciplinary records, to schools that have requested them and in which the student seeks or intends to enroll, or is already enrolled so long as the disclosure is for purposes related to the student's enrollment or transfer.

The district shall receive written permission before releasing education records to any agency or individual not authorized by law to receive and/or view the education records without prior parental permission. The District shall maintain a record of requests by such agencies or individuals for access to, and each disclosure of, personally identifiable information from the education records of each student. Disclosure of education records is authorized by law to school officials with legitimate educational interests. A personal record kept by a school staff member is **not** considered an education record if it meets the following tests.

- it is in the sole possession of the individual who made it;
- it is used only as a personal memory aid; and
- information contained in it has never been revealed or made available to any other person, except the maker's temporary substitute.

For the purposes of this policy a school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

For the purposes of this policy a school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility, contracted duty, or duty of elected office.

In addition to releasing PII to school officials without permission, the District may disclose PII from the education records of students in foster care placement to the student's caseworker or to the caseworker's representative without getting prior consent of the parent (or the student if the student is over eighteen (18)). For the District to release the student's PII without getting permission:

- The student must be in foster care;
- The individual to whom the PII will be released must have legal access to the student's case plan; and
- The Arkansas Department of Human Services, or a sub-agency of the Department, must be legally responsible for the care and protection of the student.

The District discloses personally identifiable information from an education record to appropriate parties, including parents, in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals. The superintendent or designee shall determine who will have access to and the responsibility for disclosing information in emergency situations.

When deciding whether to release personally identifiable information in a health or safety emergency, the District may take into account the totality of the circumstances pertaining to a threat to the health or safety of a student or other individuals. If the District determines that there is an articulable and significant threat to the health or safety of a student or other individuals, it may disclose information from education records to any person whose knowledge of the information is necessary to protect the health or safety of the student or other individuals.

For purposes of this policy, the Salem School District does not distinguish between a custodial and noncustodial parent, or a non-parent such as a person acting in loco parentis or a foster parent with respect to gaining access to a student's records. Unless a court order restricting such access has been presented to the district to the contrary, the fact of a person's status as parent or guardian, alone, enables that parent or guardian to review and copy his child's records.

If there exists a court order which directs that a parent not have access to a student or his records, the parent, guardian, person acting in loco parentis, or an agent of the Department of Human Services must present a file-marked copy of such order to the building principal and the superintendent. The school will make good-faith efforts to act in accordance with such court order, but the failure to do so does not impose legal liability upon the school. The actual responsibility for enforcement of such court orders rests with the parents or guardians, their attorneys and the court which issued the order.

A parent or guardian does not have the right to remove any material from a student's records, but such parent or guardian may challenge the accuracy of a record. The right to challenge the accuracy of a record does not include the right to dispute a grade, disciplinary rulings, disability placements, or other such determinations, which must be done only through the appropriate teacher and/or administrator, the decision of whom is final. A challenge to the accuracy of material contained in a student's file must be initiated with the building principal, with an appeal available to the Superintendent or his designee. The challenge shall clearly identify the part of the student's record the parent wants changed and specify why he/she believes it is inaccurate or misleading. If the school determines not to amend the record as requested, the school will notify the requesting parent or student of the decision and inform them of their right to a hearing regarding the request for amending the record. The parent or eligible student will be provided information regarding the hearing procedure when notified of the right to a hearing.

Unless the parent or guardian of a student (or student, if above the age of eighteen [18]) objects, directory information about a student may be made available to the public, military recruiters, post secondary educational institutions, prospective employers of those students, as well as school publications such as annual yearbooks and graduation announcements. "Directory information" includes, but is not limited to, a student's name, address, telephone number, electronic mail address, photograph, date and place of birth, dates of attendance,⁴ his/her placement on the honor role (or the receipt of other types of honors), as well as his/her participation in school clubs and extracurricular activities, among others. If the student participates in inherently public activities (for example, basketball, football, or other interscholastic activities), the publication of such information will be

beyond the control of the District. A student's name and photograph will only be displayed on the district or school's web page(s) after receiving the written permission from the student's parent or student if over the age of 18.

The form for objecting to making directory information available is located in the back of the student handbook and must be completed and signed by the parent or age-eligible student and filed with the building principal's office no later than ten (10) school days after the beginning of each school year or the date the student is enrolled for school. Failure to file an objection by that time is considered a specific grant of permission. The district is required to continue to honor any signed-opt out form for any student no longer in attendance at the district.

The right to opt out of the disclosure of directory information under FERPA does not prevent the District from disclosing or requiring a student to disclose the student's name, identifier, or institutional email address in a class in which the student is enrolled.

Parents and students over the age of 18 who believe the district has failed to comply with the requirements for the lawful release of student records may file a complaint with the U.S. Department of Education at

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

The District shall ensure that all contracts that disclose or make available student personally identifiable information to vendors, including school service contract providers, school service on-demand providers, and other third parties, including without limitation subcontractors of contract providers, include express provisions that safeguard the privacy and security of student personally identifiable information that meet the requirements under A.C.A. § 6-18-2601 et seq. The District shall maintain a list of the school service contract providers that the District contracts with for school services that include or make available student personally identifiable information. The list shall be updated at least once at the beginning of each semester and provided to parents upon request.

Notes: With very few exceptions, Health Insurance Portability and Accountability Act (HIPAA) privacy requirements don't apply to public K-12 schools and, for that reason, ASBA has no model policy addressing HIPAA. An excellent explanation of the relation between FERPA and HIPAA is available at <https://www.arsba.org/page/policy-resources>.

Districts must annually notify parents or students if over the age of eighteen (18) of the provisions of this policy and "...shall effectively notify parents who have a primary or home language other than English." (34 CFR 99.7(b)(2))

Districts may release directory information (DI) (as presently defined by the district) of former students to the extent there is not a signed prohibition against such release. As the definition of DI changes over time (for example, the addition of email addresses to the definition of DI), districts may release DI according to the current definition. It also applies to the release of information that is now defined as DI for students who left the district prior to 1974, when there was no such thing as DI.

As stated in this policy, once a student turns eighteen (18), the rights to his/her educational records transfers to the student. The release of educational records to a parent becomes permissive and not a right. At that point, the school gets to decide if it wants to release educational records to parents. The student, however, doesn't have the right to object one way or the other. If the parents don't establish dependency, once the student turns eighteen (18), the parents don't have an absolute **right** to see their student's educational records. "Dependency" in this regard is defined according to the IRS; if the student is claimed by either of their parents (regardless of custody issues, or filing jointly or separately) as a dependent, then the rights of the parent once the student turns eighteen (18) is as described. Without dependency, the parents have no right to see their student's educational records once the student turns eighteen (18).

There are several areas of permissible release of students' PII that are not mentioned in this policy (it's not required and would make the policy very long), but that are listed in 34 CFR § 99.31. One of the areas that has been greatly elaborated on in the DOE Rules, released 12/2/11, relates to the district's release of PII to an "authorized representative" for the purpose conducting an audit or evaluation of federal or state education programs. This new area is covered in 34 CFR 99.35. Both documents are available by calling the ASBA office and requesting a copy. They could come in handy when answering parents' questions regarding the release of PII.

The Arkansas Supreme Court, Division of Elementary and Secondary Education, and ASBA collaborated in the creation of a form in an effort to aid juvenile intake and probation officers in acquiring necessary information for the officer to make more knowledgeable decisions/recommendations on a course of action for each juvenile's case. The Form allows for parents to authorize the officer to access certain portions of the student's education records and the parent's ESchool PLUS Home Access Center. The form, when completed by the parent and probation officer, will be sent to the district by the officer. A copy of the form, along with a background letter, may be found at <https://www.arsba.org/page/policy-resources>.

¹ You may choose a lesser number of days, but you may not exceed forty-five (45) days.

² This paragraph along with the preceding paragraph are added (and permitted) due to the amendments in the Code of Federal Regulations resulting from the Virginia Tech shootings in 2007. The paragraph can also apply to the release of PII to state health officials during outbreaks of communicable diseases. This would apply, for example, to immunization records to determine which students need to be removed from the school. (See Policy 4.34).

³ The requirements for conducting a hearing are addressed in 34 CFR § 99.22. The district's obligations regarding the results of the hearing are covered in 34 CFR § 99.21. Both are available by calling the ASBA office and requesting a copy.

⁴ The 12/2/11 DOE Rules now provide districts with the option of greater specificity in choosing to whom it will release DI. ASBA has not amended the model policy to include this expanded option because we feel it can result in unintentional restrictions for desired release of DI. The following is the language from 34 CFR § 99.37 governing this option:

In its public notice to parents and eligible students in attendance, ... an educational agency or institution may specify that disclosure of directory information will be limited to specific

parties, for specific purposes, or both. When an educational agency or institution specifies that disclosure of directory information will be limited to specific parties, for specific purposes, or both, the educational agency or institution must limit its directory information disclosures to those specified in its public notice.

⁵ Dates of attendance means the period of time during which a student attends or attended your district, e.g. an academic year or semester. It does not mean specific daily records of attendance.

⁶ This paragraph is language from the amended 34 CFR § 99.37 and is included to help eliminate the potential problem of a student (who is in a class where the student really doesn't want to be - for example JAG), who has opted out of release of DI, refusing to give the information necessary for the class.

4.13F—OBJECTION TO PUBLICATION OF DIRECTORY INFORMATION
(Not to be filed if the parent/student has no objection)

I, the undersigned, being a parent of a student, or a student eighteen (18) years of age or older, hereby note my objection to the disclosure or publication by the Salem School District of directory information, as defined in Policy No. 4.13 (Privacy of Students' Records), concerning the student named below. The district is required to continue to honor any signed opt-out form for any student no longer in attendance at the district.

I understand that the participation by the below-named student in any interscholastic activity, including athletics and school clubs, may make the publication of some directory information unavoidable, and the publication of such information in other forms, such as telephone directories, church directories, *etc.*, is not within the control of the District.

I understand that this form must be filed with the office of the appropriate building principal within ten (10) school days from the beginning of the current school year or the date the student is enrolled for school in order for the District to be bound by this objection. Failure to file this form within that time is a specific grant of permission to publish such information.

I object and wish to deny the disclosure or publication of directory information as follows:

Deny disclosure to military recruiters _____

Deny disclosure to Institutions of postsecondary education _____

Deny disclosure to Potential employers _____

Deny publication in newspapers and yearbook _____

Name of student (Printed)

Signature of parent (or student, if eighteen (18) or older)

Date form was filed (To be filled in by office personnel)

4.14—STUDENT Media AND THE DISTRIBUTION OF LITERATURE

Student Media

The Superintendent and the student media advisors(s)¹ shall jointly develop administrative regulations for the implementation of this policy. The regulations shall include definitions of terms and the time(s), place(s), and manner(s) of the dissemination of student media, which shall include timelines for the review of materials.

Definitions

“School-sponsored media” means all student media that are:

- Supported financially by the school;
- Supported by the use of school facilities; or
- Produced in conjunction with a class.

“Student journalist” means a student who gathers, writes, edits, photographs, records, video tapes, or prepares information for dissemination in student media.

“Student media” means any means of communication that are:²

- Prepared, substantially written, published, or broadcasted by a student;
- Distributed or generally made available, either free of charge or for a fee, to members of the student body; and
- Prepared under the direction of a student media advisor.

“Student media” does not include media that is intended for distribution or transmission solely in the classroom in which it is produced.

“Student media advisor” means an individual who is employed, appointed, or designated by the District to supervise or provide instruction with respect to student media.

Student Media

While the District recognizes a student’s right of expression under the First Amendment of the Constitution of the United States, school-sponsored media does not provide an open public forum for public expression. Student media, as well as the content of student expression in school-sponsored activities, shall be subject to the editorial review of the District’s administration, whose actions shall be reasonably related to legitimate pedagogical concerns and adhere to the following limitations:

1. Advertising may be accepted for media that does not condone or promote products that are inappropriate for the age and maturity of the audience or that endorses such things as tobacco, alcohol, or drugs.
2. Media may be regulated to prohibit communications determined by the appropriate teacher, student media advisor, and/or administrator, to be ungrammatical; poorly written; inadequately researched; biased or prejudiced; vulgar or profane; or unsuitable for immature audiences.
3. Media may be regulated to prohibit the dissemination of material that may reasonably be perceived to advocate drug or alcohol use; irresponsible sex; conduct that is otherwise inconsistent with the shared values of a civilized social order; or to associate the school with any position other than neutrality on matters of political controversy.
4. Prohibited media includes those that:

- a. Are obscene as to minors;
- b. Are libelous or slanderous, including material containing defamatory falsehoods about public figures or governmental officials and made with knowledge of their falsity or a reckless disregard of the truth;
- c. Constitute an unwarranted invasion of privacy as defined by state law;
- d. Suggest or urge the commission of unlawful acts on the school premises;
- e. Suggest or urge the violation of lawful school regulations;
- f. Attacks ethnic, religious, or racial groups; or
- g. Harass, threaten, or intimidate a student.

Student Media on School Web Pages

Student media displayed on school web pages shall follow the same guidelines as listed above—and shall also:

- 1. Not contain any non-educational advertisements;
- 2. Adhere to the restrictions regarding use of Directory Information as prescribed in Policy 4.13 including not using a student's photograph when associated with the student's name unless written permission has been received from the student's parent or student if over the age of eighteen (18);
- 3. State that the views expressed are not necessarily those of the School Board or the employees of the district.

Distribution of Literature

A student or group of students who distribute ten (10) or fewer copies of the same non-school-sponsored literature, publications, or materials shall do so in a time, place, and manner that does not cause a substantial disruption of the orderly education environment. A student or group of students wishing to distribute more than ten (10) copies of non-school-sponsored materials³ shall have school authorities⁴ review their non-school-sponsored materials at least three (3) school days⁵ in advance of their desired time of dissemination. School authorities shall review the non-school-sponsored materials, prior to their distribution and will bar from distribution those non-school-sponsored materials that are obscene, libelous, pervasively indecent, or advertise unlawful products or services. Material may also be barred from distribution if there is evidence that reasonably supports a forecast that a substantial disruption of the orderly operation of the school or educational environment will likely result from the distribution.⁶ Concerns related to any denial of distribution by the principal shall be heard by the superintendent, whose decision shall be final.

The school principal or designee shall establish reasonable regulations governing the time, place, and manner of student distribution of non-school-sponsored materials. The regulations shall:

- 1. Be narrowly drawn to promote orderly administration of school activities by preventing disruption and may not be designed to stifle expression;
- 2. Be uniformly applied to all forms of non-school-sponsored materials;
- 3. Allow no interference with classes or school activities;
- 4. Specify times, places, and manner where distribution may and may not occur⁷; and
- 5. Not inhibit a person's right to accept or reject any literature distributed in accordance with the regulations.⁸

Students shall be responsible for the removal of excess literature that is left at the distribution point for more than ____ days.⁹

4.15—CONTACT WITH STUDENTS WHILE AT SCHOOL

CONTACT BY PARENTS

Parents wishing to speak to their children during the school day shall register first with the office.

CONTACT BY NON-CUSTODIAL PARENTS

If there is any question concerning the legal custody of the student, the custodial parent shall present documentation to the principal or the principal's designee establishing the parent's custody of the student. It shall be the responsibility of the custodial parent to make any court ordered "no contact" or other restrictions regarding the non-custodial parent known to the principal by presenting a copy of a file-marked court order. Without such a court order on file, the school will release the child to either of his/her parents. Non-custodial parents who file with the principal a date-stamped copy of current court orders granting unsupervised visitation may, to extend authorized by the court order, eat lunch, volunteer in their child's classroom, or otherwise have contact with their child during school hours and the prior approval of the school's principal. Such contact is subject to the limitations outlined in Policy 4.16, Policy 6.5, and any other policies that may apply. The District shall not act as a supervisor for non-custodial parent visitation purposes under any circumstance.

Arkansas law provides that, in order to avoid continuing child custody controversies from involving school personnel and to avoid disruptions to the educational atmosphere in the District's schools, the transfer of a child between his/her custodial parent and non-custodial parent, when both parents are present, shall not take place on the school's property on normal school days during normal hours of school operation. The custodial or non-custodial parent may send to/drop off the student at school to be sent to/picked up by the other parent on predetermined days in accordance with any court order provided by the custodial parent or by a signed agreement between both the custodial and non-custodial parents that was witnessed by the student's building principal.¹ Unless a valid no-contact order has been filed with the student's principal or the principal's designee, district employees shall not become involved in disputes concerning whether or not that parent was supposed to pick up the student on any given day.

CONTACT BY LAW ENFORCEMENT, SOCIAL SERVICES, OR BY COURT ORDER

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Except as provided below, other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen (18) years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, legal guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law

enforcement officer, an investigator of the Crimes Against Children Division of the Division of Arkansas State Police, or an investigator or employee of the Department of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, ~~or other~~ person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

Contact by Professional Licensure Standards Board Investigators

Investigators for the Professional Licensure Standards Board may meet with students during the school day to carry out the investigation of an ethics complaint.

Note: ¹ This sentence is based on language in A.C.A. § 9-13-104 (b) and is **NOT** required. School administration should ALWAYS decline any involvement in the fight between parents over whose day it is to pick up the student. The school's interest is that A PARENT or an individual authorized by a PARENT checks the child out or picks the child up, not that the "right" parent checks the child out on the "right" day.

4.16—STUDENT VISITORS

The board strongly believes that the purpose of school is for learning. Social visitors, generally, disrupt the classroom and interfere with learning that should be taking place. Therefore, visiting with students at school is not permitted.

4.17—STUDENT DISCIPLINE

The Salem Board of Education has a responsibility to protect the health, safety, and welfare of the District's students and employees. To help maintain a safe environment conducive to high student achievement, the Board establishes policies necessary to regulate student behavior to promote an orderly school environment that is respectful of the rights of others and ensures the uniform enforcement of student discipline. Students are responsible for their conduct that occurs:

- At any time on the school grounds;
- Off school grounds at a school sponsored function, activity, or event; and
- Going to and from school or a school activity.

The District's administrators may also take disciplinary action against a student for off-campus conduct occurring at any time that would have a detrimental impact on school discipline, the educational environment, or the welfare of the students and/or staff. A student who has committed a criminal act while off campus and whose presence on campus could cause a substantial disruption to school or endanger the welfare of other students or staff is subject to disciplinary action up to and including expulsion. Such acts could include, but are not limited to:

- A felony or an act that would be considered a felony if committed by an adult;
- An assault or battery;
- Drug law violations; or
- Sexual misconduct of a serious nature.

The District shall incorporate the District's multi-tiered behavioral intervention procedures in accordance with Policy 4.60 in the application of student discipline.

The District's personnel policy shall annually review the District's student discipline policies, including State and District student discipline data, and may recommend changes in the policies to the Salem School Board. The Board has the responsibility of determining whether to approve any recommended changes to student discipline policies.

The District's student discipline policies shall be distributed to each student during the first week of school each year and to new students upon their enrollment. Each student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis shall sign and return to the school an acknowledgement form documenting that they have received the policies.

The District shall develop and provide programs, measures, or alternative means and methods for continued student engagement and educational access during periods of suspension or expulsion.

The superintendent is authorized to modify the penalties set forth in the District's student discipline policies on a case-by-case basis.

It is required by law that the principal or the person in charge report to the police any incidents the person has personal knowledge of or has received information leading to a reasonable belief that a person has committed or threatened to commit an act of violence or any crime involving a deadly weapon on school property or while under school supervision. If the person making the report is not the Superintendent, that person shall also inform the Superintendent of the incident. Additionally, the principal shall inform any school employee or other person who initially reported the incident that a

report has been made to the appropriate law enforcement agency. The Superintendent or designee shall inform the Board of Directors of any such report made to law enforcement.

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation: the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

Note: ¹ To satisfy a student's due process rights, for events both on and off campus, make sure that all special education requirements are met when those requirements apply.

4.19—CONDUCT TO AND FROM SCHOOL AND TRANSPORTATION ELIGIBILITY

The District's Student Code of conduct applies to students while traveling to and from school or to and from a school activity to the same extent as if the students were on school grounds. Appropriate disciplinary actions may be taken against commuting students who violate the District's Student Code of Conduct.

The preceding paragraph also applies to student conduct while on school buses. Students shall be instructed in safe riding practices.¹ The driver of a school bus shall not operate the school bus until every passenger is seated. In addition to other disciplinary measures provided for violations of the District's Student Code of Conduct, the student's bus transportation privileges may be suspended or terminated for violations of the Student Code of Conduct related to bus behavior.

Students are eligible to receive district bus transportation if they meet the following requirements.² The transportation to and from school of students who have lost their bus transportation privileges is the responsibility of the student's parent or guardian.

1. All students are under the supervision of the driver AND must obey the driver at all times without question.
2. Be at the bus stop at the scheduled time. Stand back about ten feet from the bus and wait until the bus door is opened before approaching the bus. DO NOT play in/on the road while waiting for the bus.
3. When entering or leaving the bus, do so in an orderly manner. Students on the bus will not be allowed to impede or hamper those students entering or leaving the bus.
4. Bus passengers will conduct themselves at all times in a manner which does not distract the attention of the driver or disturb other passengers. The driver shall be the judge of what constitutes proper conduct.
5. Students shall be seated in a seat, designed by a manufacturer to be used as a seat, upon boarding the bus and remain seated until arrival at their destination. Students must be seated facing the front of the bus at all times.
6. Student shall not be eating or drinking on the school bus.
7. Do not tamper with any of the bus equipment for controls.
8. Do not place any part of your body or an object outside the bus.
9. Do not deface the bus in any manner or throw anything on the floor. Keep the aisle clear of all objects.
10. Each driver will maintain a seating chart with a copy filed in the transportation office and copy filed on the bus. Students must sit only on the seat assigned by the school bus driver unless otherwise instructed by the driver.
11. Do not ask the driver to stop at any location other than at a scheduled stop.
12. Parents must send a not or call the principal's office if they wish for their child to ride a different bus, or to depart the bus at a stop other than their regular scheduled stop.
13. If you must cross the highway after leaving the bus, go to a point on the edge of the road ten feet in front of the bus, and wait until the driver has signaled you to cross in front of the bus. In addition to the drivers signal, and before stepping from in front of the bus into the open roadway, stop and make sure there are no vehicles moving toward the bus from either direction.

Definitions

"Appropriate interim learning environment" means an appropriate learning environment that is used for a period of time not to exceed ten (10) days.

"Appropriate learning environment" means a setting within the District that provides a similar structure to the following, without limitation:

1. A classroom; or
2. In-school suspension.

"Violent or abusive behavior" means, without limitation:

- a. Using threatening language;
- b. Throwing an item that risks or causes:
 - Harm to another individual;
 - Injury to another individual; or
 - Damage to property;

No student shall by the use of violence, force, noise, coercion, threat, intimidation, fear, passive resistance, or any other conduct, intentionally cause the disruption of any lawful mission, process, or function of the school, or engage in any such conduct for the purpose of causing disruption or obstruction of any lawful mission, process, or function. Nor shall any student encourage any other student to engage in such activities.

Disorderly activities by any student or group of students that adversely affect the school's orderly educational environment shall not be tolerated at any time on school grounds.

A teacher may, but is not required to, remove a student from class:

- Who has been documented by the teacher as repeatedly interfering with the teacher's ability to teach the students in the class or with the ability of the student's classmates to learn; or

- Be escorted from the classroom by the school administration if the student refuses to leave the classroom voluntarily;
- Not be returned to the teacher's class until a conference is held; and

- d. A 504/special education representative (if applicable);

The failure of the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis to attend the conference shall not prevent the conference from being held nor prevent any action from being taken as a result of that conference.

Following the conclusion of the conference, the principal or the principal's designee may take any of the following actions against a student who was removed from class:

- Place the student into another appropriate learning environment or into in-school suspension;
- Except for a student who was removed for violent or abusive behavior, return the student to the class; or
- Take other appropriate action consistent with the District's discipline policy, state law, and federal law.

A student who is removed from class three (3) times during the same school year shall be placed in another appropriate learning environment for the remainder of the school year.

The District shall follow all requirements under the IDEA and 504 for students with a disability, including those surrounding a change in placement.

- a. Cause a breach of the peace;
- b. Materially and substantially interfere with the operation of the school; or
- c. Arouse the person to whom it is addressed to anger, to the extent likely to cause imminent retaliation.

Students guilty of such an offense may be subject to legal proceedings in addition to any student disciplinary measures.

- Pepper spray, mace, or other noxious spray;
- Explosive;
- Taser or other instrument that uses electrical current to cause neuromuscular incapacitation; or
- Any other instrument or substance capable of causing bodily harm.

No student, except for Military personnel (such as ROTC cadets) acting in the course of their official duties or as otherwise expressly permitted by this policy, shall possess a weapon, display what appears to be a weapon, or threaten to use a weapon before or after school while:

- In a school building;
- On or about school property;
- At any school sponsored activity or event;
- On route to or from school or any school sponsored activity; or
- Off the school grounds at any school bus stop.

If a student discovers prior to any questioning or search by any school personnel that he/she has accidentally brought a weapon, other than a firearm, to school on his/her person, in a book bag/purse, or in his/her vehicle on school grounds, and the student informs the principal or a staff person immediately, the student will not be considered to be in possession of a weapon unless it is a firearm. The weapon shall be confiscated and held in the office until such time as the student’s parent/legal guardian shall pick up the weapon from the school’s office. Repeated offenses are unacceptable and shall be grounds for disciplinary action against the student as otherwise provided for in this policy.

Except as permitted in this policy, students found to be in possession on the school campus of a firearm shall be recommended for expulsion for a period of not less than one year. The School Board shall have the discretion to modify such expulsion recommendation for a student on a case-by-case basis. Parents or legal guardians of students expelled under this policy shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property.¹ Parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to readmitting the student. Parents or legal guardians of a student enrolling from another school after the expiration of an expulsion period

for a firearm policy violation shall also be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a firearm on school property. The parents or legal guardians shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The mandatory expulsion requirement for possession of a firearm does not apply to a firearm visibly stored inside a locked vehicle on school property nor to activities approved and authorized by the district that include the use of firearms. Such activities may include ROTC programs, hunting safety or military education, or before- or after-school hunting or rifle clubs. A firearm brought to school by a student shall be grounds for disciplinary action against the student, but the School Board of Directors may consider the “inadvertent circumstances” of the incident in determining the student’s discipline.

The district shall report any student, who brings a firearm to school to the criminal justice system or juvenile delinquency system by notifying local law enforcement,

Notes:

¹ The exemption is for IDEA purposes where the possession can reasonably be associated with the student's disability. To be eligible for ESEA funds, the federal Department of Education requires an assurance that the district:

- 1) is in compliance with the State law requiring the one-year expulsion; and
- 2) a description of the circumstances surrounding expulsions imposed under the one-year expulsion requirement, including:
 - A. The name of the school concerned;
 - B. The number of students expelled from the school; and
 - C. The type of firearms concerned.

This requirement applies even in the instances where the district exercised its option to modify the expulsion requirement on a case-by-case basis. The DOE Guidance on the Gun Free Schools Act prohibits the use of the case-by-case option to avoid “over-all compliance with the one-year expulsion requirement. In order to modify the expulsion recommendation, the superintendent must provide a written explanation behind the modification under the Federal law.

4.23—TOBACCO, ELECTRONIC NICOTINE DELIVERY SYSTEMS, AND RELATED PRODUCTS

Smoking or use of tobacco or products containing tobacco in any form (including, but not limited to, cigarettes, cigars, chewing tobacco, and snuff) in or on any real property owned or leased by a District school, including school buses owned or leased by the District, is prohibited. Students who violate this policy may be subject to legal proceedings in addition to student disciplinary measures.

With the exception of recognized tobacco cessation products, this policy's prohibition includes any tobacco or nicotine delivery system or product. Specifically, the prohibition includes any product that is manufactured, distributed, marketed, or sold as e-cigarettes, e-cigars, e-pipes, or under any other name or descriptor.

Notes: The statute requires the statute's posting "...in a conspicuous location at every entrance to each building owned or leased by a public school district and every school bus used to transport students"

Law enforcement officers and employees of a school are immune from civil liability for the confiscation from a minor on a school campus or at a school-sponsored event of:

- Nicotine, tobacco products, vapor products, alternative nicotine products, e-liquid products, or cigarette papers; or
- A product that the individual reasonably believes to be a vapor product.

4.24—DRUGS AND ALCOHOL

An orderly and safe school environment that is conducive to promoting student achievement requires a student population free from the deleterious effects of alcohol and drugs. Their use is illegal, disruptive to the educational environment, and diminishes the capacity of students to learn and function properly in our schools.

Therefore, no student in the Salem School District shall possess, attempt to possess, consume, use, distribute, sell, attempt to sell, buy, give to any person, attempt to buy, or be under the influence of any substance as defined in this policy, or what the student represents or believes to be any substance as defined in this policy.

This policy applies to any student who:

- Is on or about school property;
- Is in attendance at school or any school sponsored activity;
- Has left the school campus for any reason and returns to the campus; or
- Is on route to or from school or any school sponsored activity.

Prohibited substances shall include, but are not limited to: Alcohol, or any alcoholic beverage;

- Inhalants or any ingestible matter that alter a student's ability to act, think, or respond;
- LSD or any other hallucinogen;
- Marijuana;¹
- Cocaine, heroin, or any other narcotic drug;
- PCP;
- Amphetamines;
- Steroids;
- "Designer drugs";
- Look-alike drugs; or
- Any controlled substance.

The sale, distribution, or attempted sale or distribution of over-the-counter (OTC) medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited. The possession or use of OTC medications, dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, or prescription drugs is prohibited except as permitted under Policy 4.35—STUDENT MEDICATIONS.

Note: The possession or use of marijuana on school campus is prohibited even if a student has a medical marijuana patient card. The Arkansas Constitution Amendment 98 § 6 states:

(a) This amendment does not permit a person to:

...

(2) Possess, smoke, or otherwise engage in the medical use of marijuana:

(A) On a school bus;

(B) On the grounds of a daycare center, preschool, primary or secondary school, college, or university;

In general, Amendment 98 requires that a student with a patient card have any positive drug test be treated as if marijuana were any other prescription drug. Amendment 98 requires the student be actively impaired before the district can take any action, which is restricted as follows:

(b) This amendment does not require:

...

(6) A public school to permit a qualifying patient who is a student to be present on school grounds, to attend a school event, or to participate in extracurricular activities in violation of the public school's student discipline policies when a school office has a good faith belief that the behavior of the qualifying patient is impaired.

4.25—STUDENT DRESS AND GROOMING

The Salem Board of Education recognizes that dress can be a matter of personal taste and preference. At the same time, the District has a responsibility to promote an environment conducive to student learning. This requires limitations to student dress and grooming that could be disruptive to the educational process because they are immodest, disruptive, unsanitary, and unsafe, could cause property damage, or are offensive to common standards of decency.

Students are prohibited from wearing, while on the school grounds during the school day and at school-sponsored events, clothing that exposes underwear, buttocks, or the breast. This prohibition does not apply, however to a costume or uniform worn by a student while participating in a school-sponsored activity or event.

A student shall not be disciplined or discriminated against based upon the student's natural, protective, or cultural hairstyle. A student's natural, protective, or cultural hairstyle includes without limitation afros, dreadlocks, twists, locs, braids, cornrow braids, Bantu knots, curls, and hair styled to protect hair texture or for cultural significance.

The Superintendent shall establish student dress codes for the District's schools, to be included in the student handbook, and are consistent with the above criteria.

4.26—GANGS AND GANG ACTIVITY

The Board is committed to ensuring a safe school environment conducive to promoting a learning environment where students and staff can excel. An orderly environment cannot exist where unlawful acts occur causing fear, intimidation, or physical harm to students or school staff. Gangs and their activities create such an atmosphere and shall not be allowed on school grounds or at school functions.

The following actions are prohibited by students on school property or at school functions:

1. Wearing or possessing any clothing, bandanas, jewelry, symbol, or other sign associated with membership in, or representative of, any gang;
2. Engaging in any verbal or nonverbal act such as throwing signs, gestures, or handshakes representative of membership in any gang;
3. Recruiting, soliciting, or encouraging any person through duress or intimidation to become or remain a member of any gang; and/or
4. Extorting payment from any individual in return for protection from harm from any gang.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion.

Students arrested for gang related activities occurring off school grounds shall be subject to the same disciplinary actions as if they had occurred on school grounds.

4.27—STUDENT SEXUAL HARASSMENT

The Salem School District is committed to providing an academic environment that treats all students with respect and dignity. Student achievement is best attained in an atmosphere of equal educational opportunity that is free of discrimination. Sexual harassment is a form of discrimination that undermines the integrity of the educational environment and will not be tolerated.

The District believes the best policy to create an educational environment free from sexual harassment is prevention; therefore, the District shall provide informational materials and training to students, parents/legal guardians/other responsible adults, and employees on sexual harassment. The informational materials and training on sexual harassment shall be age appropriate and, when necessary, provided in a language other than English or in an accessible format. The informational materials and training shall include, but are not limited to:

- The nature of sexual harassment;
- The District's written procedures governing the formal complaint grievance process;¹
- The process for submitting a formal complaint of sexual harassment;
- That the district does not tolerate sexual harassment;
- That students can report inappropriate behavior of a sexual nature without fear of adverse consequences;
- The supports that are available to individuals suffering sexual harassment; and
- The potential discipline for perpetrating sexual harassment.

Definitions

“Complainant” means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

“Education program or activity” includes locations, events, or circumstances where the District exercised substantial control over both the respondent and the context in which the sexual harassment occurs.

“Formal complaint” means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting an investigation of the allegation of sexual harassment.

“Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

“Sexual harassment” means conduct on the basis of sex that satisfies one or more of the following:

1. A District employee:
 - a. Conditions the provision of an aid, benefit, or service of the District on an individual's participation in sexual conduct;² or
 - b. Uses the rejection of sexual conduct as the basis for academic decisions affecting that individual;²
2. The conduct is:
 - a. Unwelcome; and
 - b. Determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
3. Constitutes:
 - a. Sexual assault;
 - b. Dating violence
 - c. Domestic violence; or

d. Stalking.

“Supportive measures” means individualized services that are offered to the complainant or made available to the respondent designed to restore or preserve equal access to the District’s education program or activity without unreasonably burdening the other party. The supportive measures must be non-disciplinary and non-punitive in nature; offered before or after the filing of a formal complaint or where no formal complaint has been filed; and offered to either party as appropriate, as reasonably available, and without fee or charge. Examples of supportive measures include, but are not limited to: measures designed to protect the safety of all parties or the District’s educational environment, or deter sexual harassment; counseling; extensions of deadlines or other course-related adjustments; modifications of work or class schedules; campus escort services; mutual restrictions on contact between the parties; changes in work or class locations; leaves of absence; and increased security and monitoring of certain areas of the campus.

Within the educational environment, sexual harassment is prohibited between any of the following: students; employees and students; and non-employees and students.

Actionable sexual harassment is generally established when an individual is exposed to a pattern of objectionable behaviors or when a single, serious act is committed. What is, or is not, sexual harassment will depend upon all of the surrounding circumstances and may occur regardless of the sex(es) of the individuals involved. Depending upon such circumstances, examples of sexual harassment include, but are not limited to:

- Making sexual propositions or pressuring for sexual activities;
- Unwelcome touching;
- Writing graffiti of a sexual nature;
- Displaying or distributing sexually explicit drawings, pictures, or written materials;
- Performing sexual gestures or touching oneself sexually in front of others;
- Telling sexual or crude jokes;
- Spreading rumors related to a person’s alleged sexual activities;
- Discussions of sexual experiences;
- Rating other students or employees as to sexual activity or performance;
- Circulating or showing e-mails or Web sites of a sexual nature;
- Intimidation by words, actions, insults, or name calling; and
- Teasing or name-calling related to sexual characteristics or the belief or perception that an individual is not conforming to expected gender roles or conduct or is homosexual, regardless of whether or not the individual self-identifies as homosexual or transgender.

Students who believe they have been subjected to sexual harassment, or the parent/legal guardian/other responsible adult of a student who believes their student has been subjected to sexual harassment, are encouraged to bring their concerns to **any** District staff member, including a counselor, teacher, Title IX coordinator, or administrator. If the District staff member who received a report of alleged sexual harassment is not the Title IX Coordinator, then the District staff person shall inform the Title IX Coordinator of the alleged sexual harassment. As soon as reasonably possible after receiving a report of alleged sexual harassment from another District staff member or after receiving a report directly through any means, the Title IX Coordinator shall contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant’s wishes with respect to supportive measures;

- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- explain to the complainant the process for filing a formal complaint.

Supportive Measures

The District shall offer supportive measures to the complainant and make supportive measures available to the respondent that are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party before or after the filing of a formal complaint or where no formal complaint has been filed. The District shall provide individualized supportive measures to the complainant unless declined in writing by the complainant and shall provide individualized supportive measures that are non-disciplinary and non-punitive to the respondent. A complainant who initially declined the District's offer of supportive measures may request supportive measures at a later time and the District shall provide individualized supportive measures based on the circumstances when the subsequent request is received.

Formal Complaint

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by email. Upon receipt of a formal complaint, a District shall simultaneously provide the following written notice to the parties who are known:

- Notice of the District's grievance process and a copy of the procedures governing the grievance process;
- Notice of the allegations of sexual harassment including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include:
 - ✚ The identities of the parties involved in the incident, if known;
 - ✚ The conduct allegedly constituting sexual harassment; and
 - ✚ The date and location of the alleged incident, if known;
- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process;
- That the parties may have an advisor of their choice, who may be, but is not required to be, an attorney;
- That the parties may inspect and review evidence relevant to the complaint of sexual harassment; and
- That the District's code of conduct prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, in the course of an investigation, the District decides to investigate allegations about the complainant or respondent that are not included in the previous notice, the District shall simultaneously provide notice of the additional allegations to the parties whose identities are known.

The District may consolidate formal complaints of allegations of sexual harassment where the allegations of sexual harassment arise out of the same facts or circumstances and the formal complaints are against more than one respondent; or by more than one complainant against one or more respondents; or by one party against the other party. When the District has consolidated formal complaints so that the grievance process involves more than one complainant or more than one respondent, references to the singular "party", "complainant", or "respondent" include the plural, as applicable.

When investigating a formal complaint and throughout the grievance process, a District shall:

- Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the District and not on the parties;

- Not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process;
- Provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence;
- Not restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence;
- Provide the parties with the same opportunities to have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney, and not limit the choice or presence of advisor for either the complainant or respondent in any meeting or grievance proceeding;
- Provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate;
- Provide both parties an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation; this includes evidence:
 - Whether obtained from a party or other source;
 - The District does not intend to rely upon in reaching a determination regarding responsibility; and
 - That is either Inculpatory or exculpatory; and
- Create an investigative report that fairly summarizes relevant evidence.

At least ten (10)³ days prior to completion of the investigative report, the District shall send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy. The parties shall have at least ten (10)³ days to submit a written response to the evidence. The investigator will consider the written responses prior to completion of the investigative report. All evidence subject to inspection and review shall be available for the parties' inspection and review at any meeting to give each party equal opportunity to refer to such evidence during the meeting.

After the investigative report is sent to the parties, the decision-maker shall:

- Provide each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness;
- Provide each party with the answers;
- Allow for additional, limited follow-up questions from each party; and
- Provide an explanation to the party proposing the questions any decision to exclude a question as not relevant. Specifically, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

No earlier than ten (10) days following the completion of the investigation period, the decision-maker, who cannot be the same person as the Title IX Coordinator or the investigator, shall issue a written determination regarding responsibility. The written determination shall include—

1. Identification of the allegations potentially constituting sexual harassment;
2. A description of the procedural steps taken from the receipt of the formal complaint through the determination, including:
 - a. Any notifications to the parties;
 - b. Interviews with parties and witnesses;
 - c. site visits;
 - d. Methods used to gather other evidence; and
 - e. Hearings held;
3. Findings of fact supporting the determination;
4. Conclusions regarding the application of the District's code of conduct to the facts;
5. A statement of, and rationale for, the result as to each allegation, including:
 - a. A determination regarding responsibility;
 - b. Any disciplinary sanctions imposed on the respondent; and
 - c. Whether remedies designed to restore or preserve equal access to the District's education program or activity will be provided by the District to the complainant; and
6. The procedures and permissible bases for the complainant and respondent to appeal.

The written determination shall be provided to the parties simultaneously. The determination regarding responsibility shall become final on the earlier of:

- If an appeal is not filed, the day after the period for an appeal to be filed expires; or
- If an appeal is filed, the date the written determination of the result of the appeal is provided to the parties.

The District shall investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment as defined in this policy even if proved; did not occur in the District's education program or activity; or did not occur against a person in the United States, then the District shall dismiss the complaint as not meeting the definition of sexual harassment under this policy. A dismissal for these reasons does not preclude action under another provision of the District's code of conduct.

The District may dismiss the formal complaint or any allegations therein, if at any time during the grievance process:

- The complainant notifies the Title IX Coordinator in writing that the complainant would like to withdraw the formal complaint or any allegations therein;
- The respondent is no longer enrolled at the District; or
- Specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the formal complaint or allegations therein.

Upon the dismissal of a formal complaint for any reason, the District shall promptly send written notice of the dismissal and reason(s) for the dismissal simultaneously to the parties.

The District may hire an individual or individuals to conduct the investigation or to act as the determination-maker when necessary.

Appeals

Either party may appeal a determination regarding responsibility or from a dismissal of a formal complaint or any allegations therein, on the following bases:

- a. The existence of a procedural irregularity that affected the outcome of the matter;
- b. Discovery of new evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter;
- c. The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter; or
- d. An appeal of the disciplinary sanctions from the initial determination.⁴

For all appeals, the District shall:

1. Notify the other party in writing when an appeal is filed;
2. Simultaneously Provide all parties a written copy of the District's procedures governing the appeal process;
3. Implement appeal procedures equally for both parties;
4. Ensure that the decision-maker⁵ for the appeal is not the same person as the decision-maker that reached the original determination regarding responsibility or dismissal, the investigator, or the Title IX Coordinator;
5. Provide all parties a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome;
6. Issue a written decision describing the result of the appeal and the rationale for the result; and
7. Provide the written decision simultaneously to both parties.

Confidentiality

Reports of sexual harassment, both informal reports and formal complaints, will be treated in a confidential manner to the extent possible. Limited disclosure may be provided to:

- Individuals who are responsible for handling the District's investigation and determination of responsibility to the extent necessary to complete the District's grievance process;
- Submit a report to the child maltreatment hotline;
- Submit a report to the Professional Licensure Standards Board for reports alleging sexual harassment by an employee towards a student; or
- The extent necessary to provide either party due process during the grievance process.⁵

Except as listed above, the District shall keep confidential the identity of:

-  Any individual who has made a report or complaint of sex discrimination;
-  Any individual who has made a report or filed a formal complaint of sexual harassment;
-  Any complainant;
-  Any individual who has been reported to be the perpetrator of sex discrimination;
-  Any respondent; and
-  Any witness.

Any supportive measures provided to the complainant or respondent shall be kept confidential to the extent that maintaining such confidentiality does not impair the ability of the District to provide the supportive measures.

Emergency removal⁶

The District may remove a respondent from the District's education program or activity on an emergency basis only after the completion of an individualized safety and risk analysis that determines that an immediate threat

to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal. A removed student will be provided with notice and an opportunity to challenge the removal decision immediately following the removal.

Retaliation Prohibited

Students, or the parents/legal guardians/ other responsible adult of a student, who submit a report or file a formal complaint of sexual harassment,; testified; assisted; or participate or refused to participate in any manner in an investigation, proceeding, or hearing on sexual harassment shall not be subjected to retaliation or reprisal in any form, including threats; intimidation; coercion; discrimination; or charges for code of conduct violations that do not involve sex discrimination or sexual harassment, arise out of the same facts or circumstances as a report or formal complaint of sex discrimination, and are made for the purpose of interfering with any right or privilege under this policy. The District shall take steps to prevent retaliation and shall take immediate action if any form of retaliation occurs regardless of whether the retaliatory acts are by District officials, students, or third parties.

Disciplinary Sanctions

It shall be a violation of this policy for any student to be subjected to, or to subject another person to, sexual harassment. Following the completion of the District's grievance process, any student who is found by the evidence to more likely than not⁷ have engaged in sexual harassment will be subject to disciplinary action up to, and including, expulsion. No disciplinary sanction or other action that is not a supportive measure may be taken against a respondent until the conclusion of the grievance process.

Students who knowingly fabricate allegations of sexual harassment or purposely provide inaccurate facts shall be subject to disciplinary action up to and including expulsion. A determination that the allegations do not rise to the level of sexual harassment alone is not sufficient to conclude that any party made a false allegation or materially false statement in bad faith.

Records

The District shall maintain the following records for a minimum of seven (7) years:

- Each sexual harassment investigation including:
- Any determination regarding responsibility;
- any disciplinary sanctions imposed on the respondent;
- Any remedies provided to the complainant designed to restore or preserve equal access to the District's education program or activity;
- Any appeal and the result therefrom;
- All materials used to train Title IX Coordinators, investigators, and decision-makers;
- Any actions, including any supportive measures, taken in response to a report or formal complaint of sexual harassment, which must include:
 - The basis for the District's conclusion that its response was not deliberately indifferent; and
 - Document:
 - If supportive measures were provided to the complainant, the supportive measures taken designed to restore or preserve equal access to the District's education program or activity; or
 - If no supportive measures were provided to a complainant, document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

Notes: ¹ 34 C.F.R. § 106.44 requires that a district have procedures governing the grievance process and the appeals process to accompany this policy. The procedures are required to cover all of the following:

- Direct that complainants and respondents shall be treated equitably by:
 - Offering supportive measures to the complainant;
 - Completing the District's grievance process before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent.
 - Providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent that are designed to restore or preserve equal access to the District's education program or activity, which may include the same individualized supportive measures;
 - Require an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence;
 - Provide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
 - Require that any individual designated by the District as a Title IX Coordinator, investigator, or decision-maker not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent;
- Indicate that individuals selected by the District as Title IX Coordinators, investigators, and decision-makers have received training on:
 - The definition of sexual harassment;
 - The scope of the District's education program or activity;
 - How to conduct an investigation and the grievance process, including appeals;
 - How to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias; and
 - Issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant; and
 - Issues of relevance to create an investigative report that fairly summarizes relevant evidence;
- Provide the District webpage where the materials used to train the District's Title IX Coordinators, investigators, and decision-makers is located;
- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process;
- Include reasonably prompt time frames for conclusion of the grievance process, including reasonably prompt time frames for filing and resolving appeals;³
- A process that allows for the temporary delay of the grievance process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action, which may include:
 - The absence of a party, a party's advisor, or a witness;
 - Concurrent law enforcement activity; or
 - The need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the District may implement following any determination of responsibility;
- State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence standard or the clear and convincing evidence standard;⁷
- Include the procedures and permissible bases for the complainant and respondent to appeal;

- Describe the range of supportive measures available to complainants and respondents; and
- Indicate that the District shall not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege or use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party unless the District obtains the parent, legal guardian, or other responsible adult of that party's voluntary, written consent or that party's voluntary, written consent if the party is over the age of eighteen (18) to do so for the grievance process.

² While the definition for sexual harassment from 34 C.F.R. § 106.30 includes that the sexual conduct with an employee must be "unwelcome", we have removed the word "unwelcome" from the student policy as A.C.A § 12-18-103 prohibits sexual conduct between district employees and students regardless of whether the student considers the sexual conduct to be welcome or unwelcome.

³ The minimum number of days you are required to provide for the parties to review the evidence is ten (10) days. Make sure that the number of days you include here matches with the time frame included in your procedures governing the grievance process.

⁴ A.C.A. § 6-18-502(c)(1)(B) provides that the superintendent has the authority to "modify the prescribed penalties for a student on a case-by-case basis". 34 C.F.R. § 106.45 requires that either party must have an equal opportunity to appeal for the stated reasons; therefore, both the complainant and respondent have the right to appeal the initial determination-maker's disciplinary sanctions.

⁵ While the Family Educational Rights and Privacy Act (FERPA) ordinarily requires that documents containing information about more than one student be redacted so that a student may only view the portion of the educational record that is relevant to that particular student, 34 C.F.R. § 106.6 provides that FERPA does not apply to the extent necessary to provide due process to both parties involved in the grievance process; this includes allowing either party to review the names of the other party as well as any witnesses who have provided evidence relevant to the investigation.

⁶ The language here does not change an individual's rights under the IDEA, Section 504, or the ADA.

⁷ We have opted to use the preponderance of the evidence standard for determination of responsibility. If you choose to use the clear and convincing evidentiary standard instead, change the language here to indicate so and make sure that your procedures indicate so as well. 34 C.F.R. § 106.45 requires that you use the same evidentiary standard for both students and employees.

4.29—INTERNET SAFETY and ELECTRONIC DEVICE USE POLICY

Definition

For the purposes of this policy, "electronic device" means anything that can be used to transmit or capture images, sound, or data.

The District makes electronic device(s) and/or electronic device Internet access available to students, to permit students to perform research and to allow students to learn how to use electronic device technology. Use of district electronic devices is for educational and/or instructional purposes only. Student use of electronic device(s) shall only be as directed or assigned by staff or teachers; students are advised that they enjoy no expectation of privacy in any aspect of their electronic device use, including email, and that monitoring of student electronic device use is continuous.

No student will be granted Internet access until and unless an Internet and electronic device use agreement, signed by both the student and the parent or legal guardian (if the student is under the age of eighteen [18]) is on file. The current version of the Internet and electronic device use agreement is incorporated by reference into board policy and is considered part of the student handbook.

Technology Protection Measures

The District is dedicated to protecting students from materials on the Internet or world wide web that are inappropriate, obscene, or otherwise harmful to minors; therefore, it is the policy of the District to protect each electronic device with Internet filtering software that is designed to prevent students from accessing such materials. For purposes of this policy, "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:

- (A) taken as a whole and with respect to minors, appeals to a prurient interest in nudity, sex, or excretion;
- (B) depicts, describes, or represents, in a patently offensive way with respect to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
- (C) taken as a whole, lacks serious literary, artistic, political, or scientific value as to minors.

Internet Use and Safety

The District is dedicated to ensuring that students are capable of using the Internet in a safe and responsible manner. The District uses technology protection measures to aid in student safety and shall also educate students on appropriate online behavior and Internet use including, but not limited to:

- interacting with other individuals on social networking websites and in chat rooms;
- Cyber bullying awareness; and
- Cyber bullying response.

Misuse of Internet

The opportunity to use the District's technology to access the Internet is a privilege and not a right. Students who misuse electronic devices or Internet access in any way will face disciplinary action, as specified in the student handbook and/or Internet safety and electronic device use agreement. Misuse of the Internet includes:

- The disabling or bypassing of security procedures, compromising, attempting to compromise, or defeating the district's technology network security or Internet filtering software;
- The altering of data without authorization;
- Disclosing, using, or disseminating passwords, whether the passwords are the student's own or those of another student/faculty/community member, to other students;
- Divulging personally identifying information about himself/herself or anyone else either on the Internet or in an email unless it is a necessary and integral part of the student's academic endeavor. Personally identifying information includes full names, addresses, and phone numbers.
- Using electronic devices for any illegal activity, including electronic device hacking and copyright or intellectual property law violations;
- Using electronic devices to access or create sexually explicit or pornographic text or graphics;
- Using electronic devices to violate any other policy or is contrary to the Internet safety and electronic device use agreement.

4.30—SUSPENSION FROM SCHOOL

Students not present at school cannot benefit from the educational opportunities the school environment affords. Administrators, therefore, shall strive to find ways to keep students in school as participants in the educational process. There are instances, however, when the needs of the other students or the interests of the orderly learning environment require the removal of a student from school. The Board authorizes school principals or their designees to suspend students for disciplinary reasons for a period of time not to exceed ten (10) school days, including the day upon which the suspension is imposed. The suspension may be in school or out of school. Students are responsible for their conduct that occurs:

- at any time on the school grounds;
- off school grounds at a school-sponsored function, activity, or event;
- going to and from school or a school activity.

A student may be suspended for behavior including, but not limited to, that:

1. Is in violation of school policies, rules, or regulations;
2. Substantially interferes with the safe and orderly educational environment;
3. School administrators believe will result in the substantial interference with the safe and orderly educational environment; and/or
4. Is insubordinate, incorrigible, violent, or involves moral turpitude.

Out-of-school suspension (OSS) shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

OSS shall not be used to discipline a student for skipping class, excessive absences, or other forms of truancy.

The school principal or designee shall proceed as follows in deciding whether or not to suspend a student.

1. the student shall be given written notice or advised orally of the charges against him/her;
2. if the student denies the charges, he/she shall be given an explanation of the evidence against him/her and be allowed to present his/her version of the facts;
3. if the principal finds the student guilty of the misconduct, he/she may be suspended.

When possible, notice of the suspension, its duration, and any stipulations for the student's re-admittance to class will be given to the parent(s), legal guardian(s), person(s) with lawful control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older prior to the suspension. Such notice shall be handed to the parent(s), legal guardian(s), person(s) having lawful

control of the student, person(s) standing in loco parentis, or to the student if age eighteen (18) or older or mailed to the last address reflected in the records of the school district.

Generally, notice and hearing should precede the student's removal from school, but if prior notice and hearing are not feasible, as where the student's presence endangers persons or property or threatens disruption of the academic process, thus justifying immediate removal from school, the necessary notice and hearing should follow as soon as practicable.

It is the responsibility of a student's parents², legal guardians², person having lawful control of the student, or person standing in loco parentis to provide current contact information to the district, which the school shall use to immediately notify the parent, legal guardian, person having lawful control of a student, or person standing in loco parentis upon the suspension of a student. The notification shall be by one of the following means, listed in order of priority:²

- A primary call number;
 - The contact may be by voice, voice mail, or text message.
- An email address;
- A regular first class letter to the last known mailing address.
-

The district shall keep a log of contacts attempted and made to the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of OSS.

During the period of their suspension, students serving OSS are not permitted on campus except to attend a student/parent/administrator conference or when necessary as part of the District's engagement or access to education program.³

During the period of their suspension, students serving in-school suspension shall not attend any school-sponsored activities during the imposed suspension nor shall the student participate in any school-sponsored activities.

Suspensions initiated by the principal or his/her designee may be appealed to the Superintendent, but not to the Board.

Suspensions initiated by the Superintendent may be appealed to the Board.

Notes: To satisfy a student's due process rights, make sure that all the IDEA requirements are met for students receiving special education services.

¹ The ten (10) school days are on a traditional school calendar. If your district uses a 4x4 block schedule, the number of days of suspension will need to be modified accordingly.

² A.C.A. § 6-18-507(f)(3) requires attempts at contacting parents be made first by phone. If such contact fails, then contact may be by email, and if that is unsuccessful, contact may be by regular first class mail.

³ Your final language needs to match the language you have chosen for suspensions in policy 4.7.

4.31—EXPULSION

The Board of Education may expel a student for a period longer than ten (10) school days for violation of the District's written discipline policies. The Superintendent may make a recommendation of expulsion to the Board of Education for student conduct:

Deemed to be of such gravity that suspension would be inappropriate;

- Where the student's continued attendance at school would disrupt the orderly learning environment; or
- Would pose an unreasonable danger to the welfare of other students or staff.

Expulsion shall not be used to discipline a student in kindergarten through fifth (5th) grade unless the student's behavior:

- a. Poses a physical risk to himself or herself or to others;
- b. Causes a serious disruption that cannot be addressed through other means; or
- c. Is the act of bringing a firearm on school campus.

The Superintendent or his/her designee shall give written notice to the parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis (mailed to the address reflected on the District's records) that he/she will recommend to the Board of Education that the student be expelled for the specified length of time and state the reasons for the recommendation to expel. The notice shall give the date, hour, and place where the Board of Education will consider and dispose of the recommendation.

The hearing shall be conducted not later than ten (10) school days following the date of the notice, except that representatives of the Board and student may agree in writing to a date not conforming to this limitation.

The President of the Board, Board attorney, or other designated Board member shall preside at the hearing. The student may choose to be represented by legal counsel. Both the district administration and School Board also may be represented by legal counsel. The hearing shall be conducted in open session of the Board unless the parent, legal guardian, person having lawful control of the student, person standing in loco parentis, or student if age eighteen (18) or older, requests that the hearing be conducted in executive session. Any action taken by the Board shall be in open session.

During the hearing, the Superintendent, or designee, or representative will present evidence, including the calling of witnesses that gave rise to the recommendation of expulsion. The student, or his/her representative, may then present evidence including statements from persons with personal knowledge of the events or circumstances relevant to the charges against the student. Formal cross-examination will not be permitted; however, any member of the Board, the Superintendent, or designee, the student, or his/her representative may question anyone making a statement and/or the student. The presiding officer shall decide questions concerning the appropriateness or relevance of any questions asked during the hearing.

Except as permitted by policy 4.22, the Superintendent shall recommend the expulsion of any student for a period of not less than one (1) year for possession of any firearm prohibited on school campus by law. The Superintendent shall, however, have the discretion to modify the expulsion recommendation for a student on a case-by-case basis. Parents, legal guardians, persons having lawful control of a student, or persons standing in loco parentis of a student enrolling from another school after the expiration of an expulsion period for a weapons policy violation shall be given a copy of the current laws regarding the possibility of parental responsibility for allowing a child to possess a weapon on school property. The parents, legal guardians,

persons having lawful control of the student, or persons standing in loco parentis shall sign a statement acknowledging that they have read and understand said laws prior to the student being enrolled in school.

The Superintendent and the Board of Education shall complete the expulsion process of any student that was initiated because the student possessed a firearm or other prohibited weapon on school property regardless of the enrollment status of the student.

The District shall establish programs, measures, or alternative means and methods to continue student engagement and access to education during a student's period of expulsion.

Notes: To satisfy a student's due process rights, make sure that all the IDEA requirements are met for students receiving special education services.

¹ The ten (10) school days are on a traditional school calendar. If your district uses a 4x4 block schedule, the number of days of suspension will need to be modified accordingly.

4.32—SEARCH, SEIZURE, AND INTERROGATIONS

The District respects the rights of its students against arbitrary intrusion of their person and property. At the same time, it is the responsibility of school officials to protect the health, safety, and welfare of all students enrolled in the District in order to promote an environment conducive to student learning. The Superintendent, principals, and their designees have the right to inspect and search school property and equipment. They may also search students and their personal property in which the student has a reasonable expectation of privacy, when there is reasonable and individualized suspicion to believe such student or property contains illegal items or other items in violation of Board policy or dangerous to the school community. School authorities may seize evidence found in the search and disciplinary action may be taken. Evidence found which appears to be in violation of the law shall be reported to the appropriate authority.

School property shall include, but not be limited to, lockers, desks, and parking lots, as well as personal effects left there by students. When possible, prior notice will be given and the student will be allowed to be present along with an adult witness, however, searches may be done at any time with or without notice or the student's consent. A personal search must not be excessively intrusive in light of the age and sex of the student and the nature of the infraction.

The Superintendent, principals, and their designees may request the assistance of law enforcement officials to help conduct searches. Such searches may include the use of specially trained dogs.

A school official of the same sex shall conduct personal searches with an adult witness of the same sex present.

State Law requires that Department of Human Services employees, local law enforcement, or agents of the Crimes Against Children Division of the Division of Arkansas State Police, may interview students without a court order for the purpose of investigating suspected child abuse. In instances where the interviewers deem it necessary, they may exercise a "72-hour hold" without first obtaining a court order. Other questioning of students by non-school personnel shall be granted only with a court order directing such questioning, with permission of the parents of a student (or the student if above eighteen [18] years of age), or in response to a subpoena or arrest warrant.

If the District makes a report to any law enforcement agency concerning student misconduct or if access to a student is granted to a law enforcement agency due to a court order, the principal or the principal's designee shall make a good faith effort to contact the student's parent, person having lawful control of the student, or person standing in loco parentis. The principal or the principal's designee shall not attempt to make such contact if presented documentation by the investigator that notification is prohibited because a parent, guardian, person having lawful control of the student, or person standing in loco parentis is named as an alleged offender of the suspected child maltreatment. This exception applies only to interview requests made by a law enforcement officer, an investigator of the Crimes Against Children Division of the Department of Arkansas State Police, or an investigator or employee of the Division of Human Services.

In instances other than those related to cases of suspected child abuse, principals must release a student to either a police officer who presents a subpoena for the student, or a warrant for arrest, or to an agent of state social services or an agent of a court with jurisdiction over a child with a court order

signed by a judge. Upon release of the student, the principal or designee shall give the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis notice that the student has been taken into custody by law enforcement personnel or a state's social services agency. If the principal or designee is unable to reach the parent, he or she shall make a reasonable, good faith effort to get a message to the parent to call the principal or designee, and leave both a day and an after-hours telephone number.

4.33—STUDENTS' VEHICLES

A student, who has presented a valid driver's license and proof of insurance to the appropriate office personnel, may drive his/her vehicle to school. Vehicles driven to school shall be parked in the area designated for student parking. Parking on school property is a privilege which may be denied to a student for any disciplinary violation, at the discretion of the student's building principal.

Students are not permitted to loiter in parking areas and are not to return to their vehicles during the school day for any reason unless given permission to do so by school personnel.

It is understood that there is no expectation of privacy in vehicles in parking areas. Drivers of vehicles parked on a school campus will be held accountable for illegal substances or any other item prohibited by District policy found in their vehicle. The act of a student parking a vehicle on campus is a grant of permission for school or law enforcement authorities to search that vehicle.

4.34—COMMUNICABLE DISEASES AND PARASITES

Students with communicable diseases or with human host parasites that are transmittable in a school environment shall demonstrate respect for other students by not attending school while they are capable of transmitting their condition to others. Students whom the school nurse determines are unwell or unfit for school attendance or who are believed to have a communicable disease or condition will be required to be picked up by their parent or guardian. Specific examples include, but are not limited to: Varicella (chicken pox), measles, scabies, conjunctivitis (Pink Eye), impetigo/MRSA (Methicillin-resistant *Staphylococcus aureus*), streptococcal and staphylococcal infections, ringworm, mononucleosis, Hepatitis B or C, mumps, vomiting, diarrhea, and fever (100.4 F when taken orally). A student who has been sent home by the school nurse will be subsequently readmitted, at the discretion of the school nurse, when the student is no longer a transmission risk. In some instances, a letter from a health care provider may be required prior to the student being readmitted to the school.

To help control the possible spread of communicable diseases, school personnel shall follow the District's exposure control plan when dealing with any bloodborne, foodborne, and airborne pathogens exposures. Standard precautions shall be followed relating to the handling, disposal, and cleanup of blood and other potentially infectious materials such as all body fluids, secretions and excretions (except sweat).

In accordance with 4.57 – IMMUNIZATIONS, the District shall maintain a copy of each student's immunization record and a list of individuals with exemptions from immunization which shall be education records as defined in policy 4.13. That policy provides that an education record may be disclosed to appropriate parties in connection with an emergency if knowledge of the information is necessary to protect the health or safety of the student or other individuals.

A student enrolled in the District who has an immunization exemption may be removed from school at the discretion of the Arkansas Department of Health during an outbreak of the disease for which the student is not vaccinated. The student may not return to the school until the outbreak has been resolved and the student's return to school is approved by the Arkansas Department of Health.

The parents or legal guardians of students found to have live human host parasites that are transmittable in a school environment will be asked to pick their child up immediately. The parents or legal guardians will be given information concerning the eradication and control of human host parasites. A student may be readmitted after; the school nurse or designee has determined the student no longer has live human host parasites that are transmittable in a school environment.

Each school may conduct screenings of students for human host parasites that are transmittable in a school environment as needed. The screenings shall be conducted in a manner that respects the privacy and confidentiality of each student.

4.35—STUDENT MEDICATIONS

Prior to the administration of any medication, including any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, to any student under the age of eighteen (18), written parental consent is required. The consent form shall include authorization to administer the medication and relieve the Board and its employees of civil liability for damages or injuries resulting from the administration of medication to students in accordance with this policy. All signed medication consent forms are to be maintained by the school nurse.

Unless authorized to self-administer or otherwise authorized by this policy, students are not allowed to carry any medications, including over-the-counter (OTC) medications or any dietary supplement or other perceived health remedy not regulated by the US Food and Drug Administration, while at school. The parent or legal guardian shall bring the student's medication to the school nurse. The student may bring the medication if accompanied by a written authorization from the parent or legal guardian. When medications are brought to the school nurse, the nurse shall document, in the presence of the parent, the quantity of the medication(s). If the medications are brought by a student, the school nurse shall ask another school employee to verify, in the presence of the student the quantity of the medication(s). Each person present shall sign a form verifying the quantity of the medication(s).

Medications, including those for self-administration, must be in the original container and be properly labeled with the student's name, the ordering provider's name, the name of the medication, the dosage, frequency, and instructions for the administration of the medication (including times). Additional information accompanying the medication shall state the purpose for the medication, its possible side effects, and any other pertinent instructions (such as special storage requirements) or warnings. Schedule II medications that are permitted by this policy to be brought to school shall be stored in a double locked cabinet.

Students with an individualized health plan (IHP) may be given OTC medications to the extent giving such medications are included in the student's IHP.

The district's supervising registered nurse is responsible for creating procedures for the administration of medications on and off campus.

The school shall not keep outdated medications or any medications past the end of the school year. Parents shall be notified ten (10) days in advance of the school's intention to dispose of any medication. Medications not picked up by the parents or legal guardians within the ten (10) day period shall be disposed of by the school nurse in accordance with current law and rules.¹

Students taking Schedule II medications methylphenidate (e.g. Ritalin or closely related medications as determined by the school nurse), dextroamphetamine (Dexedrine), and amphetamine sulfate (e.g. Adderall or closely related medications as determined by the school nurse) shall be allowed to attend school.

Students taking Schedule II medications not included in the previous sentence³ shall be allowed to bring them to school under the provisions of this policy and shall be permitted to attend and participate

in classes **only** to the extent the student's doctor has specifically authorized such attendance and participation.⁴ A doctor's prescription for a student's Schedule II medication is **not** an authorization. Attendance authorization shall specifically state the degree and potential danger of physical exertion the student is permitted to undertake in the student's classes and extracurricular activities. Without a doctor's written authorization, a student taking Schedule II medications, other than those specifically authorized in this policy, shall **not** be eligible to attend classes, but shall be eligible for homebound instruction if provided for in their IEP or 504 plans.⁵

Self-Administration of Medication

Students who have written permission from their parent or guardian and a licensed health care practitioner on file with the District may:

1. Self-administer either a
 - Rescue inhaler; or
 - Auto-injectable or nasal spray epinephrine;
2. Perform the student's own blood glucose checks;
3. Administer insulin through the insulin delivery system the student uses;
4. Treat the student's own hypoglycemia and hyperglycemia; or
5. Possess on the student's person:
 - A. A rescue inhaler;
 - B. Auto-injectable or nasal spray epinephrine; or
 - C. The necessary supplies and equipment to perform the student's own diabetes monitoring and treatment functions.

A student may be authorized to self-administer a stress dose medication to treat the student's adrenal insufficiency with:

1. The written authorization of the student's parent, legal guardian, or person standing in loco parentis; and
2. A written order from the student's treating physician stating that the student:
 - a. Is capable of completing the proper method of self-administration of the stress dose medication; and
 - b. Has been instructed on the details of the student's medical condition and the events that may lead to an adrenal crisis.

The parent, legal guardian, or person standing in loco parentis of a student who is authorized to self-administer a stress dose medication shall sign an IHP developed by the school nurse for the school where the student is enrolled. The IHP shall include a requirement for the notification of appropriate staff following the self-administration of a stress dose medication, which shall include the school nurse, teacher of the classroom where the stress dose medication was administered, and a school administrator.

- At an on-site school sponsored activity;
- While traveling to or from school; or
- At an off-site school sponsored activity.

A student is prohibited from sharing, transferring, or in any way diverting the student's medications to any other person. The fact that a student with a completed consent form on file is allowed to carry a rescue inhaler; auto-injectable or nasal spray epinephrine; diabetes medication; stress dose medication; or combination does not require the student to have such on the student's person. The parent or guardian of a student who qualifies under this policy to self-carry a rescue inhaler; auto-injectable or nasal spray epinephrine; diabetes medication; stress dose medication; or any combination on the student's person shall provide the school with the appropriate medication, which shall be immediately available to the student in an emergency.

Students may possess and use a topical sunscreen that is approved by the United States Food and Drug Administration for OTC use to avoid overexposure to the sun without written authorization from a parent, legal guardian, or healthcare professional while the student is on school property or at a school-related event or activity. The parent or guardian of a student may provide written documentation authorizing specifically named District employee(s), in addition to the school nurse, to assist a student in the application of sunscreen. The District employee(s) named in the parent or legal guardian's written authorization shall not be required to assist the student in the application of sunscreen.

Emergency Administration of Glucagon and Insulin

Students may be administered Glucagon, insulin, or both in emergency situations by the school nurse or, in the absence of the school nurse, a trained volunteer school employee designated as a care provider, provided the student has:

1. an IHP- that provides for the administration of Glucagon, insulin, or both in emergency situations; and
2. a current, valid consent form on file from their parent or guardian.

A student shall have access to a private area to perform diabetes monitoring and treatment functions as outlined in the student's IHP.

Emergency Administration of Epinephrine

The school nurse or other trained⁶ school employees designated by the school nurse as a care provider who have been certified by a licensed physician may administer ~~an~~ epinephrine, either through an auto-injector or nasal spray, in emergency situations to students who have an IHP that provides for the administration of ~~an~~ epinephrine in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other trained⁶ school employee(s) certified to administer epinephrine to administer auto-injector or nasal spray epinephrine to the student when the employee believes the student is having a life-threatening anaphylactic reaction.

Students with an order from a licensed health care provider to self-administer epinephrine, either through an auto-injector or nasal spray, and who have written permission from their parent or guardian shall provide the school nurse either an auto-injector or nasal spray epinephrine. This epinephrine will be used in the event the school nurse, or other school employee certified to administer ~~auto-injector~~

epinephrine, in good faith professionally believes the student is having a life-threatening anaphylactic reaction and the student is either not self-carrying epinephrine or the nurse is unable to locate it.

The school nurse for each District school shall keep epinephrine on hand that are suitable for the students the school serves. The school nurse or other trained⁶ school employee designated by the school nurse as a care provider who has been certified by a licensed physician may administer epinephrine to those students who the school nurse, or other trained⁶ school employee certified to administer auto-injector epinephrine, in good faith professionally believes is having a life-threatening anaphylactic reaction.

Emergency Administration of Albuterol

The school nurse or other trained⁶ school employees designated by the school nurse as a care provider who have been certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol in emergency situations to students who have an IHP that provides for the administration of albuterol in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other trained⁶ school employee(s) certified to administer albuterol to administer albuterol to the student when the employee believes the student is in perceived respiratory distress.

The school nurse for each District school shall keep albuterol on hand. The school nurse or other trained⁶ school employee designated by the school nurse as a care provider who has been certified by a licensed physician, advanced practice registered nurse, or physician assistant may administer albuterol to those students who the school nurse, or other trained⁶ school employee certified to administer albuterol, in good faith professionally believes is in perceived respiratory distress.

The opioid overdose rescue kits shall be located where it is readily available to the public, be visually free of advertisement, and contain an anti-opioid.

Emergency Administration of Emergency Adrenal Insufficiency Medication

The school nurse or other trained⁶ school employees designated by the school nurse as a care provider who have been certified by a licensed physician may administer an injectable emergency dose medication in emergency situations to students who have an IHP that provides for the administration of an injectable emergency dose medication in emergency situations.

The parent of a student who has an authorizing IHP, or the student if over the age of eighteen (18), shall annually complete and sign a written consent form provided by the student's school nurse authorizing the nurse or other trained⁶ school employee(s) certified to administer an injectable emergency dose medication to administer an injectable emergency dose medication to the student when the employee believes the student is having an adrenal crisis due to adrenal insufficiency.

Students who have met the requirements to be authorized to self-administer a stress dose medication under this policy shall provide the school nurse an emergency injectable dose of the student's medication. This emergency injectable dose will be used in the event the school nurse, or other school employee certified to administer an injectable emergency dose medication, in good faith professionally believes the student is having an adrenal crisis due to adrenal insufficiency.

Seizure Disorder Medications

Students who have been diagnosed with a seizure disorder shall have a seizure action plan that shall be a written IHP designed to acknowledge and prepare for the healthcare needs of the student. The student's seizure action plan shall be created in collaboration between District staff and the student's Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis or the student if over eighteen (18). As part of the creation of the student's seizure action plan, the student's Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall:

The written authorization, written statement, and seizure action plan shall be kept on file in the office of the school nurse or school administrator and distributed to any school personnel or volunteers responsible for the supervision or care of the student.

Notes: A.C.A. § 17-87-103(11) provides for the administration of Glucagon, insulin, or both to students suffering from diabetes.

Districts are not under any obligation to "recruit" volunteers and 4.11 of the Rules explicitly states that no employee shall be pressured into volunteering.

A.C.A. § 6-18-711(d) requires that, if a school district provides educational information on immunizations, infectious diseases, medications, or other school health issues to parents and guardians of students, then the following educational information that is created by the Department of Education, in cooperation with the Department of Health, about Type 1 and Type 2 diabetes shall be provided to parents as well:

- A description of Type 1 and Type 2 diabetes;
- A description of the risk factors and warning signs associated with Type 1 and Type 2 diabetes;
- A recommendation to the parent or guardian of a student displaying warning signs associated with Type 1 or Type 2 diabetes that the parent or guardian consult with the student's primary care provider to determine if immediate screening for Type 1 or Type 2 diabetes is appropriate;
- A description of the screening processes for both Type 1 and Type 2 diabetes and of the significance of the stages of Type 1 diabetes;
- A recommendation that, following a Type 1 or Type 2 diabetes diagnosis, the parent or guardian consult with the student's primary care provider to develop an appropriate treatment plan; and
- A statement that the diabetes-related educational information is solely for the purposes of educational information and shall not be considered or construed to be for the purposes of providing a medical diagnosis.

¹ The time frame in this paragraph is not statutorily mandated and may be changed to better suit your district and the employment contract of the school nurse. Any changes you make, however, need to address the need for students to have their medications through the last day of school and the reality of parents' work schedules.

² This policy offers two different options regarding permissibility of students attending and participating in classes while taking Schedule II medications. Be sure only one option is included in the adopted policy and delete the "Option One" or "Option Two" language after your selection along with the language for the unchosen option in the final version. Be sure to consult with your school nurse when selecting an option.

³ Here is a helpful, but not all-inclusive, list of prohibited Schedule II medications: Opium, morphine, codeine, hydromorphone (Dilaudid), methadone, meperidine (Demerol), cocaine, oxycodone (Percodan), amobarbital, pentobarbital, sufentanil, etorphine hydrochloride, phenylactone, dronabinol, secobarbital, and fentanyl.

⁴ A student who has surgery or is in an accident may be taking a Schedule II medication outside of those a student may take and be permitted to attend classes under Option 1 or may have been told by the student's doctor to not attend class during the time the student is taking the Schedule II medication. In such cases, a 504 plan can be developed to cover the duration of the student's recovery, which could include homebound instruction.

⁵ The specific authorization should be provided on the doctor's letterhead along with the completed Medication Administration Consent Form (4.35F).

⁶ The training may be received through a nationally recognized organization experienced in training laypersons in emergency health treatment or other persons approved by the Department of Health. Examples of National programs are those provided by the American Heart Association and the American Red Cross. The certification refers to the memorandum of understanding provided by the physician authorizing the school nurse and trained school personnel to administer the medication.

4.36—STUDENT ILLNESS/ACCIDENT

If a student becomes too ill to remain in class and/or could be contagious to other students, the principal or designee will attempt to notify the student's parent or legal guardian. The student will remain in the school's health room or a place where he/she can be supervised until the end of the school day or until the parent/legal guardian can check the student out of school.¹

If a student becomes seriously ill or is injured while at school and the parent/legal guardian cannot be contacted, the failure to make such contact shall not unreasonably delay the school's expeditious transport of the student to an appropriate medical care facility. The school assumes no responsibility for treatment of the student. When available, current, and applicable, the student's emergency contact numbers and medical information will be utilized. Parents are strongly encouraged to keep this information up to date.

Note: ¹ Students who are eighteen (18) years of age or older are considered to be legal adults, and as such have the right to check themselves out of school.

4.37—EMERGENCY DRILLS

All schools in the District shall conduct fire drills at least monthly. Tornado drills shall also be conducted not fewer than three (3) times per year.¹ Students who ride school buses,² shall also participate in emergency evacuation drills at least twice each school year.

The District shall annually conduct a lockdown drill at all schools in the District in collaboration with local law enforcement, medical professionals, fire department officials, and emergency management personnel. The lockdown drill training will include use of the District's emergency communication method with law enforcement.^{3,4} Students will be included in the drills to the extent that is developmentally appropriate for the age of both the students and grade configuration of the school.⁵

Drills may be conducted during the instructional day or during non-instructional time periods.

Other types of emergency drills may also be conducted to test the implementation of the District's emergency plans in the event of violence, terrorist attack, natural disaster, other emergency, or the District's emergency communication with law enforcement method³. Students shall be included in the drills to the extent practicable.⁵

Notes: Districts are required to conduct a comprehensive school safety assessment to assess the safety, security, accessibility, and emergency preparedness of district buildings and grounds in collaboration with local law enforcement, fire, and emergency management officials. The school safety assessment must be conducted at least once every three (3) years, with the initial school safety assessment being completed by no later than August 1, 2024. The comprehensive school safety assessment shall be conducted by more than one (1) individual, which must include at least one (1) individual who is not assigned to the district facility being assessed.

The comprehensive school safety assessment shall include at least all of the following:

- Safety and security of the site and exterior of buildings;
- Access control;
- Safety and security of the interior of buildings;
- Monitoring and surveillance, including without limitation type and extent;
- Communication and information security;
- Review of emergency operation plans; and
- School climate and culture.

When developing your school safety plan, be sure to review and address the items set forth in A.C.A. § 6-15-1303(j).

When updating your emergency response plan, include the cardiac emergency response plan requirements from A.C.A. § 6-18-713.

¹ If your district is determined to be within an area susceptible to earthquakes, add the following:

Earthquake safety drills shall be conducted in accordance with the District's safety plan.

² Students who only ride buses occasionally, such as to go to and/or from a field trip will also have to participate in the evacuation drills.

³ Due to the State opting to not appropriate funding for an emergency communication method with law enforcement, including a panic button alert system, districts are no longer required to have an emergency communication method with law enforcement, such as a panic button alert system, but may continue to do so if they choose. If you choose not to continue to provide an emergency communication method with law enforcement, remove references to it from this policy. If you choose to continue to provide a panic button alert system as your emergency communication method with law enforcement, A.C.A. § 6-15-1302 requires that a district's Panic Button Alert System meet the following requirements:

- A. Connect the caller with 911 while simultaneously notifying designated on-site personnel;
- B. Directly integrate into the existing statewide Smart911 system;
- C. Be available for use as a smartphone application and have a mechanism for panic notifications to be triggered by non-smartphone wireless callers and landline callers; and
- D. Be limited to users designated, approved, and confirmed by school administrators.

Smart911 is required to provide a way for schools to geo-fence the school campus and provide and manage floor plans and other documents to assist emergency responders when they automatically display during a 911 call. Districts are responsible for keeping the floor plans and pertinent emergency contact information for the statewide Smart911 system up to date, which must be done at least annually or if substantial building modifications or changes are made.

⁴ The purpose of the training is to allow participants to:

- Assess the plan and ability of the district to prevent and respond to a threat on campus;
- Clarify the roles and responsibilities of each individual when an emergency occurs;
- Discuss the logistics of handling an emergency on the school campus;
- Identify areas in which the school safety plan should be modified; and
- Collaborate with local law enforcement, fire, and emergency management officials.

⁵ Student involvement will need to be worked out school by school and determined relative to grade and age considerations in conjunction with the actual content of the drill. There may be drills conducted that do not include any students due to the explicit nature of the drill and the age of the students while a drill in another school would include students. There are so many facets of responding to a school intruder/shooting incident that it's difficult to know when your planning has dealt with all the contingencies. A good resource on active shooter drills is the "I Love You Guys" Foundation, which was created by the parents of the victim of the school shooting at Platte Canyon High School in Colorado to develop a protocol to advance school safety. The Foundation has **free** materials for districts that can be a big help when developing protocols and training for both personnel and students. A description of the Foundation's recommended protocol and the materials can be found at <http://iloveguys.org/srp.html>. An additional resource is the Federal government's "Federal School Safety Clearinghouse", which is located at schoolsafety.gov. Some of these sites' information could also be applied to the other emergency plans required by statute and this policy.

Note:

¹ If you have individuals employed under a waiver from licensure, add “or who are an administrator or teacher employed under a waiver from licensure”.

4.40—HOMELESS STUDENTS

The Salem School District will afford the same services and educational opportunities to homeless children as are afforded to non-homeless children. The Superintendent or his/her designee shall appoint an appropriate staff person to be the local educational liaison for homeless children and youth whose responsibilities shall include coordinating with the state educational liaison for homeless children and youth to ensure that homeless children are not stigmatized or segregated on the basis of their status as homeless and such other duties as are prescribed by law and this policy.

Notwithstanding Policy 4.1, homeless students living in the district are entitled to enroll in the district's school that non-homeless students who live in the same attendance area are eligible to attend. If there is a question concerning the enrollment of a homeless child due to a conflict with Policy 4.1 or 4.2, the child shall be immediately admitted to the school in which enrollment is sought pending resolution of the dispute. It is the responsibility of the District's local educational liaison for homeless children and youth to carry out the dispute resolution process.

To the extent feasible, the District shall do one of the following according to what is in the best interests of a homeless child. For the purposes of this policy "school of origin" means the school the child attended when permanently housed or the school in which the child was last enrolled.)

1. continue educating the child who becomes homeless between academic years or during an academic year in their school of origin for the duration of their homelessness;
2. continue educating the child in his/her school of origin who becomes permanently housed during an academic year for the remainder of the academic year; or
3. enroll the homeless child in the school appropriate for the attendance zone where the child lives.

If the District elects to enroll a homeless child in a school other than their school of origin and such action is against the wishes of the child's parent or guardian, the District shall provide the parent or guardian with a written explanation of their reason for so doing which shall include a statement of the parent/guardian's right to appeal.

In any instance where the child is unaccompanied by a parent or guardian, the District's local educational liaison for homeless children and youth shall assist the child in determining his/her place of enrollment. The Liaison shall provide the child with a notice of his/her right to appeal the enrollment decision.

The District shall be responsible for providing transportation for a homeless child, at the request of the parent or guardian (or in the case of an unaccompanied youth, the Liaison), to and from the child's school of origin.*

A homeless student shall be immediately eligible to participate in interscholastic activities at the school in which the student is enrolled.

For the purposes of this policy, students shall be considered homeless if they lack a fixed, regular, and adequate nighttime residence and

4.41—PHYSICAL EXAMINATIONS OR SCREENINGS

The Salem School District may provide from time to time for the administration of physical exams or screenings of its students. The intent of the exams or screenings shall be to detect contagious or infectious diseases or defects in hearing, vision, or other elements of health that would adversely affect the student's ability to achieve to his/her full potential.

Except in instances where a student is suspected of having a contagious or infectious disease, parents shall have the right to opt their student out of the exams or screenings by using form 4.41F or by providing certification from a physician that he/she has recently examined the student.

A student may be required to pass a physical exam before being allowed to participate in certain extracurricular activities to help ensure they are physically capable of withstanding the rigors of the activity. It is understood that students who refuse to take such an exam will not be allowed to participate in the desired activity.

The rights provided to parents under this policy transfer to the student when he/she turns eighteen (18) years old.

4.41F—OBJECTION TO PHYSICAL EXAMINATIONS OR SCREENINGS

I, the undersigned, being a parent or guardian of a student, or a student eighteen (18) years of age or older, hereby note my objection to the physical examination or screening of the student named below.

Physical examination or screening being objected to:

____ Vision test

____ Hearing test

____ Scoliosis test

____ Other, please specify _____

Comments:

Name of student (Printed)

Signature of parent (or student, if 18 or older)

Date form was filed (To be filled in by office personnel)

4.42—STUDENT HANDBOOK

It shall be the policy of the Salem School District that the most recently adopted version of the Student Handbook be incorporated by reference into the policies of this district. In the event that there is a conflict between the student handbook and a general board policy or policies, the more recently adopted language will be considered binding and controlling on the matter provided the parent(s) of the student, or the student if eighteen (18) years of age or older have acknowledged receipt of the controlling language.

Principals shall review all changes to student policies and ensure that such changes are provided to students and parents, either in the Handbook or, if changes are made after the handbook is printed, as an addendum to the handbook.

Principals and counselors shall also review Policies¹ 4.45—SMART CORE CURRICULUM AND GRADUATION REQUIREMENTS and the current DESE Standards for Accreditation Rules to ensure that there is no conflict. If a conflict exists, the Principal and/or Counselor shall notify the Superintendent and Curriculum Coordinator immediately, so that corrections may be made and notice of the requirements given to students and parents.

Notes: ASBA recommends making this page a “pocket” page and inserting your student handbook into the pocket.

The DESE Standards Assurance unit has said there has been a problem with some committees making changes out of alignment with board policy which can make them out of alignment with statutory and/or DESE Rules which creates a probationary cite in a Standards review. They suggest districts should make sure Handbook Committees’ changes align with the student board policy changes. We have not changed the policy regarding the resolution of a conflict between a policy and the handbook because that is accepted legal prioritization.

¹ The use of the plural “Policies” here is to include all of the 4.45 policies, such as 4.45.1 and following, without having to amend the policy each time the number of graduation policies changes.

Respect for the dignity of others is a cornerstone of civil society. Bullying creates an atmosphere of fear and intimidation, robs a person of his/her dignity, detracts from the safe environment necessary to promote student learning, and will not be tolerated by the Board of Directors. Students who bully another person shall be held accountable for their actions whether they occur on school equipment or property; off school property at a school sponsored or approved function, activity, or event; going to or from school or a school activity in a school vehicle or school bus; or at designated school bus stops.

Students are encouraged to report behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, to their teacher or the building principal. The report may be made anonymously. Teachers and other school employees who have witnessed, or are reliably informed that, a student has been a victim of behavior they consider to be bullying, including a single action which if allowed to continue would constitute bullying, shall report the incident(s) to the building principal, or designee, as soon as possible. Parents or legal guardians may submit written reports of incidents they feel constitute bullying, or if allowed to continue would constitute bullying, to the building principal, or designee.

The person or persons reporting behavior they consider to be bullying shall not be subject to retaliation or reprisal in any form.

Students found to be in violation of this policy shall be subject to disciplinary action up to and including expulsion. In determining the appropriate disciplinary action, consideration may be given to other violations of the student handbook which may have simultaneously occurred.¹ In addition to any

disciplinary actions, the District shall take appropriate steps to remedy the effects resulting from bullying.

Notice of what constitutes bullying, the District's prohibition against bullying, and the consequences for students who bully shall be conspicuously posted in every classroom, cafeteria, restroom, gymnasium, auditorium, and school bus.² Parents, legal guardians, person having lawful control of a student, persons standing in loco parentis, students, school volunteers, and employees shall be given copies of the notice annually.³

The superintendent shall make a report annually to the Board of Directors on student discipline data, which shall include, without limitation, the number of incidents of bullying reported and the actions taken regarding the reported incidents of bullying.

To prevent multiple, simultaneous investigations into the same alleged conduct, if the facts that support an alleged incident of bullying may also constitute a violation of another District policy; State or Federal law; State rule; or Federal regulation, then the District shall investigate and dispose of the alleged incident of bullying in accordance with the other applicable District policy; State or Federal law; State rule; or federal regulation in lieu of the requirements of this policy.

Copies of this policy shall be available upon request.⁴

Notes: DESE has created a guidance document on bullying that could be useful in developing staff and student training on bullying. The document can be found at <https://dese.ade.arkansas.gov/Offices/District-Operations/school-safety/bullying-and-violence-prevention>.

Different consequences are permitted depending on the age or grade of the bullying student.

¹ Example: a student might be disciplined both for bullying and sexual harassment, in an appropriate situation, or bullying and assault.

² Suggestion for the posted notice: Create a circle with a line through it over the word Bullying (similar to a non-smoking logo). Beside the logo write: Mean talk or hurting other people is called bullying. Bullying is against the rules and can get you in trouble, suspended, or expelled. If someone bullies you, or you see someone being bullied, get help by telling an adult.

³ Copies of the notices are required to be published in any district Publication that sets forth the comprehensive rules, procedures, and standards of conduct for the schools within the district as well as the student handbook.

⁴ There should be a statement in the Student Handbook to this effect.

THE CLASS OF 2026

Information regarding Graduation requirements will be sent home with students prior to their enrolling in seventh (7th) grade, or when a seventh (7th) through twelfth (12th) grade student enrolls in the district for the first time. All students are required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians as part of the creation of the student's Student Success Plan.

This policy and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district strategic plan development process¹ to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or the superintendent's designee, shall select the composition of the review panel.

Sufficient information relating to the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding; this shall be accomplished through holding an informational meeting for parents, legal guardians, or persons standing in loco parentis to students enrolled in grades six through twelve (6-12) with the school counselor and may be accomplished through any or all of the additional following means: ²

- Inclusion in the student handbook of graduation requirements;
- Discussion of the graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph. ³

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children and the Arkansas Military Child School Transitions Act of 2021 for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation. In addition to the twenty-two (22) units required for graduation by the Division of Elementary and Secondary Education (DESE), the district requires an additional __ units to graduate for a total of units. The additional required units may be taken from any electives offered by the district. ⁴

Accelerated learning courses or career education courses that are determined by DESE to be eligible for use in the place of a listed course may be substituted for the course as designated by DESE.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Personal and Family Finance

All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

Computer Science

All students shall earn one (1) unit of credit in a computer science or computer science related career and technical education course in order to graduate.

English: four (4) units – 9th, 10th, 11th, and 12th

Oral Communications: one-half (½) unit

Mathematics: four (4) units

- Algebra or its equivalent* - 1 unit
- Geometry or its equivalent* - 1 unit
- All math units must build on the base of algebra and geometry knowledge and skills.
- (Comparable accelerated learning courses may be substituted where applicable)
- A computer science flex credit may be taken in the place of a math credit beyond Algebra I and Geometry.

* A two-year algebra equivalent or a two-year geometry equivalent may each be counted as two units of the four (4) unit requirement.

Science: three (3) units

- a. DESE approved biology – 1 credit;
- b. DESE approved physical science – 1 credit; and
- c. A third unit that is either:
 - An additional science credit approved by DESE; or
 - A computer science flex credit may be taken in the place of a third science credit.

- Civics one-half (½) unit
- World history, one (1) unit
- American History, one (1) unit
- Other social studies – one-half (½) unit

Physical Education: one-half (½) unit

Note: While one-half (½) unit is required for graduation, no more than one (1) unit may be applied toward fulfilling the necessary units to graduate.

Health and Safety: one-half (½) unit

Economics – one half (½) unit – dependent upon the licensure of the teacher teaching the course, this can count toward the required three (3) social studies credits or the six (6) required Career Focus elective credits.⁵

Fine Arts: one-half (½) unit

CAREER FOCUS: - Six (6) units

All career focus unit requirements shall be established through guidance and counseling based on the student's contemplated work aspirations. Career focus courses shall conform to the curriculum policy of the district and reflect state curriculum frameworks through course sequencing and career course concentrations where appropriate.

A student who enlists in a branch of the United States Armed Forces or the National Guard through the military delayed entry program, the National Guard Split Training Option, or other similar early entry program and completes basic training before graduating from high school shall receive two (2) units of the Career Focus graduation requirements.

a student who completes at least seventy-five (75) clock hours of documented community service in grades nine (9) through twelve (12) at any certified service agency or a part of a service-learning school program shall receive one (1) Career Focus credit.⁶

Notes:

¹ We recommend including the review of this policy in the school district strategic plan process so that the resources intended to be provided from the district level are in alignment with your graduation requirements (including any changes to the state level graduation requirements).

² Schools are required to retain documentation procedures and methods used.

³ The Guidelines require the policy to include the training "procedure." If you prefer a different procedure than inclusion in your district's annual professional development process, change this sentence accordingly.

⁴ This sentence is necessary if your district requires more than twenty-two (22) units to graduate; without the sentence and you substitute a number greater than twenty-two (22), it appears that the DESE requires more than twenty-two (22) units to graduate. If you have specific requirements for the additional units, change the sentence's wording to reflect those requirements.

⁵ The Rules specify the option is dependent upon the licensure of the teacher. Specifically, if the course is taught by a licensed social studies teacher, both options exist. If the course is taught by a licensed business education teacher, the credit must be applied toward the career focus requirement.

⁶ In order for students to receive the community service learning (CLS) credit, the district must have completed and submitted a CLS plan to DESE. In addition, a partner site application must be approved by the district's board of directors if an organization the District has partnered with, rather than a District employee, is responsible for certifying a student's hours of service. Districts who do not intend to submit a CLS plan should not include this language.

All students are required to fulfill the Core curriculum or the Alternate Pathway to Graduation when required by their IEP to be eligible for graduation. Counseling by trained personnel shall be available to students and their parents or legal guardians as part of the creation of the student's Student Success Plan.

This policy and the courses necessary for graduation shall be reviewed by staff, students, and parents as part of the annual school district strategic plan development process¹ to determine if changes need to be made to better serve the needs of the district's students. The superintendent, or the superintendent's designee, shall select the composition of the review panel.

Sufficient information relating to the district's graduation requirements shall be communicated to parents and students to ensure their informed understanding; this shall be accomplished through holding an informational meeting for parents, legal guardians, or persons standing in loco parentis to students enrolled in grades six through twelve (6-12) with the school counselor and may be accomplished through any or all of the additional following means: ²

- Inclusion in the student handbook of the graduation requirements;
- Discussion of the graduation requirements at the school's annual public meeting, PTA meetings, or a meeting held specifically for the purpose of informing the public on this matter; and/or
- Distribution of a newsletter(s) to parents or guardians of the district's students.

Administrators, or their designees, shall train newly hired employees, required to be licensed as a condition of their employment, regarding this policy. The district's annual professional development shall include the training required by this paragraph. ³

To the best of its ability, the District shall follow the requirements covering the transfer of course credit and graduation set forth in the Interstate Compact on Educational Opportunity for Military Children and the Arkansas Military Child School Transitions Act of 2021 for all students who meet the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS including the waiving of specific courses that are required for graduation if similar coursework has been satisfactorily completed.

GRADUATION REQUIREMENTS

The number of units students must earn to be eligible for high school graduation is to be earned from the categories listed below. A minimum of twenty-two (22) units is required for graduation. In addition to the twenty-two (22) units required for graduation by the Division of Elementary and Secondary Education (DESE), the district requires an additional __ units to graduate for a total of __ units. The additional required units may be taken from any electives offered by the district. ⁴ Accelerated learning courses or career education courses that are determined by DESE to be eligible for use in the place of a listed course may be substituted for the course as designated by DESE.

All students must receive a passing score on the Arkansas Civics Exam in order to graduate.

Students shall be trained in quality psychomotor skill bases in cardiopulmonary resuscitation and the use of automated external defibrillators in order to graduate.

Personal and Family Finance

All students shall receive credit in a course covering the Personal and Family Finance Standards in order to graduate.

Computer Science

All students shall earn one (1) unit of credit in a computer science or computer science related career and technical education course in order to graduate.

Community Service

Except as otherwise provided by this policy or the student's IEP, each student must receive seventy-five (75) clock hours of community service that is certified by the service agency or organization where the student volunteers or the student's parent. The community service must be in programs or activities, either in Arkansas or outside of Arkansas, that meet the requirements established by the State Board and the District Board of Directors and include preparation, action, and reflection components. A student who transfers into the District after ninth (9th) grade must receive at least the following documented clock hours of community service each year:

- Fifteen (15) hours for students in grade nine (9);
- Twenty (20) hours for students in grade ten (10);
- Twenty (20) hours for students in grade eleven (11); and
- Twenty (20) hours for students in grade twelve (12).

Students transferring into the District after grade nine (9) or students who are graduating early may receive a diploma provided that the minimum requirement for each year the student attends the District is met. The District Board of Directors may grant a waiver of the community service requirement for extenuating circumstances on a case-by-case basis, which may include without limitation:

- A major illness associated with a student or a family member of a student;
- Student homelessness or housing insecurity; and
- Notice to the public school district board of directors if the student is a major contributor to family income.

English: four (4) units – 9th, 10th, 11th, and 12th

Oral Communications: one-half (½) unit

Mathematics: four (4) units

- Algebra or its equivalent* - 1 unit
- Geometry or its equivalent* - 1 unit
- All math units must build on the base of algebra and geometry knowledge and skills.
- (Comparable accelerated learning courses may be substituted where applicable)
- A computer science flex credit may be taken in the place of a math credit beyond Algebra I and Geometry.

* A two-year algebra equivalent or a two-year geometry equivalent may each be counted as two units of the four (4) unit requirement.

Science: three (3) units

- d. DESE approved biology – 1 credit;
- e. DESE approved physical science – 1 credit; and
- f. A third unit that is either:
 - An additional science credit approved by DESE; or
 - A computer science flex credit may be taken in the place of a third science credit.

Social Studies: three (3) units

- Civics one-half (½) unit
- World history, one (1) unit
- American History, one (1) unit
- Other social studies – one-half (½) unit

Physical Education: one-half (½) unit

Note: While one-half (½) unit is required for graduation, no more than one (1) unit may be applied toward fulfilling the necessary units to graduate.

Health and Safety: one-half (½) unit

Economics – one half (½) unit – dependent upon the licensure of the teacher teaching the course, this can count toward the required three (3) social studies credits or the six (6) required Career Focus elective credits.⁵

Fine Arts: one-half (½) unit

CAREER FOCUS: - Six (6) units

All career focus unit requirements shall be established through guidance and counseling based on the student's contemplated work aspirations. Career focus courses shall conform to the curriculum policy of the district and reflect state curriculum frameworks through course sequencing and career course concentrations where appropriate.

A student who enlists in a branch of the United States Armed Forces or the National Guard through the military delayed entry program, the National Guard Split Training Option, or other similar early entry program and completes basic training before graduating from high school shall receive two (2) units of the Career Focus graduation requirements.

Notes:

¹ We recommend including the review of this policy in the school district strategic plan process so that the resources intended to be provided from the district level are in alignment with your graduation requirements (including any changes to the state level graduation requirements).

² Schools are required to retain documentation procedures and methods used.

³ The Guidelines require the policy to include the training “procedure.” If you prefer a different procedure than inclusion in your district’s annual professional development process, change this sentence accordingly.

⁴ This sentence is necessary if your district requires more than twenty-two (22) units to graduate; without the sentence and you substitute a number greater than twenty-two (22), it appears that the DESE requires more than twenty-two (22) units to graduate. If you have specific requirements for the additional units, change the sentence’s wording to reflect those requirements.

⁵ The Rules specify the option is dependent upon the licensure of the teacher. Specifically, if the course is taught by a licensed social studies teacher, both options exist. If the course is taught by a licensed business education teacher, the credit must be applied toward the career focus requirement.

4.46—PLEDGE OF ALLEGIANCE AND MOMENT OF SILENCE

The Pledge of Allegiance shall be recited: During the first class period of each school day;

1. At the commencement of each school-sanctioned after-school assembly; and
2. At the commencement of each school-sanctioned sporting event; however, if two (2) or more school-sanctioned sporting events occur on the same day at the same school, then the Pledge may be recited at only one (1) of the school-sanctioned sporting events.

Students choosing to participate in the recitation of the Pledge shall do so by facing the flag with their right hands over their hearts, or in an appropriate salute if in uniform, while reciting the Pledge. Students choosing not to participate shall either stand or sit quietly while the other students recite the Pledge.

Students shall not be compelled to recite the Pledge, but students who choose not to recite the Pledge shall not disrupt those students choosing to recite the Pledge. Students choosing not to recite the Pledge who do not disrupt those students who choose to recite the Pledge shall not be subject to any comments, retaliation, or disciplinary action.

Following the recitation of the Pledge, there shall be an observance of one (1) minute of silence. During the one (1) minute of silence, each student may reflect, pray, meditate, or engage in any other silent activity that is not likely to interfere with or distract another student. Students who do not disrupt the one (1) minute of silence shall not be subject to any comments, retaliation, or disciplinary action.

4.47— POSSESSION AND USE OF PERSONAL ELECTRONIC DEVICES

Definitions

“Emergency” means a serious, unexpected, and dangerous situation that requires immediate action, including without limitation:

- An active fire;
- An active tornado or earthquake;
- An active shooter;
- An evacuation of school grounds; or
- A medical emergency

“Personal electronic device” means without limitation a:

- a. Cellular telephone;
- b. Paging device;
- c. Beeper;
- d. Mobile telephone that offers advanced computing and internet accessibility;
- e. Digital media player;
- f. Portable game console;
- g. Tablet, notebook, or laptop computer;
- h. Digital camera;
- i. Digital video or audio recorder;
- j. Smart watch; and
- k. Device that can connect and transmit data through Bluetooth technology.

“School day” means from the time students are required to be at school until the time students are dismissed from school.

Possession of Personal Electronic Device

Except as permitted under this policy, a student shall not be in possession of a personal electronic device during the school day. A student may possess a personal electronic device during the school day if:

- The personal electronic device is required by the student’s individual education plan (IEP), 504 Plan, or Individual Health Plan for health reasons;¹
- The possession of the personal electronic device is during an emergency as defined by this policy;
- The personal electronic device is issued by the District for the student’s use during the school day; or
- The possession of the personal electronic device is during a special event during the school day.

A student shall be deemed to not be in possession of a personal electronic device if:²

Use Of Personal Electronic Device

Except as permitted by this policy, a student shall not use a personal electronic device during the school day. A student may use a personal electronic device during the school day if:

- The personal electronic device is required by the student's individual education plan (IEP), 504 Plan, or Individual Health Plan for health reasons;¹
- The use of the personal electronic device is during an emergency as defined by this policy;
- The personal electronic device is issued by the District for the student's use during the school day; or
- The use of the personal electronic device is during a special event during the school day.

A student may possess and use a personal electronic device at a special school event for the purpose of taking photographs. The District shall inform the students and students' parents, legal guardians, persons having lawful control of the student, and persons standing in loco parentis the following before a special school event takes place:

- When and where the special school event will take place;
- Whether or not personal electronic devices shall be allowed at the special school event; and
- Where personal electronic devices may be used at the special school event.

The use of personal electronic devices at school sponsored functions outside the regular school day is permitted to the extent and within the limitations allowed by the event or activity the student is attending.

Misuse of Personal Electronic Devices

Even if a student is allowed to possess or use a personal electronic device under this policy, the misuse of a personal electronic device is prohibited. Misuse of personal electronic devices includes, but is not limited to:

1. Using personal electronic devices issued by the District during class time in any manner other than specifically permitted by the classroom instructor;
2. Permitting any audible sound to come from the personal electronic device when not being used for reason #1 above;
3. Engaging in academic dishonesty, including cheating, intentionally plagiarizing, wrongfully giving or receiving help during an academic examination, or wrongfully obtaining test copies or scores;
4. Using the personal electronic device to record audio or video or to take photographs in areas where a general expectation of personal privacy exists, including but not limited to locker rooms and bathrooms;
5. Creating, sending, sharing, viewing, receiving, or possessing an indecent visual depiction of oneself or another person regardless of whether the image is real or created through the use of artificial intelligence;
6. Using a personal electronic device issued by the District in a manner that violates the Electronic Device and Internet Use Agreement regardless of whether the violation occurred on or off campus;
7. Using a personal electronic device at an event during the school day that was not designated as a special school event or in a manner or location that was not authorized as part of the special school event;
8. Using personal electronic devices issued by the District while driving any vehicle at any time;³ or
9. Using a personal electronic device for the purposes of browsing the internet; composing or reading emails and text messages; or making or answering phone calls while driving a motor vehicle that is in motion and on school property.⁴

Discipline

A student may have a personal electronic device confiscated if:

- The student is found to possess or use a personal electronic device when the use or possession is not authorized by this policy and the personal electronic device was not issued by the District;
- The student misuses a personal electronic device as defined by this policy; or
- The student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis uses the remote recording or listening capabilities of a personal electronic device, either through an app installed on the personal electronic device or the built-in capacity of the personal electronic device, except when authorized by the District.^{1,5}

Confiscated personal electronic devices may be picked up at the school's administration office by the student's parent, legal guardian, person having lawful control of the student, or person standing in loco parentis.² Students have no right of privacy as to the content contained on any personal electronic devices that have been confiscated.³ A search of a confiscated device shall meet the reasonable individualized suspicion requirements of Policy 4.32—SEARCH, SEIZURE, AND INTERROGATIONS.⁶

A student and the student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis expressly assume any risk associated with a student's possession or use of a student's personal electronic device that is not issued by the District. The District shall not be liable for a personal electronic device that is confiscated if the personal electronic device is lost, stolen, or damaged.

In addition to the confiscation of a personal electronic device for a violation of this policy, a student may be subject to the following discipline:⁷

To protect the integrity of the administration of the assessments under the Arkansas Educational Support and Accountability Act, a student who is found to be in possession of or to use a personal electronic device during the administration of a statewide assessment that is not required by the student's IEP, 504 Plan, or issued by the District shall have the discipline the student is subject to increased by an additional level.

Notes: ¹ A student-tracking safety device is prohibited under A.C.A. § 6-18-515 without the device being included in the student's IEP. Part of the agreement of the inclusion of the device in the student's IEP should be that either the device does not have recording or listen-in capability or that the device's recording and listen-in technology is disabled while the device is on the campus or at the school-sponsored event because of student privacy concerns. The student's parent should agree in writing to the requirement for the device's recording and listening-in technology to be disabled and that the District may prohibit future use of the device on campus or at a school-sponsored activity if it is determined that the device's recording or listening-in capabilities were used.

² Include where a student may have a personal electronic device during the school day that would not be considered to be in their possession. Examples include: their bag, as long as they are not reaching into the bag to access it during the school day except as permitted by law when removing it from the bag to access; the student's locker; the student's vehicle; or if the district is going to provide storage in classrooms specifically for devices. If you provide

electronic device pouches for your students, include the process to be used for placing and removing devices from the pouches.

³ This sentence is included because insurance companies have ruled that injuries occurring while driving and talking on school issued cell phones are subject to workers comp awards.

⁴ A.C.A. § 27-51-1603 makes it illegal for anyone under the age of eighteen (18) to use a wireless communication device for any purpose while operating a motor vehicle. Additionally, A.C.A. § 27-51-1609 prohibits the use of a “wireless handheld telephone” while in a school zone for any purpose when that use is not hands free. While the policy language exceeds the statutory prohibitions, we believe the language is important for the protection of students, employees, and the public.

⁵ In addition to those devices referenced in footnote 1, there have been instances where parents have installed remote listening apps onto their student’s phone and accessed the app while the student was in school.

⁶ To perform a search of an electronic device, an administrator would have to possess individualized suspicion that an examination of the device would reveal evidence of student misconduct, **and** the search itself would have to be tailored to the suspicion. For instance, if there were an allegation that harassing text messages had been sent from Student A to Student B during lunch, individualized suspicion would exist as to the text message history contained on Student A’s phone; however, viewing pictures or files unrelated to the suspected misconduct would be inappropriate and a violation of the student’s rights under the 4th Amendment of the US Constitution. Merely confiscating a cell phone because the student received a call on it does not give individualized suspicion to justify a search.

⁷ It is recommended that you specify increasing severity of the penalty for repeat offenders. Given the severity of a breach of assessment security, you might consider entirely separate penalties for such action instead of simply increased penalties.

4.48—VIDEO SURVEILLANCE AND OTHER STUDENT MONITORING

The Board of Directors has a responsibility to maintain discipline, protect the safety, security, and welfare of its students, staff, and visitors while at the same time safeguarding district facilities, vehicles, and equipment. As part of fulfilling this responsibility, the board authorizes the use of video/audio surveillance cameras,¹ automatic identification technology, data compilation devices, and technology capable of tracking the physical location of district equipment, students, and/or personnel.

The placement of video surveillance cameras shall be based on the presumption and belief that students, staff and visitors have no reasonable expectation of privacy anywhere on or near school property, facilities, vehicles, or equipment, with the exception of places such as rest rooms or dressing areas where an expectation of bodily privacy is reasonable and customary.²

Signs shall be posted on campus buildings and in district vehicles to notify students, staff, and visitors that video cameras may be in use.³ Parents and students shall also be notified through the student handbook that cameras may be in use in school buildings, on school grounds and in school vehicles.⁴ Students will be held responsible for any violations of school discipline rules caught by the cameras and other technologies authorized in this policy.

The district shall retain copies of video recordings until they are erased⁵ which may be accomplished by either deletion or copying over with a new recording. Other than video recordings being retained under the provisions of this policy's following paragraph, the district's video recordings may be erased any time greater than ___ after they were created.⁶

Videos,⁷ automatic identification, or data compilations containing evidence of a violation of student conduct rules and/or state or federal law shall be retained until the issue of the misconduct is no longer subject to review or appeal as determined by board policy or student handbook; ^{8,9} any release or viewing of such records shall be in accordance with current law.

Students who vandalize, damage, disable, or render inoperable (temporarily or permanently) surveillance cameras and equipment,¹ automatic identification, or data compilation devices shall be subject to appropriate disciplinary action and referral to appropriate law enforcement authorities.

Notes: This policy is similar to policies 3.41 and 8.29. If you change this policy, review 3.41 and 8.29 at the same time to ensure applicable consistency between the policies.

While 34 CFR 99.3 exempts records of law enforcement units (which for the purposes of this policy would include School Resource Officers (SROs), 34 CFR 99.8(b) effectively negates that exemption in relation to this policy with the following language:

(2) Records of a law enforcement unit does not mean--

(i) Records created by a law enforcement unit for a law enforcement purpose that are maintained by a component of the educational agency or institution other than the law enforcement unit; or

(ii) Records created and maintained by a law enforcement unit exclusively for a non-law enforcement purpose, such as a disciplinary action or proceeding conducted by the educational agency or institution.

The law goes on to say that education records retain their status as such even when in the possession of a law enforcement unit and thus remain subject to the restrictions on the release of education records contained in the Family Educational Rights and Privacy Act (FERPA). In short, you cannot deny access to the video recordings that may be used for student or staff disciplinary purposes by “hiding” them in your school’s law enforcement unit.

¹ A.C.A. § 6-21-122 requires audio recording devices be installed in each locker room and changing room located on the District's property by the 2027-2028 school year. When your district installs the required audio recording devices, add “audio recording devices” to the list.

² When your district installs the required audio recording devices from footnote 1, add the following sentence to this paragraph:
In accordance with Arkansas law, the District has audio recording devices in each of the District’s locker rooms, changing rooms, and dressing rooms.

³ When your district installs the required audio recording devices from footnote 1, add the following sentence to this paragraph:
Signs shall be posted in a conspicuous place in each of the District’s locker rooms, changing rooms, and dressing rooms notifying individuals of the presence of an audio recording device in the locker room, changing room, or dressing room.

⁴ When your district installs the required audio recording devices from footnote 1, replace this sentence with the following:
Parents and students shall also be notified through the student handbook that:

- *Cameras may be in use in school buildings, on school grounds and in school vehicles; and*
- *Audio recording devices are present in each of the District’s locker rooms, changing rooms, and dressing rooms.*

⁵ You may recycle your videos on whatever schedule works for your district (insert the length of time you choose to retain the videos in the paragraph’s following sentence), but you may not destroy any recordings as long as there is an outstanding request to inspect and review them (34 CFR 99.10). The right to inspect is triggered only for those parents whose students are the cause for the retention of the video recordings. Parents of students “inadvertently” caught in the video do not have the right to inspect them. **Please note, however,** that if a student was not “involved” in the altercation prompting the disciplinary action, but happened to get pushed by one of the students in the fight, the pushed student’s parents have the right to review the video. You must permit viewing of education records within a “reasonable” period of time, but in no case may it be longer than forty-five (45) days. (34 CFR 99.10)

⁶ When your district installs the required audio recording devices from footnote 1, add the following language to the paragraph:
Other than audio recordings being retained under the provisions of this policy’s following paragraph, audio recordings shall be retained for one (1) year from the date when the audio recording was made. At least ten (10) days before the destruction or deletion of an audio recording, the District shall publish a notice on the District’s website that the District intends to destroy or delete the audio recording.

⁷ When your district installs the required audio recording devices from footnote 1, add “audio recordings” to the list.

⁸ The issues involved in parental rights to viewing videos are complicated, but the Student Privacy Policy Office of FERPA, has recently simplified the matter. A video of, for example, a fight between two (or even several) students in which other students happen to have been incidentally included in the background of the video generates the following viewing conditions:

- a. Either or both of the students’ parents may view the video **without** first having to receive permission from the other student’s parent(s). None of the parents of the “incidental” students have to give their permission for the viewing of the video by the “involved” students’ parents.
- b. If a student’s parent lives beyond a reasonable distance to physically come to view the video, your district may mail the video to a “receiving” school near to the parent, where the parent may view the video and then the receiving school will mail the video back to your district. The personnel at the receiving school should not view the video, but merely arrange for the parent to view it by himself/herself.
- c. The district is **not** obligated to give a copy of the video to the parent or their lawyer. If, however, you choose to give the parent a video, you are obligated to go through all of the hoops that used to be the case for simply viewing the video. Specifically, faces of the “involved” students other than that of the parent’s student must be redacted or else you will have to receive written permission from the parents of the other involved students.
- d. Remember that the rights of the parents transfer to the students once the student turns 18.
- e. Once the video has been viewed by the parties requesting to view it, the law does not require you to keep the video. Common sense would suggest, however, retaining the video at least until the disciplinary process is completed.

⁹ A.C.A. § 6-21-122 restricts access to the audio recordings to only a:

District administrator; or

Parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to a student who presents an allegation of wrongdoing that the audio recording may be used as evidence for.

4.49—SPECIAL EDUCATION

In accordance with the Individuals With Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, the Americans With Disabilities Act, and Arkansas Statutes, the district shall provide a free appropriate public education and necessary related services to all children with disabilities who reside:

- Within the district boundaries; or
- Outside of the District boundaries but are enrolled in the District.

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled within the meaning of Section 504 of the Rehabilitation Act even though they do not require services pursuant to the IDEA.

For students eligible for services under IDEA, the District shall follow procedures for identification, evaluation, placement, and delivery of services to children with disabilities provided in the state and federal statutes governing special education. Implementation of an Individualized Education Program (IEP) in accordance with the IDEA satisfies the district's obligation to provide a free and appropriate education under Section 504.

The Board directs the superintendent to ensure procedures are in place for the implementation of special education services and that programs are developed to conform to the requirements of state and federal legislation. The superintendent is responsible for appointing a district coordinator for overseeing district fulfillment of its responsibilities regarding students with disabilities.¹ Among the coordinator's responsibilities shall be ensuring district enforcement of the due process rights of students with disabilities and their parents.

4.50—SCHOOL MEAL MODIFICATIONS

Except for requests to receive “lactose free” milk¹, the district only provides modified meal components on menus to accommodate students with a disability. A parent/guardian wishing to request dietary accommodations for their student with a disability must submit to the district’s Director of Child Nutrition² a medical statement completed by a State licensed healthcare professional, which includes: ³

- Physicians, including those licensed by:
 - The Arkansas State Medical Board;
 - The Arkansas State Board of Chiropractic Examiners (Chiropractors);
 - The Arkansas Board of Podiatric Medicine (Podiatrists);
- Nurse Practitioners (APRNs in family or pediatric practice with prescriptive authority);
- Physician Assistants (PAs who work in collaborative practice with a physician); and
- Dentists.

The medical statement should include:

1. A description of the student’s disability that is sufficient to understand how the disability restricts the student’s diet;
2. An explanation of what must be done to accommodate the disability, which may include:
 - a. Food(s) to avoid or restrict;
 - b. Food(s) to substitute;
 - c. Caloric modifications; or
 - d. The substitution of a liquid nutritive formula.

If the information provided in the medical statement is unclear, or lacks sufficient detail, the district’s Director of Child Nutrition² shall request additional information so that a proper and safe meal can be provided.

When choosing an appropriate approach to accommodate a student’s disability, the District will consider the expense and efficiency of the requested accommodations. The District will offer a reasonable modification that effectively accommodates the child’s disability and provides equal opportunity to participate in or benefit from the program, which may include a generic version of a product.

Parents may submit a written request for their student to be provided “lactose free” milk. The parent’s request is not required to be accompanied by a medical statement in order for it to be granted.¹

Parents may file a grievance regarding the request for modifications with the District’s 504 Coordinator⁴, who will schedule a hearing on the grievance to be held as soon as possible. The 504 coordinator shall provide a copy of the procedures governing the hearing, including that the parent has the right to be accompanied by counsel, and the appeal process upon request.

Except for requests to receive “lactose free” milk¹, the district will not prepare meals outside the normal menu to accommodate a family’s religious or personal health beliefs.

Notes: ¹ The USDA does not consider requests for “lactose free” milk to be a meal modification that requires medical documentation as it is still dairy milk; this is not true for “non-dairy” milks, such as oat milk or soy milk.

² Insert the title of the person handling this responsibility for your district.

³ A Registered Dietitian Nutritionist may make recommendations for alternate foods for children whose disability restricts their diet, but the medical statement must be signed by one of the professionals listed in this policy.

⁴ You are not required to have parents file grievances directly to the 504 coordinator, but we believe the 504 coordinator would be the most knowledgeable about the process and in the best position to handle any grievances.

4.51— FOOD SERVICE PREPAYMENT

Meal Charges

The district does not provide credit for students to charge for meals, a la carte, or other food and beverage items available for purchase in the school food service areas. Meals, a la carte, or other food and beverage items may be purchased by either providing payment for the items at the time of receipt or by having a prepaid account with the District that may be charged for the items. Parents, or students choosing to do so, may pay in advance for meals, a la carte, or other food and beverage items through any of the following methods:²

- Submitting cash or check payment in the high school lunchroom and to the classroom teacher in the elementary;
- depositing funds through the District's online service;

A student's parents will be contacted by authorized District personnel regarding a student's prepaid account balance as needed;

Free Breakfast

In accordance with A.C.A. § 6-18-722, a student shall be provided one (1) breakfast at no cost during each school day upon the student's request regardless of whether the student qualifies for a federally funded free or reduced-price meal.

Unpaid Meal Access

In accordance with Arkansas law, the District allows students whose accounts do not have enough funds to purchase a meal to receive an unpaid reimbursable meal at no charge. When the student's prepaid account balance has dropped to the point that the student will begin receiving unpaid meals;

- Each time the student receives the first unpaid meal after money has been deposited into the student's prepaid account; and
- After the student has received five (5) unpaid meals.

Students who have submitted proper documentation to receive a meal modification in accordance with Policy 4.50—SCHOOL MEAL MODIFICATIONS shall receive the same type of modification for an unpaid meal.

4.52—STUDENTS WHO ARE FOSTER CHILDREN

The District will afford the same services and educational opportunities to foster children that are afforded other children and youth. The District shall work with the Department of Human Services (DHS), the Division of Elementary and Secondary Education (DESE), and individuals involved with each foster child to ensure that the foster child is able to maintain the foster child's continuity of educational services to the fullest extent that is practical and reasonable.

The Superintendent or the superintendent's designee shall appoint an appropriate staff person to be the local educational liaison for foster children and youth whose responsibilities shall include ensuring the timely school enrollment of each foster child and assisting foster children who transfer between schools by expediting the transfer of relevant educational records.¹

The District, working with other individuals and agencies shall, unless the presiding court rules otherwise or DHS grants a request to transfer under Foster Child School Choice, ensure that the foster child remains in the foster child's school of origin, even if a change in the foster child's placement results in a residency that is outside the district. In such a situation, the District will work with DHS to arrange for transportation to and from school for the foster child to the extent it is reasonable and practical.²

Upon notification to the District's foster care liaison by a foster child's caseworker that a foster child's school enrollment is being changed to one of the District's schools, the school receiving the child must immediately enroll the foster child. Immediate enrollment is required even if a child lacks the required clothing, academic or medical records, or proof of residency.³

A foster child's grades shall not be lowered due to absence from school that is caused by a change in the child's school enrollment, the child's attendance at dependency-neglect court proceedings, or other court-ordered counseling or treatment.

Any course work completed by the foster child prior to a school enrollment change shall be accepted as academic credit so long as the child has satisfactorily completed the appropriate academic placement assessment.⁴

If a foster child was enrolled in a District school immediately prior to completing the foster child's graduation requirements while detained in a juvenile detention facility or while committed to the Division of Youth Services of DHS, the District shall issue the child a diploma.

Foster Child School Choice

If DHS approves a request from a foster parent, or the foster child if the foster child is eighteen (18) years of age, to transfer to another school in the District or into the district as being in the best interest of the foster child, the District shall allow the foster child to transfer to another school in the District or into the District if the foster parent, or the foster child if the foster child is eighteen (18) years of age, submits a request to transfer on a form approved by DESE that is postmarked by no later than ~~May~~ June 1 of the year the student seeks to begin the fall semester at another school in the District or in the District.

By July 1 of the school year in which the student seeks to transfer under this section, the superintendent shall notify the foster parent, or the foster child if the foster child is eighteen (18) years of age, in writing whether the application has been accepted or rejected. If the application is accepted, the superintendent shall state in the notification letter a reasonable deadline for the foster child to enroll in the new school or the District and that failure to enroll by the date shall void the school choice acceptance. If the application is rejected, the superintendent shall state in the notification letter the reason for the rejection and that the foster parent, or the foster child if the foster child is eighteen (18) years of age, may submit a written appeal of the rejection to the State board within ten (10) days of receiving the notification letter.

The District shall only reject a Foster Child School Choice application if:⁵

1. The public school or District has reached the maximum student-to-teacher ratio allowed under federal law; state law; the standards for accreditation; or other applicable State rule or Federal regulation; or
2. Approving the transfer would conflict with a provision of an enforceable desegregation court order or a public school district's court-approved desegregation plan regarding the effects of past racial segregation in student assignment.

A foster child whose application is rejected by the District may submit a written request within ten (10) days following the receipt of the rejection letter from the superintendent to the State Board of Education for the State Board to reconsider the transfer.

A Foster Child School Choice transfer shall remain in effect until the foster child:

- Graduates from high school; or
- Transfers to another school or school district under:
 - The Foster Child School Choice Act;
 - Opportunity Public School Choice Act;
 - The Public School Choice Act of 2015; or
 - Any other law that allows a transfer.

The District shall accept credits toward graduation that were awarded by another public school district.

When a foster child transfers from the foster child's school of origin to another school in the District or into the District, the foster child or the foster parent is responsible for the foster child's transportation to and from the school the foster child transferred to. The District and the foster parent, or the foster child if the foster child is eighteen (18) years of age, may enter into a written agreement for the District to provide the transportation to and from the school the foster child transferred to.

Notes: Additional guidance documents and training materials on students in foster care may be found on the DESE website at: <https://dese.ade.arkansas.gov/Offices/public-school-accountability/federal-programs/Foster%20Care%20Liaison>.

¹ The name and contact information of the liaison must be sent to the Special Education Section of DESE at the beginning of each school year. A.C.A. § 9-28-113 contains additional requirements/duties of the liaison.

² While A.C.A. § 9-28-113(b)(4) encourages districts to “arrange for transportation,” there is no explanation of costs or methods.

³ A.C.A. § 9-28-113 does not address a district’s right to refuse enrollment following a hearing before the board for a student that has been expelled from another school, but we believe that right is retained even in this circumstance.

⁴ This language is from A.C.A. § 9-28-113(g). You may add a sentence defining how you interpret its meaning or you may make it a procedural issue which would leave you more latitude for case-by-case implementation.

⁵ If the district is not under an enforceable desegregation court order or a court-approved desegregation plan, remove it as an option for denial of a Foster Child School Choice application.

If a foster child application is denied due to the district’s enforceable desegregation court order or court-approved desegregation plan, the law requires that the district immediately submit proof from a federal court to DESE that the public school district has a genuine conflict under an active desegregation order or active court-approved desegregation plan with the provisions of A.C.A. § 6-18-233.

4.53— PLACEMENT OF MULTIPLE BIRTH SIBLINGS

The parent, guardian or other person having charge or custody of multiple birth siblings in grades pre-K through 6 may request that the multiple birth siblings are placed in either the same or separate classrooms. The request shall be in writing not later than the 14th calendar day prior to the first day of classes at the beginning of the academic year. The school shall honor the request unless it would require the school to add an additional class to the sibling's grade level. If one parent of multiple birth siblings requests a placement that differs from that of the other parent of the same multiple birth siblings, the school shall determine the appropriate placement of the siblings.

The school may change the classroom placement of one or more of the multiple birth siblings if:

- There have been a minimum of 30 instructional days since the start of the school year; and
 - After consulting with each classroom teacher in which the siblings were placed, the school determines the parent's classroom placement request is:
 - Detrimental to the educational achievement of one or more of the siblings;
 - Disruptive to the siblings' assigned classroom learning environment; or
 - Disruptive to the school's educational or disciplinary environment.

If a parent believes the school has not followed the requirements of this policy, the parent may appeal the multiple birth siblings' classroom placement to the Superintendent. The Superintendent's decision regarding the appeal shall be final.

4.55— STUDENT PROMOTION AND RETENTION

A disservice is done to students through social promotion and is prohibited by state law. The District shall, at a minimum, evaluate each student annually in an effort to help each student who is not performing at grade level. Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis shall be kept informed concerning the progress of their student(s). Notice of a student's possible retention or required retaking of a course shall be included with the student's grades sent home to each parent/guardian or the student if 18 or older. Parent-teacher conferences are encouraged and may be held as necessary in an effort to improve a student's academic success.

Each time a student is assessed by use of a high-quality literacy screener, with results at least once each semester, the Parents, legal guardians, persons having lawful control of the student, or persons acting in loco parentis, and teacher(s) of a student in kindergarten through eighth (8th) grade shall be notified in writing of the student's independent grade-level-equivalency in reading and, in a parent friendly manner, the student's reading progress.

Any grades, course credits, and/or promotions received by a student while enrolled in the Division of Youth Services system of education shall be considered transferable in the same manner as those grades, course credits, and promotions from other accredited Arkansas public educational entities.

Promotion or retention of students, or their required retaking of a course shall be primarily based on the following criteria.¹ If there is doubt concerning the promotion or retention of a student or his/her required retaking of a course, a conference shall be held before a final decision is made that includes the following individuals:

- a. The building principal or designee;
- b. The student's teacher(s);
- c. School counselor;
- d. A 504/special education representative (if applicable); and
- e. The student's parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis.

The conference shall be held at a time and place that best accommodates those participating in the conference. The school shall document participation or non-participation in required conferences. If the conference attendees fail to agree concerning the student's placement or receipt of course credit, the final decision shall rest with the principal or the principal's designee.

Each student² shall have a student success plan (SSP) developed by school personnel in collaboration with the student's parents and the student that is reviewed and updated annually. A student's SSP shall use multiple academic measures to personalize learning in order for students to achieve their grade-level expectations and individual growth. The SSP will identify if the student is in need of additional support or acceleration. Academic measures to be used in creating and updating a student's SSP shall include, but are not limited to:

- Statewide student assessment results;
- Subject grades;
- Student work samples; and
- Local assessment scores.

The SSP for a student in kindergarten through grade three (K-3) who does not meet the reading standard As set by the state board and determined by a high-quality literacy screener or the statewide assessment shall include an individual reading plan for each student. An individual reading plan shall include:

1. The student's specific, diagnosed reading skill needs, including without limitation:
 - Phonemic awareness;
 - Phonics decoding;
 - Text reading fluency;
 - Vocabulary-building strategies; and
 - Self-regulated use of reading comprehension strategies, as identified by high-quality literacy screener data;
2. The goals and benchmarks for the student's growth;
3. How the student's progress will be monitored and evaluated;
4. The type of additional instructional services and interventions the student may receive;
5. The intensive, evidence-based literacy intervention program aligned to the science of reading the student's teacher will use to address the areas of phonemic awareness, phonics, fluency, vocabulary, and comprehension;
6. The strategies the student's parents, legal guardians, or persons standing in loco parentis to the student are encouraged to use in assisting the student to achieve the student's reading goal; and
7. Any additional services the student's teacher determines are available and appropriate to accelerate the student's reading skill development.

All parents, legal guardians, or persons standing in loco parentis shall be notified in writing:

- a. Of the content of their child's independent reading plan and progress on the independent reading plan throughout the year; and
- b. By no later than October 1 of each year, or as soon as practicable if a student's reading need is identified after October 1:
 - Of their student's eligibility to participate in the literacy tutoring grant program;
 - The process for applying for the literacy tutoring grant program; and
 - Other information provided by DESE.

For each student who does not meet the reading standard established by the state board by the end of third (3rd) grade, including students who are promoted to the fourth (4th) grade under a good cause waiver, the District, during the subsequent summer and school year, shall :

- a. Provide at least ninety (90) minutes of evidence-based literacy instruction aligned to the science of reading during each school day;
- b. Assign the student to:
 - If the District has a teacher with a value-added model score in the top quartile statewide in English language arts for the past three (3) years, a teacher with a value-added model score in the top quartile statewide in English language arts for the past three (3) years; or
 - If the District is unable to identify a teacher with a value-added model score in the top quartile statewide in English language arts for the past three (3) years, a teacher:
 - With a highly-effective rating according to the Teacher Excellence and Support System, when possible; or
 - Deemed to be a high-performing teacher as defined by a Master Professional Educator designation.
- c. Provide parents, legal guardians, or persons standing in loco parentis to students with a "read-at-home" plan to support student early literacy growth, which shall include evidence-based science of

- reading strategies and tools that are aligned to a student's individual reading plan for parents, legal guardians, or persons standing in loco parentis to use with their student;
- d. Notify parents, legal guardians, or persons standing in loco parentis to a student regarding their student's eligibility for a literacy tutoring grant;
- e. Be given priority to receive a literacy tutoring grant; and
- f. Be given the option to participate in additional intensive, evidence-based literacy intervention programs aligned to the science of reading.

The SSP of a student in kindergarten through grade eight (K-8) who is not performing at or above grade level on the state assessment, as defined by the State Board of Education shall include a math intervention plan. The math intervention plan may include the:

1. Provision of each student with access to high-dosage, targeted math tutoring in the subsequent school year, which shall include three (3) or more tutoring sessions a week in a one-on-one or small-group setting;
2. Assignment to:
 - if the District has a teacher with a value-added model score in the top quartile statewide in math for the previous three (3) years, a teacher, with a value-added model score in the top quartile statewide in math for the previous three (3) years; or
 - if the District is unable to find a teacher with a value-added model score in the top quartile statewide in math for the previous three (3) years, a teacher:
 - With a highly-effective rating in the Teacher Excellence and Support System, when possible; or
 - Deemed to be a high-performing teacher as defined by a Master Professional Educator designation; and
3. Provision of each student with extended time on math instruction during or after school.

All parents, legal guardians, or persons standing in loco parentis shall receive written notification of their student's math intervention plan and progress on the student's math intervention plan throughout the school year.

By the end of grade eight (8), the student's SSP shall:

- Guide the student along pathways to graduation;
- Address accelerated learning opportunities;
- Address academic deficits and interventions; and
- Include college and career planning components.

Based on a student's score on the college and career assessment:

- The student's SSP will be updated in order to assist the student with college and career readiness skills, course selection in high school, and improved academic achievement; and
- Provide a basis for counseling concerning postsecondary preparatory programs.

A student's SSP shall include the recommended sequence of courses for successful completion of the diploma pathway selected by the student but be sufficiently flexible to allow the student to change the student's selected diploma pathway. The school counselor shall meet with the student's parent, legal guardian, or persons standing in loco parentis and the student to review the student's SSP annually and to revise the student's SSP as necessary to identify the courses to be taken each year until all required core courses are completed. Part of the

review shall include an explanation of the possible impacts the revisions to the plan might have on the student's graduation requirements and postsecondary education goals. Any change made to a student's SSP as part of the review that amends the student's diploma pathway shall be structured to ensure that the student will meet the high school graduation requirements for the student's chosen diploma pathway and be qualified for admission to a postsecondary educational institution or to enter the workforce. After each review, the student's SSP shall be signed by the student; student's parent, legal guardian, or person standing in loco parentis to the student; and the school counselor.

An SSP shall be created:

1. By no later than the end of the school year for a student in grade eight (8) or below who enrolls in the District during the school year; or
2. As soon as reasonably possible for a student in grade nine (9) or above who enrolls in the District at the beginning or during the school year.²

A student's individualized education program (IEP) may act in the place of the student's SSP if the IEP addresses academic deficits and interventions for the student's failure to meet standards-based academic goals at an expected rate or level and includes a transition plan that addresses college and career planning components. Promotion or retention of students with an IEP shall be based on their successful attainment of the goals set forth in their IEP.

Students who either refuse to sit for a Statewide assessment or attempt to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are originally administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity, including school dances, prom, homecoming, senior events, and may be prevented from walking or participating in graduation exercises. The student shall remain ineligible to participate until the student takes the same or a following Statewide assessment, as applicable. The Superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.⁴⁵ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁶

Notes: ¹ Insert the criteria your district uses for promotion/retention. The criteria must include the following for students in kindergarten through grade four (k-4):

- A student who has not met the third-grade reading standard as defined by the state board shall not be promoted to fourth(4th) grade unless the student has a good cause waiver. The following students may receive a good cause waiver:
 - Limited English Proficiency students who have had less than three (3) years of instruction in an English language learner program;
 - Students with a disability who are not eligible for the alternate assessment and who have an individualized education program or a 504 plan that reflects that the individual student:
 - Has received an intensive, evidence-based literacy intervention program aligned to the science of reading for more than two (2) years; and
 - Still demonstrates a need in reading proficiency or previously was retained in kindergarten, grade one (1), grade two (2), or grade three (3);
- Students who:

- Have received an intensive, evidence-based literacy intervention program aligned to the science of reading for two (2) or more years;
- Still demonstrate a need in reading proficiency and who previously were retained in kindergarten, grade one (1), grade two (2), or grade three (3);
- Have received a special education referral and a full comprehensive evaluation; and
- Have not met exceptional education criteria;
- Students who have already been retained in kindergarten, grade one (1), grade two (2), or grade three (3) for one (1) year;
- Students who can demonstrate that they are successful and independent readers and can perform at or above grade level by use of subsequent student assessments or alternative assessments; or
- Other students with necessary, justifiable good-cause exemptions identified as appropriate by the state board, in consultation with reading experts.

² The Division of Elementary and Secondary Education (DESE) Rules Governing the Arkansas Educational Support and Accountability Act only requires that an SSP be created for students in eighth (8th) grade and beyond and DESE will only cite a district if a student does not have an SSP by the end of eighth (8th) grade and beyond. We have opted to have the default language in the policy be for an SSP to be created for every student, with additional information reviewed and added starting in eighth (8th) grade, for a couple of reasons:

First, we believe requiring an SSP for all grades allows for improved communication between parents, teachers, and students. The creation and existence of an SSP at all levels allows for the use of common terminology (such as a parent who has more than one student simultaneously enrolled at a district would not have to know to ask to review and discuss the SSP for the student in eighth (8th) grade or above and also have to know to ask for the Response to Intervention plan for the student who is below the eighth (8th) grade.) In addition, requiring teachers, parents, and the student (when appropriate) to meet to create an SSP at all grades will help to foster channels of communications between parents and teachers, increase parental engagement, and help prepare parents for the more formal planning process when the student is in eighth (8th) grade and beyond.

Second, the creation, evaluation, and updating of the SSP at the lower levels should help to establish a student focused learning system by helping to ensure each student is receiving the educational support(s) necessary for his/her individual educational development, whether the supports are through a Response to Intervention system, the Gifted and Talented program, or anywhere in between.

³ While students in kindergarten through grade three (k-3) are not required to have an SSP, students who are not reading at grade level are required to have an individual reading plan and students in kindergarten through grade eight (K-8) are required to have a math intervention plan. You are required to report to DESE the types of interventions used and the number of students receiving each type of intervention.

⁴ Subsections 6.05.1 through 6.05.4 of the Arkansas Educational Support and Accountability Act rules include additional recommendations for consideration when creating and updating a student's SSP on each of the items in this list.

⁵ This paragraph is optional. The paragraph originated with the movement for students to opt out of state assessments. A.C.A. § 6-15-2907(e) requires all students participate in the statewide assessments and this paragraph is intended to add local incentive for students to participate. While the entire paragraph is optional, the last sentence is important as it would keep the policy from having "zero

tolerance" (which we do not support) and give you latitude to accommodate instances beyond the student's control such as a car accident, serious illness, or other acts of God. If you choose to include the sentence, you may change "Superintendent" to "Principal" if that would work better for your district. Keep in mind that the decision on who is responsible for deciding whether or not to grant an exception for extraordinary circumstances is a different and separate issue than deciding whether or not to promote or retain a student, which is left in the hands of the school principal earlier in the policy. Be sure to align your decision for this footnote with the decision you made concerning footnote #5.

⁶ This paragraph is optional. Participation in graduation or extracurricular activities is not a right, and districts may legally place conditions on a public school student's eligibility for participation (such as testing compliance), but districts cannot deny a diploma to an otherwise qualified student or deny a student the ability to attend school. If you choose to include the paragraph, the third to the last sentence may be amended to apply to a timeline of your choice. Be sure to align the staff position responsible for deciding whether or not to grant an exception with the decision you made for footnote #4.

4.56—EXTRACURRICULAR ACTIVITIES – SECONDARY SCHOOLS

Definitions:

“Academic Courses” are those courses for which class time is scheduled, which can be credited to meet the minimum requirements for graduation, which is taught by a teacher required to have State licensure in the course or is otherwise qualified under Arkansas statute, and has a course content guide which has been approved by the Division of Elementary and Secondary Education (DESE). Any of the courses for which concurrent high school credit is earned may be from an institution of higher education recognized by DESE. If a student passes an academic course offered on a block schedule, the course can be counted twice toward meeting the requirement for students to pass four (4) academic courses per semester as required by this policy.

“Extracurricular activities” are defined as: any school sponsored program where students from one or more schools meet, work, perform, practice under supervision outside of regular class time, or are competing for the purpose of receiving an award, rating, recognition, or criticism, or qualification for additional competition. Examples include, but are not limited to, inter/intrascholastic athletics, cheerleading, band, choral, math, or science competitions, field trips, and club activities.

“Field Trips” are when individual students or groups of students are invited to programs or events when there is no competition and the students are not interacting with each other for the purpose of planning, qualifying, or arranging for future programs or for the purpose of receiving recognition.

“Interscholastic Activities” means athletic or non-athletic/academic activities where students compete on a school vs. school basis.¹

“Intrascholastic Activities” means athletic or non-athletic/academic activities where students compete with students from within the same school.¹

“Supplemental Improvement Program (SIP)” is an additional instructional opportunity for identified students outside of their regular classroom and meets the criteria outlined in the current Arkansas Activities Association (AAA) Handbook.

Extracurricular Eligibility

The Board believes in providing opportunities for students to participate in extracurricular activities that can help enrich the student’s educational experience. At the same time, the Board believes that a student’s participation in extracurricular activities cannot come at the expense of the student’s classroom academic achievement. Interruptions of instructional time in the classroom are to be minimal and absences from class to participate in extracurricular activities shall not exceed one (1) per week per extracurricular activity (tournaments excepted)². Additionally, a student’s participation in, and the District’s operation of, extracurricular activities shall be subject to the following policy. All students are eligible for extracurricular activities unless specifically denied eligibility on the basis of criteria outlined in this policy.

Any student who refuses to sit for a Statewide assessment or attempts to boycott a Statewide assessment by failing to put forth a good faith effort on the assessment as determined by the

assessment administrator/proctor, or whose parents do not send their student to school on the dates the assessments are administered or scheduled as make-up days shall not be permitted to participate in any non-curriculum related extracurricular activity. The student shall remain ineligible to participate until the student takes the same or a following statewide assessment, as applicable. The superintendent or designee may waive this paragraph's provisions when the student's failure was due to exceptional or extraordinary circumstances.³ Students falling under the provisions of this paragraph shall be permitted to attend curriculum related field trips occurring during the school day.⁴

A student who enrolls in the district and meets the definition of "eligible child" in Policy 4.2—ENTRANCE REQUIREMENTS shall be eligible to try out for an extracurricular activity regardless of the date the student enrolls in the District so long as the student meets all other eligibility requirements and the extracurricular activity is still ongoing.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

No student shall be required to pay for individual or group instruction in order to participate in an extracurricular activity.

Interscholastic Activities

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.⁵

ACADEMIC REQUIREMENTS: Junior High

A student promoted from the sixth to the seventh grade automatically meets scholarship requirements. A student promoted from the seventh to the eighth grade automatically meets scholarship requirements for the first semester. The second semester eighth-grade student meets the scholarship requirements for junior high if the student has successfully passed four (4) academic courses the previous semester.

The first semester ninth-grade student meets the scholarship requirements for junior high if the student has successfully passed four (4) academic courses the previous semester.

The second semester ninth-grade student meets the scholarship requirements for junior high if the student has successfully passed (4) academic courses the previous semester which count toward the student's high school graduation requirements.

Ninth-grade students must meet the requirements of the senior high scholarship rule by the end of the second semester in the ninth grade in order to be eligible to participate the fall semester of their tenth-grade year.

ACADEMIC REQUIREMENTS: Senior High

In order to remain eligible for competitive interscholastic activity, a student must have passed (4) academic courses the previous semester and either:

1. Have earned a minimum Grade Point Average (GPA) of 2.0 from all academic courses the previous semester; or
2. If the student has passed four (4) academic courses the previous semester but does not have a 2.0 GPA the student must be enrolled and successfully participating in an SIP to maintain their competitive interscholastic extracurricular eligibility.

STUDENTS WITH AN INDIVIDUAL EDUCATION PROGRAM

In order to be considered eligible to participate in competitive interscholastic activities, students with disabilities must pass at least four (4) courses per semester as required by their individual education program (IEP).

Homeless Students

Students who are determined to be experiencing homelessness by the school's homeless LEA shall be eligible for participation in interscholastic activities.

ARKANSAS ACTIVITIES ASSOCIATION

In addition to the foregoing rules, the district shall abide by the rules of AAA governing interscholastic activities. AAA provides catastrophic insurance coverage for students participating in AAA governed extracurricular activities who are enrolled in school. As a matter of District policy, no student may participate in a AAA governed extracurricular activity unless the student is enrolled in a district school, to ensure all students are eligible for AAA catastrophic insurance.⁶

Intrascholastic Activities

AAA Governed Activities

Students participating in intrascholastic extracurricular activities that would be governed by AAA if they were to occur between students of different schools shall meet all interscholastic activity eligibility requirements to be eligible to participate in the comparable intrascholastic activity. The District will abide by the AAA Handbook for such activities to ensure District students are not disqualified from participating in interscholastic activities.⁷

Non-AAA Governed Activities

Unless made ineligible by District policies, all students shall be eligible to participate in non-AAA governed intrascholastic extracurricular activities. Intrascholastic activities designed for a particular grade(s) or course(s) shall require the student to be enrolled in the grade(s) or course(s).

School Choice Transfers

A student who transfers under a legal school choice option shall not be denied participation in an extracurricular activity where the student transfers based exclusively on the student's decision to transfer. A student who transfers after June 1 of the year the student enters grades seven through ten (7-10) shall complete a Changing Schools/Athletic Participation form as defined by AAA, which must be signed by the:

- Superintendent of the student's resident school district;
- Superintendent of the nonresident school district to which the student transfers; and
- Parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student.

The completed Changing Schools/Athletic Participation form shall be filed with the non-resident school district where the student transfers and the AAA. The Changing Schools/Athletic Participation form shall be signed by the superintendent of a student's resident school district and the superintendent of the nonresident school district to which a student transfers unless there is demonstrable evidence of recruiting by the receiving school district personnel or that the student is transferring to the nonresident school district solely for athletic purposes.

A student who transfers into the District and is enrolled in the District by June 1 of the school year the transfer student will be enrolled in grade seven (7), eight (8), nine (9), or ten (10) shall be immediately eligible to participate in an extracurricular activity that is an athletic activity. If a transfer student is not enrolled in the District by June 1 of the school year the student will be enrolled in grade seven (7), eight (8), nine (9), or ten (10), then the transfer student shall not be eligible to participate in an extracurricular activity that is a varsity athletic activity for up to three hundred sixty-five (365) days.

NOTES: The standards as outlined above are minimum standards and can be raised locally if desired. If your district does not offer a SIP, delete the references to it in your policy.

AAA standards allow a student to participate in an SIP for a maximum of two (2) consecutive semesters and require the student to improve the student's GPA by at least 10% by the end of the first semester to remain eligible for the second semester. By the end of the second semester, the student must have attained a 2.0 GPA to be eligible for competitive interscholastic activities. Following one or more semesters where the student has attained a 2.0 GPA, this cycle may be repeated.

¹ The definition for **interscholastic** activities is effectively taken from the AAA Handbook and is the origin for the extrapolated definition of **intrascholastic** activities. When it comes to implementing this policy, it may be important/helpful to keep in mind that the Handbook also points out the following: Performance activities such as band, speech, drama, etc. may be viewed as competitive arenas both internally (ratings by individual schools) and externally (comparisons of individual or school ratings with a view toward determining an ultimate winner). Additionally, both inter and intra scholastic activities may be curricular if the activity is required as part of the course.

² While the Standards for Accreditation no longer expressly requires a policy that "shall limit and control interruptions of instructional time in the classroom and the number of absences for such activities", we believe that restrictions on the interruption of instructional time to be a best practice. You could replace "one (1) per week per extracurricular activity" with a specific number of days per semester that could also allow the student to "bank" or accumulate days in anticipation of a major event.

³ This sentence is optional, but it would keep the policy from having "zero tolerance" (which we do not support) and give you latitude to accommodate instances beyond the student's control such as a car accident, serious illness, or other acts of God. If you choose to include the sentence, you may change "Superintendent" to "Principal" if that would work better in your district. Be sure to align your decision for this footnote with the decision you have made on the same issue that exists in policies 4.55 and 4.56.1.

⁴ This paragraph is entirely optional. Participation in extracurricular activities is not a right, and districts may legally place conditions on a public school student’s eligibility for participation (such as testing compliance), but districts cannot deny a diploma to an otherwise qualified student or deny a student the ability to attend school. If you choose to include the paragraph, the third to the last sentence may be amended to apply to a timeline of your choice.

⁵ This paragraph is not statutorily required, but has been added to align with Policies 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS and 4.56.3—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR PRIVATE SCHOOL STUDENTS with the belief that such information will benefit all students.

⁶ This also applies to home schooled and private school students and is cleverly accommodated by an adjustment to APSCN reporting outlined in Commissioner's Memo FIN-14-11 or Commissioner’s Memo COM-18-009 if the student is also taking courses in accordance with Policy 4.59.

⁷ Districts should be aware that the AAA handbook contains rules prohibiting students who participate on school sponsored teams of the following interscholastic activities from being permitted to participate in practices and competitions for the same sport during the same season of the interscholastic activity:

- a. Football;
- b. Basketball;
- c. Baseball;
- d. Softball; and
- e. Volleyball.

4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS

Home-schooled student means a student legally enrolled in an Arkansas home school and who meets or has met the criteria for being a home-schooled student, as established by A.C.A. § 6-15-503.

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

Each school in the District shall post on its website its schedule of interscholastic activities, including sign-up, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.¹

Home-schooled students whose parents or guardians are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone² as permitted by this policy.

Home-schooled students whose parent or legal guardian are not residents of the school district will be permitted to pursue participation in an interscholastic activity in the District if: The superintendent of the student's resident district and the superintendent of the District both agree in writing to allow the student to participate in interscholastic activities at the District; or

- The student's resident school does not offer the interscholastic activity and the superintendent of the non-resident district agrees to allow the student to enroll in the interscholastic activity.

Although not guaranteed participation in an interscholastic activity, home-school students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the home-schooled student is unable to meet because of the student's enrollment in a home school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students. Additionally, the student shall demonstrate academic eligibility by obtaining a minimum test score of the 30th percentile or better in the previous 12 months on the Stanford Achievement Test Series, Tenth Edition; another nationally recognized norm-referenced test; or a minimum score on a test approved by the State Board of Education.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one non-academic course³ in the District's school where the student is intending to participate in an interscholastic activity that coincides with the interscholastic activity in which the homeschooled student participates and shall be required to be at school only

when participation in the interscholastic activity requires other students who participate in the interscholastic activity to be at school.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A home-schooled student who has met the try out criteria; and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- standards of behavior and codes of conduct;
- attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- required drug testing;⁴
- permission slips, waivers, physical exams; and
- participation or activity fees.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

A home schooled student may begin participating in an interscholastic activity immediately upon being approved to participate by the District if:

- The home schooled student has not withdrawn from an Arkansas Activities Association member school; or
- The student has withdrawn from an AAA member school and enrolled in a home school but did not participate in an interscholastic activity that is a varsity sport at the student's resident district prior to the student's withdrawal from the AAA member school.

A home schooled student shall not be eligible to participate for up to three hundred sixty-five (365) days if:

1. The District is the home schooled student's resident district and the home schooled student is not approved to participate in an interscholastic activity at the District by June 1 of the school year the student will be enrolled in grade seven (7), eight (8), nine (9), or ten (10);
2. The District is not the home schooled student's resident district and the home schooled student is not approved to participate in an interscholastic activity that is a varsity athletic activity at the District by June 1 of the school year the student will be enrolled in grade seven (7), eight (8), nine (9), or ten (10); or
3. The home schooled student withdrew from an AAA member school and participated in an interscholastic activity that is a varsity athletic activity at the student's resident district during

the previous three hundred sixty-five (365) days and is seeking to participate in an interscholastic activity that is a varsity athletic activity in the District.

A student who is prohibited from participation in an interscholastic activity due to number 1 shall not become eligible to participate in any interscholastic activity until the completion of the three hundred sixty-five (365) day period. A student who is prohibited from participation in an interscholastic activity that is a varsity athletic activity due to numbers 2 or 3 shall not be eligible for full participation in an interscholastic activity that is a varsity athletic activity until the completion of the three hundred sixty-five (365) day period. A student who is not eligible for full participation may participate in tryouts, practices, classes, or other endeavors associated with the interscholastic activity until the completion of the three hundred sixty-five (365) day period

Notes: ¹ This paragraph is not statutorily required, but without advance determination of the timelines, there will be no way for a parent to know when, or even for what semester, they will have to make their application to the district. Such information will benefit all students.

² Only include "or their applicable attendance zone's school" if your district has more than one school per grade configuration.

³ You can only **require** one course, but a district may permit a student to register for more than one course.

⁴ Include "drug testing" only if your district conducts such tests.

4.56.3—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR PRIVATE SCHOOL STUDENTS

Interscholastic activity means an activity between schools subject to rules of the Arkansas Activities Association that is outside the regular curriculum of the school district, such as an athletic activity, fine arts program, or a special interest group or club.

"Private school" means a nonpublic elementary or secondary school that is a registered nonprofit and accredited or licensed by an accrediting association recognized by the State Board of Education.

"Private school student" means a student attending a private school.

Each school in the District shall post on its website its schedule of interscholastic activities, including signup, tryout, and participation deadlines, at least one semester in advance of those activities. A hard copy of the schedule shall be available upon request.¹

Private school students whose parents, legal guardians, persons having lawful control of the student, or persons standing in loco parentis are legal residents of the school district will be permitted to pursue participation in an interscholastic activity in the student's resident school zone² if the private school the student attends does not offer the interscholastic activity.

Although not guaranteed participation in an interscholastic activity, private students who meet the provisions of this policy, AAA Rules, and applicable Arkansas statutes shall have an equal opportunity to try out and participate in interscholastic activities without discrimination. The District shall provide a reasonable alternative to any prerequisite for eligibility to participate in an interscholastic activity that the private school student is unable to meet because of his or her enrollment in a private school.

No student shall be required to pay for individual or group instruction in order to participate in an interscholastic activity.

To be eligible to try out and participate in interscholastic activities, the student or the parent of a student shall mail or hand deliver the student's request to participate to the student's school's principal before the signup, tryout or participation deadline established for traditional students.

A student who meets the requirements for eligibility to participate in an interscholastic activity is required to register for no more than one non-academic course³ in the District's school where the student is intending to participate in an interscholastic activity that coincides with the interscholastic activity in which the private school student participates and shall be required to be at school only when participation in the interscholastic activity requires other students who participate in the interscholastic activity to be at school.

The student shall regularly attend the class in which the student is registered beginning no later than the eleventh (11th) day of the semester in which the student's interscholastic activity participation is desired. The student must attend the practices for the interscholastic activity to the same extent as is required of traditional students.

A student and the parent or legal guardian of the student shall sign and return an acknowledgement of receipt and review of an information sheet regarding signs and symptoms of sudden cardiac arrest before the student may participate in an athletic activity and before each school year the student participates in an athletic activity.

A private school student who has met the tryout criteria and who has been selected to participate in the interscholastic activity shall meet the following criteria that also apply to traditional students enrolled in the school:

- Standards of behavior and codes of conduct;
- Attend the practices for the interscholastic activity to the same extent as is required of traditional students;
- Required drug testing;⁴
- Permission slips, waivers, physical exams; and
- Participation or activity fees.

Students who participate in extracurricular or athletic activities under this policy will be transported to and from the interscholastic activities on the same basis as other students are transported.

Notes: ¹ This paragraph is not statutorily required, but without advance determination of the timelines, there will be no way for a parent to know when, or even for what semester, they will have to make their application to the district. Such information will benefit all students.

² Only include "zone" if your district has more than one school per grade configuration.

³ You can only **require** one course, but a district may permit a student to register for more than one course.

⁴ Include "drug testing" only if your district conducts such tests.

4.57—IMMUNIZATIONS

Definitions

"In process" means the student has received at least one dose of the required immunizations and is waiting the minimum time interval to receive the additional dose(s).

"Serologic testing" refers to a medical procedure used to determine an individual's immunity to Hepatitis B, Measles, Mumps, Rubella and Varicella.

General Requirements

Unless otherwise provided by law or this policy, no student shall be admitted to attend classes in the District who has not been age appropriately immunized against¹:

- Poliomyelitis;
- Diphtheria;
- Tetanus;
- Pertussis;
- Red (rubeola) measles;
- Rubella;
- Mumps;
- Hepatitis A;
- Hepatitis B;
- Meningococcal disease;
- Varicella (chickenpox); and
- Any other immunization required by the Arkansas Department of Health (ADH).

The District administration has the responsibility to evaluate the immunization status of District students. The District shall maintain a list of all students who are not fully age appropriately immunized or who have an exemption provided by ADH to the immunization requirements based on medical, religious, or philosophical grounds. Students who are not fully age appropriately immunized when seeking admittance shall be referred to a medical authority for consultation.

The only types of proof of immunization the District will accept are immunization records provided by a:

- A. Licensed physician;
- B. Health department;
- C. Military service; or
- D. Official record from another educational institution in Arkansas; or
- E. An immunization record printed off of the statewide immunization registry with the Official Seal of the State of Arkansas.

The proof of immunization must include the vaccine type and dates of vaccine administration. Documents stating "up-to-date", "complete", "adequate", and the like will not be accepted as proof of immunization. No self or parental history of varicella disease will be accepted as a history of varicella

disease must be documented by a licensed physician, advanced practice nurse, doctor of osteopathy, or physician assistant. Valid proof of immunization and of immunity based on serological testing shall be entered into the student's record.

In order to continue attending classes in the District, the student must have submitted:

- 1) Proof of immunization showing the student to be fully age appropriately vaccinated;
- 2) Written documentation by a public health nurse or private physician of proof the student is in process of being age appropriately immunized, which includes a schedule of the student's next immunization;
- 3) A copy of a letter from ADH indicating immunity based on serologic testing; and/or
- 4) A copy of the letter from ADH exempting the student from the immunization requirements for the current school year, or a copy of the application for an exemption for the current school year if the exemption letter has not yet arrived.

Students whose immunization records or serology results are lost or unavailable are required to receive all age appropriate vaccinations or submit number 4 above.

Temporary Admittance

While students who are not fully age appropriately immunized or have not yet submitted an immunization waiver may be enrolled to attend school, such students shall be allowed to attend school on a temporary basis only. Students admitted on a temporary basis may be admitted for a maximum of thirty (30) days (or until October 1st of the current school year for the tetanus, diphtheria, pertussis, and meningococcal vaccinations required at ages eleven (11) and sixteen (16) respectively if October 1st is later in the current school year than the thirty (30) days following the student's admittance). No student shall be withdrawn and readmitted in order to extend the thirty (30) day period. Students may be allowed to continue attending beyond the thirty (30) day period if the student submits a copy of either number 2 or number 4 above.

Students who are in process shall be required to adhere to the submitted schedule. Failure of the student to submit written documentation from a public health nurse or private physician demonstrating the student received the vaccinations set forth in the schedule may lead to the revocation of the student's temporary admittance; such students shall be excluded from school until the documentation is provided.

The District will not accept copies of applications requesting an exemption for the current school year that are older than two (2) weeks based on the date on the application. Students who submit a copy of an application to receive an exemption from the immunization requirements for the current year to gain temporary admittance have thirty (30) days from the admission date to submit either a letter from ADH granting the exemption or documentation demonstrating the student is in process and a copy of the immunization schedule. Failure to submit the necessary documentation by the close of the thirty (30) days will result in the student being excluded until the documentation is submitted.

Exclusion From School

In the event of an outbreak, students who are not fully age appropriately immunized, are in process, or are exempt from the immunization requirements may be required to be excluded from school in order

to protect the student. ADH shall determine if it is necessary for students to be excluded in the event of an outbreak. Students may be excluded for no fewer than twenty-one (21) days or even longer depending on the outbreak. No student excluded due to an outbreak shall be allowed to return to school until the District receives approval from ADH.

Students who are excluded from school are not eligible to receive homebound instruction unless the excluded student had a pre-existing IEP or 504 Plan and the IEP/504 team determines homebound instruction to be in the best interest of the student. To the extent possible, the student's teacher(s) shall place in the principal's office a copy of the student's assignments:

- for the remainder of the week by the end of the initial school day of the student's exclusion; and
- by the end of each school's calendar week for the upcoming week until the student returns to school.

It is the responsibility of the student or the student's parent/legal guardian to make sure that the student's assignments are collected.

Students excluded from school shall have five (5) school days from the day the student returns to school to submit any homework and to make up any examinations. State mandated assessments are not included in "examinations" and the District has no control over administering state mandated make-up assessments outside of the state's schedule. Students shall receive a grade of zero for any assignment or examination not completed or submitted on time.

Annually by December 1, the District shall create, maintain, and post to the District's website a report that includes the following for each disease requiring an immunization under this policy:

- The number of students in the District that were granted an exemption by the Department of Health from an immunization;
- The percentage of students in the District that were granted an exemption by the Department of Health from an immunization;
- The number of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH;
- The percentage of students within the District who have failed to provide to the public school proof of the vaccinations required and have not obtained an exemption from ADH; and
- The percentage of a population that must receive an immunization for herd immunity to exist.

4.58—FOOD SHARING AND ITS REMOVAL FROM FOOD SERVICE AREA

Food Sharing Table

The District has no food sharing system for food items other than milk and juice. Students who do not intend to drink milk or juice received as part of a meal may place the milk/juice in a designated ice-filled cooler located at the end of the service line where another student may retrieve it at no charge. Milk and juice may not be taken by another student unless the carton is unopened and was completely covered by ice while in the cooler. A student may not return to the cooler to place for sharing or retrieve an item after the student has left the service line.

At all times, the cooler will be under the supervision of the food service staff. Remaining items should be discarded at the end of the meal period, and no item is to remain in the cooler for longer than four (4) hours.

Removing Food Items From the Food Service Area

No student shall remove school provided food items from the food service area at the end of the meal period, especially milk, juice, and other items requiring temperature controlled environments.

Except for food service workers as required by their job duties, District employees may only remove school provided food items from the food service area when required by a 504 plan or a student's IEP.

4.59—ACADEMIC COURSE ATTENDANCE BY PRIVATE SCHOOL AND HOME SCHOOLED STUDENTS

The District allows private school and home schooled students whose parents, legal guardians, or other responsible adult with whom the student resides are residents of the District to attend academic courses offered By the District. The District will place a list of courses that a private school or home schooled student may request to attend on its website by: ¹

1. June 1 for courses to be offered during the Fall semester; and
2. November 1 for courses to be offered during the Spring semester.

A private school or home schooled student who desires to attend one or more of the available academic courses shall submit a written request to attend the academic course(s) to the superintendent, or designee, no later than: ¹

- a. August 1 for Fall semester courses; or
- b. December 1 for Spring semester courses.

The superintendent, or designee, is authorized to waive the application deadline on a case by case basis.

The District permits a private school or home schooled student to attend a maximum of six (6) courses per semester.

The District may reject a private school or home schooled student's request for attendance if the District's acceptance would: ²

- Require the addition of staff or classrooms;
- Exceed the capacity of a program, class, grade level, or school building;
- Cost the District more for the student to attend the academic course than the District receives for the student's attendance;
- Cause the District to provide educational services the District does not currently provide at a financial burden to the District; or
- Cause the District to be out of compliance with applicable laws and regulations regarding desegregation.

Requests to attend an academic course will be granted in the order the requests are received. Upon the receipt of a private or home schooled student's request to attend academic course(s), the District will date and time stamp the request for attendance. If a private school or home schooled student is denied attendance based on a lack of capacity and an opening in the requested course occurs prior to the start of the course, the District will use the date and time stamp on the request for attendance to determine the private school or home schooled student who will be notified of an opening in the requested course.

As part of the request to attend academic courses in the District, a private school or home schooled student shall:

- Indicate the course(s) the private school or home schooled student is interested in attending;
- If the course(s) the private school or home schooled student is interested in attending is being offered by the District in both a physical and a digital format, whether the private school or home schooled student intends to attend the physical course or the digital course;

- Submit, along with the student’s application, a copy of the student’s transcript indicating that the student has received credit for the course(s), or equivalent course(s), that are a prerequisite to the course(s) the student desires to attend at the District;
- Agree to follow the District’s discipline policies; and
- Submit immunization documentation required by Policy 4.57—IMMUNIZATIONS

A private school or home schooled student who fails to attend an academic course by the eleventh (11) day of class or who is absent without excuse for eleven (11) consecutive days during the semester shall be dropped from the course-; however, a private school or home schooled student shall not be considered truant for unexcused absences from the course(s) the student is attending at the District.

Private school or home schooled students shall receive a final grade and transcript for each academic course the student completes.

The responsibility for transportation of any private school or home schooled student attending academic courses in the District shall be borne by the student or the student’s parents.

The opportunity provided to home schooled students under this policy is in addition to the opportunity provided in Policy 4.56.2—EXTRACURRICULAR ACTIVITY ELIGIBILITY FOR HOME SCHOOLED STUDENTS.

Notes: This is **NOT** an optional policy. Districts who do not wish to open academic course attendance to private school or home schooled students are required to receive a waiver from the provisions of A.C.A. § 6-18-232 from the Division of Elementary and Secondary Education.

¹ The dates provided here are only suggestions and are not set by statute. You may advertise your course offerings for a shorter or longer period of time; or set the deadline for applications to match the traditional student enrollment deadlines.

² Your application of “capacity” should be consistent in order to avoid potential exposure to liability for unlawful discrimination against individuals with disabilities. For example, you should not choose to accept a student who requires no special services, but would require you to add an additional elementary teacher, but refuse to accept a student with a disability because it would require you to add an additional special education teacher.

4.60—STUDENT BEHAVIORAL INTERVENTION AND RESTRAINT

Definitions

"Aversive behavioral intervention" means a physical or sensory intervention program that is intended to modify behavior through the use of a substance or stimulus that the intervention implementer knows will cause physical trauma, emotional trauma, or both, to a student, even when the substance or stimulus appears to be pleasant or neutral to others.

Examples of aversive behavioral interventions include, but are not limited to:

- Hitting;
- Pinching;
- Slapping;
- Using a water spray;
- Using noxious fumes;
- Requiring extreme physical exercise;
- Using loud auditory stimulus;
- Withholding meals; and
- Denying reasonable access to toileting facilities.

"Behavioral intervention" means the implementation of a service, support, or strategy to teach and increase appropriate behavior or substantially decrease or eliminate behavior that is dangerous, inappropriate, or otherwise impedes the learning of a student.

"Behavior Intervention Plan" (BIP) means a written plan that:

- Is developed by a problem-solving and intervention team and delineates emotional, social, or behavioral goals for a student and the steps that the school, student, parent of the student, and others will take to positively support the progress of the student towards the student's emotional, social, or behavioral goals;
- Is comprised of practical and specific strategies to increase or reduce a defined behavior or one (1) or more patterns of behavior exhibited by a student; and
- Includes the following at a minimum:
 - A definition or description of the desired target behavior or outcome in specific measurable terms;
 - A plan for preventing and eliminating inappropriate student behavior by changing a condition that is triggering, motivating, underlying, or supporting that behavior as determined through a FBA;
 - A plan for teaching a student to demonstrate appropriate social, emotional, or behavioral self-management, or a new method to address or meet the student's needs;
 - A description of how a specific incentive or consequence will be used as needed to decrease or eliminate inappropriate student behavior and increase appropriate behavior;
 - A plan for managing a crisis situation;
 - A system to collect, analyze, and evaluate data about the student;
 - The school personnel, resources, and training needed before implementation of the BIP; and

- The timeline for implementing different facets of an intervention, including without limitation when the intervention will be formally reviewed.

"Chemical restraint" means the use of a drug or medication to control the behavior of a student or restrict the free movement of the student; however, chemical restraint does not include the use of medication that is prescribed by a licensed physician, or other qualified health professional acting within the scope of the individual's professional authority under state law, for the standard treatment of a medical or psychiatric condition of a student and is administered as prescribed by the licensed physician or other qualified health professional acting within the scope of the individual's professional authority under state law.

"Crisis" means a situation in which a student engages in a behavior that threatens the health and safety of the student or others and includes without limitation a situation in which the student becomes aggressive or violent at school and is unable to regain self-control without posing a danger of injury to the student or others.

"Crisis intervention" means the implementation of a service, support, or strategy to immediately stabilize a crisis and prevent the crisis from reoccurring after the crisis ends.

"Dangerous behavior" means the behavior of a student that presents an imminent danger of serious physical harm to the student or others; however, dangerous behavior does not include the following:

- Disrespect;
- Noncompliance;
- Insubordination; or
- Destruction of property that does not create an imminent danger.

"De-escalation" means the use of a behavior management technique that helps a student increase the student's control over the student's emotions and behavior and results in a reduction of a present or potential level of danger that in turn reduces the level of imminent danger of serious physical harm to the student or others.

"Emergency" means a serious and unexpected situation that requires immediate action and which may be dangerous.

"Functional Behavior Assessment" (FBA) means a problem analysis step that:

- Occurs within the context of data-based problem-solving and involves:
 - The review of existing records and other sources of information;
 - Diagnostic or historical interviews;
 - Structured academic or behavioral observations; and
 - Authentic, criterion-referenced, or norm-referenced tests; and
- Is performed with the goal of determining why a specific problem or situation is occurring in order to directly link a strategic intervention to an assessment and solve or resolve the specific problem or situation.

"Imminent danger" means an existing dangerous situation that could reasonably be expected to immediately cause death or serious physical harm.

"Mechanical restraint" means the use of a device or equipment to restrict the free movement of a student; however, mechanical restraint does not include a device that is used by trained school personnel or a student for a specific and approved therapeutic purpose or safety purpose for which the device was designed or prescribed or a vehicle safety restraint that is appropriately used in the manner for which it was designed during the transport of a student in a moving vehicle.

"Physical escort" means a temporary touching or holding of the hand, wrist, arm, shoulder, or back of a student for the purpose of redirecting or inducing the student to move to a safe location.

"Physical restraint" means a personal restriction that immobilizes or reduces the ability of a student to move the student's torso, arm, leg, or head freely; however, physical restraint does not include a physical escort.

"Prone restraint" means restraining a student in a face-down position on the floor or another surface and applying physical pressure to the body of the student to keep the student in the prone position.

"Serious physical harm" means bodily injury that involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ, or mental faculty.

"Supine restraint" means the restraint of a student in a face-up position on the student's back on the floor or another surface and with physical pressure applied to the body of the student to keep the student in the supine position.

Multi-Tiered Behavioral Interventions

The District shall establish a multi-tiered system of behavioral interventions for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior.

Behavior Intervention Team

A behavior intervention team (BIT) shall be established for each student who exhibits social, emotional, or behavioral difficulty that may escalate, if not addressed, to potentially dangerous behavior. The BIT shall include members who are academic and behavioral assessment and intervention professionals.

A student's BIT shall:

- a. Work with the teachers of a student to complete a FBA of the student and an assessment of any problematic situations involving the student;
- b. Consider the need for a BIP with the goal of preventing or resolving the social, emotional, or behavioral difficulty of the student and developing a response that will de-escalate and stabilize a potential emergency situation that approaches the danger level; and
- c. Regularly review the data on incidents involving the use of physical restraint on the student and adjust, as necessary, the procedures concerning the use of physical restraint on the student.

Special education procedures shall be followed if a student is suspected of having a disability that relates to behavioral concerns.

Physical Restraint

Except in the case of a clearly unavoidable emergency situation in which a trained member of school personnel is not immediately available due to the unforeseeable nature of the emergency situation, the physical restraint of a student shall only be used by a member of school personnel who is appropriately trained to administer physical restraint.

When using physical restraint on a student, school personnel shall:

- use the least restrictive technique necessary to end imminent danger or serious physical harm to a student and others;
- Use the safest method available and appropriate to the situation;
- Consider the health and safety of a student, including without limitation whether the student has an existing medical condition that makes the use of physical restraint inadvisable;
- Not restrict the ability of a student to communicate unless the use of a less restrictive technique will not prevent imminent danger of serious physical harm to the student or others;
- Use only the amount of force that is reasonably necessary to protect a student or others from imminent danger of serious physical harm to the student or others;
- Not verbally abuse, ridicule, humiliate, taunt, or engage in any other similar action towards the student; and
- continuously and visually observe and monitor the student while the student is under physical restraint.

Physical restraint of a student shall only be used for a limited period of time and shall not be used:

- When imminent danger or serious physical harm to the student or others dissipates;
- If a medical condition occurs that puts the student at risk of harm;
- Unless the behavior of the student poses an imminent danger of serious physical harm to the student or others;
- After the threat of imminent danger of serious physical harm to the student or others dissipates; or
- In the following manner:
 - To punish or discipline the student;
 - To coerce the student;
 - To force the student to comply;
 - To retaliate against the student;
 - To replace the use of an appropriate educational or behavioral support;
 - As a routine safety measure;
 - As a planned behavioral intervention in response to behavior of the student that does not pose an imminent danger of serious physical harm to the student or others;
 - As a convenience for school personnel; or
 - To prevent property damage unless the act of damaging property committed by the student poses an imminent danger or serious physical harm to the student and others.

Even in an emergency, supine restraint shall not be used on a student except by a staff person who has been certified by a crisis intervention training program and the certified staff person determines that supine restraint is required to provide safety for the student and others.

At no time shall school personnel use the following on a student:

-  Mechanical restraint;
-  Chemical restraint;
-  Aversive behavioral interventions that compromise health and safety;
-  Physical restraint that is life-threatening or medically contraindicated; or
-  Prone restraint or other restraint that restricts the breathing of a student.

Following the first incident of physical restraint used on a student, an FBA shall be conducted unless a previous FBA was conducted for the same behavior that was at issue when the physical restraint was used.

The use of physical restraint on a student as a planned behavioral intervention shall not be included in a student's IEP, 504 Plan, BIP, individual safety plan, or other individual planning document but may be considered as a crisis intervention if appropriate for the student. A student's IEP team or 504 Plan team shall consider whether an FBA should be performed; if a BIP should be developed for the student or if a student's existing BIP should be revised; and if additional behavioral goals and interventions should be included in the student's existing IEP or 504 Plan.

Parents may submit complaints regarding an incident involving the use of physical restraint on their student. A complaint shall be referred for review to the appropriate school personnel:

- The student's BIT;
- The student's IEP team; or
- The student's 504 Plan team.

A complaint by a parent shall be handled by the appropriate District staff in the same manner as a debrief following the use of physical restraint on a student.¹

Use of a physical restraint technique that is abusive shall be reported to the Child Abuse Hotline and law enforcement.

Reports and Debriefing

After the occurrence of an incident involving physical restraint of a student, the building principal, or the principal's designee, shall be notified of the incident as soon as possible but by no later than the end of the school day when the incident occurred.

The student's parent shall be notified of the incident of the use of physical restraint via verbal or electronic communication as soon as possible but by no later than the end of the school day when the incident occurred. In the event the student's parent is unable to be notified via verbal or electronic communication within twenty-four (24) hours after the incident occurred, then the parent shall be mailed written notification of the incident within forty-eight (48) hours after the incident occurred.

school personnel involved in the incident shall document the incident in a written report, which is to be completed within twenty-four (24) hours after the incident occurred. The written report of the incident shall:

1. Include all information contained in the Division of Elementary and Secondary Education (DESE) Physical Restraint or Seclusion Incident Record and Debriefing Report;
2. Be maintained in the student's education record; and
3. Be provided to the student's parent within one (1) school day of the completion of the report.

A debriefing meeting shall be held within two (2) school days after the incident occurred. The following school personnel shall be present at the debriefing meeting:²

- a. A member of school personnel who was present during the incident;
- b. A member of school personnel who was in the proximity of the student on whom physical restraint was used immediately before and during the time of the incident;
- c. A school administrator; and
- d. Any other member of school personnel determined to be appropriate by the District.

The purpose of the debriefing meeting shall be to:

- Determine whether the procedures used during the incident were necessary;
- Evaluate the use of any behavioral supports and de-escalation techniques by school personnel before and during the incident;
- Evaluate the school district's behavioral intervention procedures and prevention techniques in order to minimize future use of physical restraint; and
- If a trained member of school personnel was not immediately available due to the unforeseeable nature of the emergency situation when the incident occurred:
 - Reevaluate the training needs of school personnel;
 - Reevaluate the physical restraint policy and practices; and
 - Develop a plan to prevent a future incident.

At a debriefing meeting, school personnel shall:

1. Consider relevant information in the student's education record, including without limitation:
 - a. The concerns of the student's parent;
 - b. The student's social and medical history;
 - c. The student's FBA, if one exists; and
 - d. The student's BIP, if one exists;
2. Consider relevant information from the teachers, parents, and other District professionals;
3. Discuss whether the District's behavioral intervention procedures were appropriately implemented;
4. Discuss the duration and frequency of the use of physical restraint on the student;
5. Discuss appropriate action that may be taken to prevent and reduce the need for physical restraint;
6. Consider whether additional intervention and support is necessary for the student;
7. Consider whether additional intervention and support is necessary for school personnel; and
8. Consider how and when to debrief a person who was not present at the debriefing meeting, including without limitation:
 - a. The student;
 - b. The student's parent; and
 - c. Other school personnel or students who witnessed the incident.

DESE's Physical Restraint or Seclusion Incident Record and Debriefing Report, or an alternative report that includes the same information, shall be completed during the debriefing meeting. A copy of the report shall be:

- Submitted to the building principal;³
- Mailed to the student's parent within two (2) days of the date on which the debriefing meeting was held; and
- Maintained as part of the student's education record along with other documents consulted during the debriefing meeting.

Notes: A copy of the DESE Guidance on the Use of Restraint along with the Physical Restraint or Seclusion Incident Record and Debriefing Report can be found at:
<https://dese.ade.arkansas.gov/Offices/special-education/policy-regulations/guidance-and-resources>.

¹ There is nothing in the statute that requires the complaint to be handled in the same manner as a debriefing. This is intended only as a default method as you are required to have procedures governing the handling of a parental complaint. After consultation with appropriate staff, replace this language with your local procedures on how a complaint will be handled.

² While you can, and should, add additional staff members to the list of those required to attend a debriefing meeting, A.C.A. § 6-18-2407 requires these individuals be included at a minimum.

³ A.C.A. § 6-18-2407 requires that the debriefing report be submitted to a designated district administrator. If you would rather have all debriefing reports provided to one single individual at the district staff level instead of keeping them at the school level, replace this with the district level position to whom debriefing reports should be submitted.

4.61—STUDENT USE OF MULTIPLE OCCUPANCY ROOM

Definitions

"Multiple occupancy room" means an area in a District building that is designed or designated to be used by one (1) or more individuals at the same time and in which one (1) or more individuals may be in various stages of undress in the presence of other individuals, which includes, without limitation, a restroom, locker room, changing room, or shower room.

"Sex" means the physical condition of being male or female based on genetics and physiology, which may be demonstrated by the sex identified on a student's original birth certificate.

Each multiple occupancy room in a District building shall be designated as either male or female. Except as permitted by this policy, a student shall not enter a multiple occupancy room that does not correspond to the student's sex.

An individual who is unwilling or unable to use a multiple occupancy room designated for the individual's sex shall be granted a reasonable accommodation, which may include, without limitation, access to a single-occupancy restroom or changing area. A reasonable accommodation shall not include access to a restroom or changing area that is designated for use by members of the opposite sex to an individual while members of the opposite sex of the individual are present or may be present in the restroom or changing area.

The prohibitions in this policy do not apply to an individual who enters a multiple occupancy room designated for use by the opposite sex when the individual enters for any of the following reasons:

- custodial, maintenance, or inspection purposes;
- To render emergency medical assistance;
- To address an ongoing emergency, including without limitation a physical altercation;
- To accommodate individuals protected under the Americans with Disabilities Act; or
- To assist young children who are in need of physical assistance when using a restroom or changing facility that is located in the District.

4.62—STUDENT NAME, TITLE, OR PRONOUN

Unless a District employee has the written permission of the parent, legal guardian, person having lawful control of the student, or person standing in loco parentis to the student or the student if the student is an emancipated minor or over eighteen (18) years of age, a District employee shall not address a student with a:

1. Name other than that listed on the student's birth certificate, except for a derivative of the name; or
2. Pronoun or title that is inconsistent with the student's biological sex.

A student shall not be subject to discipline for declining to address a person using a:

- a. Name other than that listed on the student's birth certificate, except for a derivative of the name; or
- b. Pronoun or title that is inconsistent with the person's biological sex.

4.63—STUDENT RELIGIOUS EXPRESSION

The Salem School District Board of Directors does not allow the discrimination against a student based on a student's voluntary religious expression, if any. At the same time, the District shall provide a process to eliminate any actual or perceived sponsorship or attribution to the District of a student's public voluntary expression of a religious viewpoint, if any.

Student Assignments

Student assignments include, but are not limited to:

- Homework;
- Classwork;
- Artwork; and
- Other written or oral assignments.

A student may express the student's religious viewpoint, if any, in the student's assignments without discrimination based on the religious content, if any. A student's assignments shall:

1. Be graded and judged:
 - By ordinary academic standards of substance and relevance; and
 - Against other conventional, pedagogical topics as identified by the District curriculum; and
2. Not be penalized or rewarded based on the religious content, if any, of the student's assignments.

Accommodation will be considered for those portions of instructional activities in the schools that unduly burden a student's sincere religious belief provided such accommodation doesn't amount to a significant change in curriculum, program, or course of instruction and when it is possible that a substitution of equally rigorous material that advances the same instructional goals can be arranged. Parents and students are advised that such accommodations are easier to grant when the objection is to non-state mandated Standards material than if the material is required by the Standards.¹

A student or the student's parent can request the student's teacher accommodate the student's objection based on a religious belief to an instructional activity. Any such request must be made at least twenty-five (25) school days prior to the assignment's due date. Any objection must be raised in accordance with this policy's requirements or it will not be considered.²

Upon receiving such a request, the student's teacher shall determine within five (5) work days if an accommodation is possible under the provisions of this policy. If the teacher decides an accommodation cannot be made or if the student or the student's parent believes the accommodation to be unreasonable, the student or the student's parent may request a conference with the teacher and the teacher's principal. A requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The principal shall have five (5) working days in which to make a decision on the appeal. If the student, the student's parent, or the teacher is unsatisfied with the principal's decision, it may be appealed to the District Superintendent who shall convene a conference between the student, the parent and the teacher. The requested conference will occur at a time of mutual convenience, but no later than five (5) working days following the request. The Superintendent shall have five (5) working days in which to make a decision on the appeal which shall be final with no further right of appeal.

Student Presenters

A student's expression of a religious viewpoint, if any, on an otherwise permissible subject shall not be excluded from a forum, whether oral or in writing, where students are allowed to speak.

The District has the right to restrict student speech that is inappropriate in the school setting by being obscene, vulgar, offensively lewd, or indecent.

Review of written student forums shall be handled in accordance with Policy 4.14—STUDENT MEDIA AND THE DISTRIBUTION OF LITERATURE.

If the forum is a scheduled event with designated student speakers, the building principal shall have an opportunity to review pre-written remarks prior to the student's presentation at the scheduled forum. The principal may require the student to amend the student's remarks to the extent necessary to address any portions that are determined to be inappropriate. A student's refusal to amend the remarks that were determined to be inappropriate may be prohibited from participation in the forum. A student who diverts from the approved pre-written remarks during a speech in such a manner that is determined to be inappropriate by the building principal or another present District staff member may be asked to return to the approved remarks. If a student refuses to return to the approved remarks or continues to divert from the approved remarks in a manner that is determined to be inappropriate may be escorted from the forum and disciplined in accordance with the District's Student Code of Conduct.

If the timing or format of the forum does not provide for pre-written remarks to be reviewed, then the building principal or other District staff shall have the authority to address a student whose remarks are determined to be inappropriate. The building principal or District staff member shall initially ask the student to cease the inappropriate remarks. If the student refuses or makes additional inappropriate remarks after being directed to cease such remarks, Then the building principal or District staff member may escort the student from the forum and the student may be disciplined in accordance with the District's Student Code of Conduct

There shall be a disclaimer that a student speaker's speech does not reflect the endorsement, sponsorship, position, or expression of the District. The disclaimer shall be provided at all forums where students speak and at all graduation ceremonies. The disclaimer shall be provided orally or in writing as most appropriately fits the format of the forum.

Information on how to participate in a student forum shall be provided to all students.¹

In addition to the salutatorian and valedictorian selection process in Policy 5.17—HONOR ROLL AND HONOR GRADUATES, the following students may speak during the District's graduation ceremony:²

Notes: ¹ This paragraph, along with the following two paragraphs, are not required by law and can be deleted or amended as your district chooses. The goal, however, is to be proactive for the instances when such a request is made and to have established policy BEFORE the request.

² The goal of this paragraph is to keep a student from waiting until the last minute to make a request. For the timeline to be workable the teacher will obviously have to issue a class syllabus sufficiently far enough in advance to allow the time required for the appeal process to play out. The following are possible alternatives to the policy's suggested sentence:

- Pick a number less than five (5) for each phase of the appeal process. Be sure, however, that it allows sufficient time for each phase to realistically take place; or
- Replace the sentence with the following language:
The request must be made at least five (5) days prior to when the assignment is due. In the event of an appeal, the student will be given additional time to complete the original or alternative assignment, if offered, with no loss of credit or penalty for late work, at the conclusion of the appeal process.

4.64—STUDENT USE OF ARTIFICIAL INTELLIGENCE

Definitions

“Artificial Intelligence (AI) Tools” means Software applications or platforms that utilize machine learning algorithms to perform tasks typically requiring human intelligence, such as generating content, providing recommendations, or solving problems. For purposes of this policy, AI tools does not include the use of spell check or grammar check.

The purpose of this policy is to establish guidelines for the responsible use of AI tools by District students. The policy applies to all students enrolled in the District and covers the use of AI tools when completing District assignments or projects.

The district shall provide teachers and students resources and education on AI literacy and digital citizenship. The District shall establish a committee who shall be responsible for the review and selection of AI tools that shall be available for students to use. All AI tools selected by the committee shall comply with applicable state and federal data privacy laws. Students shall only use AI tools that were approved by the District committee for classroom assignments or projects.

Teachers are responsible for providing instructions on when and how AI tools may be used for classroom assignments. Students may use AI tools as approved by their classroom teacher to enhance learning and develop future-ready skills.

Students should use AI tools ethically and responsibly, aligning with the district’s educational objectives, and in a manner that does not harm themselves or others. As part of using AI tools responsibly, students should be cautious about the information they provide to AI tools and consult with a teacher if unsure. At no time shall Students share personal, sensitive, or confidential information with AI tools, especially AI tools requiring data input.

When a student uses AI tools, a student shall:

1. Review and verify the accuracy of content that is generated by an AI tool;
2. Cite AI tools used as part of an assignment or project as a source, following District citation guidelines; and
3. Be transparent about their use of AI in completing assignments.

Students must ensure all submitted work is their own and properly acknowledge or cite any assistance from AI tools. Students are encouraged to ask questions if they are unsure about the acceptable use of AI tools.

The following actions regarding AI tools are strictly prohibited:

- Misuse of AI tools for cheating, plagiarism, or any form of academic dishonesty, including the submission of assignments that were fully generated by an AI tool and presented as original student work;
- Altering or falsifying academic documents or records using AI tools;
- Using AI tools to:

4.65—ANTISEMITISM PROHIBITED

“Antisemitism” means a certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical and physical manifestations of antisemitism are directed toward Jewish or non-Jewish individuals and/or their property, toward Jewish community institutions and religious facilities. Antisemitism may be expressed in speech; writing; visual forms; and actions, and employs sinister stereotypes and negative character traits.

The following are examples of actions, when taken as a whole, that may constitute antisemitism:

- The targeting of the state of Israel, conceived as a Jewish collectivity;
- Charging Jews with conspiring to harm humanity;
- Calling for, aiding, or justifying the killing or harming of Jews in the name of a radical ideology or an extremist view of religion;
- Making mendacious, dehumanizing, demonizing, or stereotypical allegations about Jews as such or the power of Jews as collective — such as, especially but not exclusively, the myth about a world Jewish conspiracy or of Jews controlling the media, economy, government or other societal institutions;
- Accusing Jews as a people of being responsible for real or imagined wrongdoing committed by a single Jewish person or group, or even for acts committed by non-Jews;
- Denying the fact, scope, mechanisms (e.g. gas chambers) or intentionality of the genocide of the Jewish people at the hands of National Socialist Germany and its supporters and accomplices during World War II (the Holocaust);
- Accusing the Jews as a people, or Israel as a state, of inventing or exaggerating the Holocaust;
- Accusing Jewish citizens of being more loyal to Israel, or to the alleged priorities of Jews worldwide, than to the interests of their own nations;
- Denying the Jewish people their right to self-determination, e.g., by claiming that the existence of a State of Israel is a racist endeavor;
- Applying double standards by requiring of Israel a behavior not expected or demanded of any other democratic nation;
- Using the symbols and images associated with classic antisemitism (e.g., claims of Jews killing Jesus or blood libel) to characterize Israel or Israelis;
- Drawing comparisons of contemporary Israeli policy to that of the Nazis; or
- Holding Jews collectively responsible for actions of the state of Israel.

Antisemitism does not include criticism of Israel similar to the criticism leveled against any other country.

Discrimination and harassment based on antisemitism is expressly prohibited.

The District shall appoint an individual to act as the District’s Title VI Coordinator, who shall be responsible for investigating any complaints of discrimination or harassment based on antisemitism. The District shall:

1. Include contact information for the Title VI Coordinator in information that is provided to staff, students, and parents; and
2. Provide the following on the District website that may be accessed through a link titled “Antisemitism/Title VI”:
 - a. The District’s definition of antisemitism;
 - b. A statement that antisemitism is prohibited in the District’s educational programs and activities;
 - c. A statement that complaints of discrimination or harassment based on antisemitism may be filed with the Title VI Coordinator;
 - d. Contact information for the District’s Title VI Coordinator; and
 - e. Information on how to file a complaint of antisemitism with the Title VI Coordinator at the Arkansas Department of Education.

A student or a student’s parent may contact the District Title VI Coordinator directly with any complaints of discrimination or harassment based on antisemitism. District employees are responsible for timely notifying the District Title VI Coordinator of any complaints they receive or incidents they witness of discrimination or harassment based on antisemitism.

Complaints of discrimination or harassment based on antisemitism shall be investigated and handled in accordance with Policy 6.7—COMPLAINTS.

A student who is found to have violated the provisions of this policy may be subject to discipline, up to and including expulsion.

The District Title VI Coordinator shall report an incident or complaint of discrimination or harassment under this policy to the Arkansas Department of Education Title VI Coordinator.

In addition to the filing of a complaint under this policy, complaints of discrimination or harassment based on antisemitism may be submitted directly to the Title VI Coordinator at the Arkansas Department of Education.

Nothing in this policy shall be construed to diminish or infringe upon any right protected under the First Amendment to the United States Constitution or Arkansas Constitution, Article 2, §§ 4, 6, and 24.

Notes: In accordance with A.C.A. § 6-16-2002(1), the definition for antisemitism is taken from the definition adopted on May 26, 2016, by the International Holocaust Remembrance Alliance.

A.C.A. § 6-16-2003 encourages schools to:

- Incorporate antisemitism awareness training into any required anti-bias training for students, employees, administrators, and campus police; and
- Integrate Jewish-American heritage curriculum for students that incorporates Jewish experiences in the United States pre- and post-American Revolution; pre- and post-World War II and the Holocaust; and in modern times.
