

Salem Elementary Parental Engagement Plan 2025-2026

1: Jointly Developed Expectations and Objectives

Describe how the School works with parents and families to develop and review relevant plans, policies, and strategies related to engagement.

Guiding Questions

1.1: *How does the School - in collaboration with parents - establish an engagement plan that reflects the specific academic improvement needs of the School, and that includes programs and practices that enhance engagement and address the specific engagement needs of students and their families? [A.C.A. § 6-15-1702(a)]*

1.2: *What efforts have been made to ensure adequate representation of parents and families of participating children in the process (Title I families)? [ESSA § 1116(c)(3)]*

1.1 The Salem Elementary School will host the following events to involve parents in the joint development of its district and school parental engagement plans by allowing parents access, opportunity to review, and opportunity to provide feedback during:

- A. Annual Report to the Public in September
- B. Annual Title I Meetings in August and May
- C. Open House and Orientation in August
- D. Parent Meetings Ongoing
- E. Parent/Teacher Conferences in October and March
- F. Parent Surveys in May/June
- G. Annual Review of the Policies and Plans in the Spring semester
- H. Monthly Board Meetings

1.2 Approximately 65% of the families in our district are described as low socio-economic families. We make every effort to treat all families the same and offer the same opportunities to all families with children in Salem Elementary School.

2: Communication

Describe how the School will communicate with and distribute information to parents and families.

Guiding Questions

2.1: *How does the School distribute an informational packet appropriate for the age and grade of each child annually, ensuring to include:*

- *description of the engagement program*
- *recommended roles for parents, students, teacher, and the School*
- *ways for a family to get involved*
- *survey regarding volunteer interests*
- *schedule of activities planned throughout the school year*

- *regular, two-way, and meaningful system for parents/teachers to communicate*

[A.C.A. § 6-15-1702(b)(3)(B)(1)]

2.2: *How will the School ensure information related to school and parent programs, meetings, and other activities is provided to parents in a format and in a language that parents can understand (to the extent practicable)?*

- *how is relevant information provided in a variety of ways? (For example, paper copies made available, as well as social media posts, website links, parent apps, etc.)*

[ESSA § 1116(e)(5)]

2.3: *How does the School offer flexible opportunities for meetings with families?*

[ESSA § 1116(c)(2)]

2.1 The school will make informational packets available at the parent center throughout the school year. Information regarding volunteering will be available at the parent center, as well.

Policies and plans will be available to all parents, guardians, and community members on the website at www.salemschools.net. The website is ADA compliant. However, the district and schools will make every effort to ensure that the information provided is accessible and easy for all parents to understand.

The district and schools will use the Home Access Center (HAC) to inform parents and guardians about their children's grades and attendance. Parents can access lunch menus online or through the Nurtislice App. EZSchoolPay will allow parents and guardians private access to meal charges and payments. Renaissance Place will give parents and guardians access to their children's library selections.

The district and schools will use newsletters, Facebook, Twitter, and a phone messaging system to communicate with and keep parents and guardians up-to-date on their children's education and school functions.

Throughout the year, the schools will post new videos on the Salem School Parent Resource Video Series link. On that link, short videos are provided that explain curriculum, food service, and other day-to-day information that parents and guardians may be interested in knowing or understanding better.

2.2 Most of the school programs, like eTriton for example, provide options for forms or parent letters in multiple languages. Each year, in the back-to-school packets provided to all parents, a home language survey is included. The school will provide necessary resources to any families identified from the survey with another primary language other than English used in the home.

2.3 The elementary school will work with families to accommodate their schedules. For example, during Parent/Teacher Conferences multiple meeting times, methods, and days, if necessary, will be offered.

[ESSA § 1116(e)(3;14); A.C.A. § 6-15-1702(b)(5-7)]

3.1 The Salem Elementary School will, with the assistance of its schools and parents, educate its teachers, pupil services personnel, principals and other staff, in how to reach out to, communicate with, and work with parents as equal partners, in the value and utility of contributions of parents, and in how to implement and coordinate parent

programs and build ties between parents and schools.

Each year, during the back-to-school in-service week, professional development will be provided to all staff members regarding strategies (what has been successful at Salem Elementary and what has not) that will be implemented for the current school year.

The building principal will emphasize the most effective communication strategies for the Salem community.

The website will meet ADA standards for access to those needing assistance for accessing information. The elementary handbook does include information for complaint resolution.

4.1 The building principal, Lindsey Wiseman, will ensure that the high school provides information to participating parents in such areas as national, state, and local education goals. All parents will be invited to the Public Meeting to discuss curriculum, goals and testing data for the district. During the first parent/teacher conference in the fall, teachers will discuss the ACT Aspire results with the parents. Teachers will go over the areas where the child meets standards, as well as areas where the child needs remediation. Both in the fall and spring conference, teachers will discuss Star levels with each parent to look at the child's progress in reading. Before testing begins in the spring, each building will provide testing information to the parents in the form of testing tips. School notices will also be sent out to keep parents informed of the process. The building principal will also meet with all students prior to testing week to go over procedures and expectations. Parents will be contacted by messaging to make them aware of the same procedures and expectations, too.

4.2 Parents may contact the Federal Programs Coordinator to access information regarding the Schoolwide Title I program at Salem Schools. Information regarding Title I required components, accessing student progress and grades, and accessing teacher qualifications can be provided upon request. The same information will be shared during the Annual Report to the Public, during the Annual Title I Meeting, and during Parent/Teacher Conferences. Parents concerned about their child's progress may contact the building principal at any time to set up a meeting with the classroom teacher or teachers to discuss the academic progress.

4.3 Parents provide contact information for the principal to establish a close relationship. Procedures and other information are discussed and explained to the parents. The 7th grade also provides daily contact by using communication folders for every student. These go home everyday and the parents know to check folders for information. There is a preschool transition for students to meet the teachers, look at the building, and gather information about kindergarten.

4.4 Approximately 65% of the district is economically disadvantaged. The district is also extremely rural in terms of location and availability of parent resources. Realizing this, the district directs all communications with the same efforts and strategies to reach those parents. The district uses surveys, phone messaging, informative videos for parents on the website, social media,... The elementary and junior high aged students are provided communication folders to take home each day. Parents are informed at the beginning of the year to look for those folders. Student progress, informative notes, and other district information are communicated through the folders.

4.5 Each building has a parent information center. Various pamphlets, magazines, posters, and other forms of information are available. Most are free to take. Parents have access to school libraries, as well.

4.6 The department website tools and information are shared at the public events throughout the year. Each year, during the back-to-school professional development, teachers are provided meal planning training as well as physical activities to be used in the classroom and shared with parents for use at home. Malinda Mathis from the County Extension Office provides that training each year.

Both the high school and elementary schools will have literacy interventionists that will communicate strategies to parents regarding reading levels of their children and how to improve those levels. They will help develop plans for those not on level for the new 3rd grade requirement, as well as in each grade level.

5.1-5.2 The Salem Elementary School will continue to include members from local businesses, community members, churches, etc....on committees in order to get the opinions from these groups. The availability of resources from each group will be used to support families when determined that those resources are helpful by the district to meet the needs of students.

The district recognizes the many valuable partners in the Salem community will continue to foster those relationships.
